

CONTENT

1	INTRODUCTION	5
1.1	State of art	5
1.1.1	<i>TD-EFIE Formulation and method of moments</i>	5
1.1.2	<i>Explicit scheme</i>	7
1.1.3	<i>Implicit scheme</i>	8
1.1.4	<i>TDIE and Laguerre polynomials</i>	8
1.2	Aims of the dissertation	9
2	MOT – IMPLICIT SOLUTION IN TIME DOMAIN	9
2.1	3-points backward difference implicit scheme	9
2.2	Properties and comparison of implicit schemes	10
2.3	Stability analysis	10
3	TDIE AND LAGUERRE POLYNOMIALS	11
3.1	Alternative formulation with Laguerre polynomials	11
3.2	Comparison of schemes with Laguerre polynomials	14
3.3	Evaluation of integrals	14
4	MODELING MICROWAVE STRUCTURES AND SYMETRICAL ANTENNAS IN TIME DOMAIN	15
4.1	Modeling microstrip structures	15
4.2	Modeling antennas with symmetrical feeding	18
5	CONCLUSION	20
6	REFERENCES	21
7	SELECTED PUBLICATIONS OF THE AUTHOR.....	22
