PREFACE    xv

1. An Introduction to Learning	1
THE GIFT OF KNOWLEDGE	1
A DEFINITION OF LEARNING	2
THE INSTINCTIVE BASIS OF BEHAVIOR	3
<i>The Search for Knowledge</i>	4
<i>The Interaction of Energy and Environment</i>	4
<i>The Importance of Experience</i>	9
Section Review	9
HABITUATION AND SENSITIZATION	10
<i>The Nature of Habituation and Sensitization</i>	12
<i>The Likelihood of Habituation and Sensitization</i>	13
OPPONENT-PROCESS THEORY	15
<i>Our Initial Reaction</i>	15
<i>The Intensification of the Opponent B State</i>	16
THE ETHICS OF CONDUCTING RESEARCH	17
<i>Conducting Research with Humans</i>	17
<i>The Use of Animals in Research</i>	18
Section Review	19

2. Theoretical Approaches to Learning	21
THURSDAY NIGHT OUT	21
HISTORICAL ORIGINS OF LEARNING THEORY	22
<i>Functionalism</i>	22
<i>Behaviorism</i>	23
Section Review	30
TRADITIONAL LEARNING THEORY	30
<i>S-R Associative Views</i>	31
Section Review	41
<i>A Cognitive Approach</i>	42
<i>Skinner's Behaviorist Methodology</i>	44
CONTEMPORARY DIRECTIONS FOR LEARNING THEORIES	45
Section Review	46
3. Principles of Pavlovian Conditioning	48
A LINGERING FEAR	48
ACQUISITION OF THE CONDITIONED RESPONSE	49
<i>The Conditioning Procedure</i>	49
<i>Measures of Conditioning</i>	53
<i>Conditioning Paradigms</i>	57
Section Review	59
<i>How Readily Is a Conditioned Response Learned?</i>	60
Section Review	72
EXTINCTION OF THE CONDITIONED RESPONSE	73
<i>Extinction Paradigm</i>	74
<i>How Rapidly Does a Conditioned Response Extinguish?</i>	74
<i>The Nature of the Extinction</i>	77
<i>Other Inhibitory Processes</i>	79
A CR WITHOUT A CS-UCS PAIRING?	82
<i>Higher-Order Conditioning</i>	83
<i>Sensory Preconditioning</i>	85

<i>Vicarious Conditioning</i>	87
<i>Section Review</i>	88
 4. Theories and Applications of Pavlovian Conditioning	90
DO YOU HAVE A LIGHT?	90
THE NATURE OF PAVLOVIAN CONDITIONING	91
<i>The Character of the Conditioned Response</i>	91
<i>Section Review</i>	100
<i>The Nature of the Conditioning Process</i>	101
<i>Section Review</i>	116
APPLICATIONS OF PAVLOVIAN CONDITIONING	117
<i>Systematic Desensitization</i>	117
<i>Explorations for the Future</i>	122
<i>Section Review</i>	125
 5. Principles and Applications of Appetitive Conditioning	127
A LOSS OF CONTROL	127
THE ACQUISITION OF AN APPETITIVE RESPONSE	128
<i>Skinner's Contribution</i>	128
<i>The Distinction between Instrumental and Operant Conditioning</i>	128
<i>Types of Reinforcers</i>	131
<i>Shaping</i>	133
<i>Schedules of Reinforcement</i>	135
<i>Section Review</i>	142
<i>How Readily Is an Operant or Instrumental Response Learned?</i>	143
<i>The Nature of Reinforcement</i>	151
<i>Section Review</i>	159
EXTINCTION OF AN OPERANT OR INSTRUMENTAL RESPONSE	160
<i>Extinction Paradigm</i>	160
<i>The Nature of Extinction</i>	161
<i>Resistance to Extinction</i>	162

APPLICATION: CONTINGENCY MANAGEMENT	171
<i>The Assessment Phase</i>	172
<i>Contingency Contracting Phase</i>	173
<i>Implementation of the Contingency Management Program</i>	174
<i>Section Review</i>	178
 6. Principles and Applications of Aversive Conditioning	181
THE PAIN OF FAILURE	181
THE AVERSIVENESS AROUND US	182
ESCAPE CONDITIONING	183
<i>The Escape from an Aversive Event</i>	183
<i>The Elimination of an Escape Response</i>	187
<i>Section Review</i>	189
THE AVOIDANCE OF AVERSIVE EVENTS	190
<i>Types of Avoidance Behavior</i>	190
<i>The Nature of Avoidance Learning</i>	192
<i>How Readily Is Avoidance Behavior Learned?</i>	198
<i>Application: Response Prevention or Flooding</i>	201
<i>Section Review</i>	203
PUNISHMENT	204
<i>Types of Punishers</i>	204
<i>The Effectiveness of Punishment</i>	205
<i>When Is Punishment Effective?</i>	207
<i>The Nature of Punishment</i>	212
<i>The Negative Consequences of Punishment</i>	214
<i>Application: The Use of Punishment</i>	219
<i>Section Review</i>	224
 7. <i>Biological Influences on Learning</i>	226
A NAUSEATING EXPERIENCE	226
GENERALITY OF THE LAWS OF LEARNING	227

A BEHAVIOR SYSTEMS APPROACH	228
ANIMAL MISBEHAVIOR	230
SCHEDULE-INDUCED BEHAVIOR	234
<i>Schedule-Induced Polydipsia</i>	234
<i>Other Schedule-Induced Behaviors</i>	236
<i>The Nature of Schedule-Induced Behavior</i>	237
<i>Does Schedule-Induced Behavior Occur in Humans?</i>	240
FLAVOR-AVERSION LEARNING	240
<i>The Selectivity of Flavor-Aversion Learning</i>	241
<i>Flavor-Aversion Learning in Humans</i>	242
<i>Nature of Flavor-Aversion Learning</i>	243
Section Review	245
IMPRINTING	246
<i>Infant Love</i>	246
<i>Other Examples of Imprinting</i>	248
<i>Nature of Imprinting</i>	249
THE AVOIDANCE OF AVERSIVE EFFECTS	254
<i>Species-Specific Defense Reactions</i>	254
<i>The Nature of Avoidance Learning</i>	256
THE BIOLOGY OF REINFORCEMENT AND PUNISHMENT	256
<i>Electrical Stimulation of the Brain</i>	257
<i>Reinforcement and Punishment Control Centers</i>	257
Section Review	265
<b>8. Stimulus Control of Behavior</b>	268
A CASE OF MISTAKEN IDENTITY	268
THE GENERALIZATION PROCESS	269
<i>Generalization Gradients</i>	270
<i>The Nature of the Generalization Process</i>	277
Section Review	279
DISCRIMINATION LEARNING	281

<i>Discrimination Paradigms</i>	283	
<i>An Insoluble Discrimination Problem</i>	286	
<i>Stimulus Selection</i>	287	
<i>The Nature of Discrimination Learning</i>	290	
<i>Section Review</i>	301	
THE IMPACT OF CONDITIONED STIMULI		303
<i>Pavlovian Occasion Setting</i>	303	
<i>Conditioned Stimuli and Operant/Instrumental Behavior</i>	305	
<i>Occasion-Setters and Operant/Instrumental Behavior</i>	309	
<i>Section Review</i>	311	
9. Cognitive Control of Behavior		313
THE INSURMOUNTABLE BARRIER		313
TOLMAN'S PURPOSIVE BEHAVIORISM		314
<i>Learning Principles</i>	314	
<i>Place versus Response Learning</i>	315	
<i>Is Reward Necessary for Learning?</i>	318	
THE CONCEPT OF AN EXPECTANCY		321
<i>A Mental Representation of Events</i>	321	
<i>Types of Mental Representations</i>	321	
<i>Section Review</i>	327	
A COGNITIVE VIEW OF DEPRESSION		328
<i>Learned Helplessness Theory</i>	328	
<i>An Attributional Model</i>	336	
<i>Hopelessness</i>	340	
<i>The Importance of Optimism</i>	340	
<i>Other Perspectives of Learning Helplessness</i>	341	
A COGNITIVE VIEW OF PHOBIC BEHAVIOR		343
<i>A Phobic's Expectancies</i>	343	
<i>The Importance of Our Experiences</i>	343	

<i>Application: Modeling Treatments of Phobia</i>	346
<i>An Alternative View</i>	348
<i>Section Review</i>	349
 10. Cognitive Learning Processes	 351
A DAY AT THE BEACH	351
THINKING	352
CONCEPT LEARNING	353
<i>The Structure of a Concept</i>	353
<i>Studying Concept Learning</i>	358
<i>Concept Learning in Animals</i>	358
<i>Theories of Concept Learning</i>	361
<i>Section Review</i>	367
PROBLEM SOLVING	368
<i>The Missionaries-and-Cannibals Problem</i>	368
<i>The Nature of the Problem</i>	370
<i>Defining the Problem</i>	371
<i>A Strategy for Solving Problems</i>	372
<i>Execution of the Strategy</i>	376
<i>The Problem Solved</i>	376
<i>The Consequences of Past Experience</i>	377
<i>Application: Becoming a Better Problem Solver</i>	379
<i>Section Review</i>	380
LANGUAGE	381
<i>The Nature of Language</i>	381
<i>The Structure of Language</i>	382
<i>Syntax: The Rules of Language</i>	383
<i>Acquisition of Language</i>	388
<i>Application: Teaching Chimpanzees Language</i>	391
<i>Section Review</i>	395

11. The Storage of Our Experiences	397
A FLEETING EXPERIENCE	397
MEASURES OF MEMORY	398
A THREE-STAGE VIEW OF MEMORY STORAGE	399
THE METAPHOR OF MEMORY PROCESSES	401
SENSORY REGISTER	401
<i>Iconic Memory</i>	402
<i>Echoic Memory</i>	408
SHORT-TERM STORE	412
<i>The Span of Short-Term Memory</i>	413
<i>Disrupting a Short-Term Memory</i>	415
<i>Short-Term Memory in Animals</i>	416
<i>Is There Really a Short-Term Store?</i>	419
<i>Section Review</i>	420
LONG-TERM STORE	421
<i>Episodic versus Semantic Memories</i>	421
<i>Procedural versus Declarative Memories</i>	424
<i>The Memory Consolidation Process</i>	425
<i>The Nature of Memory Storage</i>	431
<i>Anatomical Basis of Memory Formation</i>	438
<i>Section Review</i>	445
12. The Encoding of Our Experiences	447
A MEMORABLE EXPERIENCE	447
THE ANALYSIS OF AN EXPERIENCE	448
<i>Levels of Processing View</i>	448
<i>The Importance of Elaboration</i>	449
<i>The Importance of Distinctiveness</i>	449
THE ORGANIZATION OF OUR EXPERIENCES	450
<i>Chunking</i>	451
<i>Coding</i>	453

<i>The Association of Events</i>	458	
<i>Section Review</i>	467	
THE IMPORTANCE OF REHEARSAL		468
THE RECONSTRUCTION OF THE PAST		471
<i>Memory Reconstruction Studies</i>	471	
<i>The Accuracy of Eyewitness Testimony</i>	474	
<i>False Memory Syndrome</i>	476	
APPLICATION: MNEMONICS		478
<i>Method of Loci</i>	478	
<i>Peg Word System</i>	479	
<i>Remembering Names</i>	482	
<i>Section Review</i>	483	
 13. Memory Retrieval and Forgetting		485
A LOOK INTO THE PAST		485
ATTRIBUTES OF MEMORY		486
<i>The Function of an Attribute</i>	486	
<i>Types of Attributes</i>	486	
<i>Section Review</i>	500	
FORGETTING		501
<i>How Quickly We Forget</i>	501	
<i>Decay of a Memory</i>	503	
<i>Interference</i>	505	
<i>Interference and Working Memory</i>	513	
<i>Motivated Forgetting</i>	517	
<i>Anatomical Basis of Memory Retrieval</i>	519	
<i>Section Review</i>	521	
GLOSSARY	523	
REFERENCES	540	
INDEXES		
<i>Author Index</i>	600	
<i>Subject Index</i>	613
