Preface	xvii
Acknowledgments	xix
Biography of Gabriella Baki	xxi
Biography of Kenneth S. Alexander	xxiii
1 General Concepts	1
Section 1: Basic Definitions, 1	
Learning Objectives, 1	
Key Concepts, 2	
What is Cosmetic Science? 2	
Basic Definitions, 4	
How is a Product's Intended Use Established in the United States? 10	
Popular Cosmetic Claims, 10	
A Special Category: Soap, 18	
Glossary of Terms for Section 1, 19	
Review Questions for Section 1, 20	
References, 23	
Section 2: Classification of Cosmetics and OTC Drug–Cosmetic Products.	
Cosmetic Ingredients and Active Ingredients used in Cosmetics and OTC	
Drug–Cosmetic Products, 25	
Learning Objectives, 25	
Key Concepts, 26	

Classification of Cosmetics and OTC Drug–Cosmetic Products, 26
Major Ingredient Types in Cosmetics and OTC Drug–Cosmetic Products
and their Functions, 28

Glossary of Terms for Section 2, 45

Review Questions for Section 2, 47

References, 49

Section 3: Dosage Forms for Cosmetics and OTC Drug–Cosmetic Products, 50

Learning Objectives, 50

Key Concepts, 51

What is a Dosage Form? 52

Dosage Forms for Cosmetic Applications, 53

Glossary of Terms for Section 3, 63

Review Questions for Section 3, 64

References, 67

2 Legislation for Cosmetics and OTC Drug–Cosmetic Products 69

Section 1: Current Rules and Regulations for Cosmetics and OTC Drug–Cosmetic Products in the United States and European Union, 69

Learning Objectives, 69

Key Concepts, 70

Introduction, 71

Regulation in the United States, 72

Regulation in the European Union, 80

Import of Products, 84

Recalls, 84

Glossary of Terms for Section 1, 85

Review Questions for Section 1, 85

References, 88

Section 2: Labeling Tutorial for Cosmetics and OTC Drug–Cosmetic Products Marketed in the United States, 90

Learning Objectives, 90

Key Concepts, 91

Introduction, 92

Definitions, 92

Cosmetic Products, 94

OTC Drug–Cosmetic Products, 98

INCI Naming, 101

How do you Know the Exact Composition of a Cosmetic Product or OTC
Drug–Cosmetic Product? 102

Glossary of Terms for Section 2, 103

Review Questions for Section 2, 104
References, 108

Section 3: Government and Independent Organizations in the Cosmetic Industry, 109

Learning Objectives, 109

Key Concepts, 109

Introduction, 110

Food and Drug Administration, 110

Center for Food Safety and Applied Nutrition, 111

Center for Drug Evaluation and Research, 111

Personal Care Product Council, 111

Cosmetic Ingredient Review Panel, 111

Federal Trade Commission, 112

European Commission, 112

Scientific Committee on Consumer Safety, 113

Cosmetics Europe – the Personal Care Association, 113

Glossary of Terms for Section 3, 113

Review Questions for Section 3, 114

References, 116

Section 4: Cosmetic Good Manufacturing Practices, 116

Learning Objectives, 116

Key Concepts, 117

Cosmetic Good Manufacturing Practices, 117

Glossary of Terms for Section 4, 122

Review Questions for Section 4, 123

References, 124

3 Skin Care Products

125

Introduction, 125

Section 1: Skin Anatomy and Physiology, 126

Learning Objectives, 126

Key Concepts, 127

Introduction, 127

Structure and Function of Human Skin, 128

Epidermis, 128

Dermis, 132

Hypodermis, 133

Moisture Content of Normal Skin, 133

Skin Flora and Skin pH, 135

Surface Charge of Normal Skin, 135

Skin Types, 136	
Skin Types Based on Hydration State and Lipid Content, 137	
Skin Types Based on Gender, 139	
Glossary of Terms for Section 1, 140	
Review Questions for Section 1, 141	
References, 144	
Section 2: Skin Cleansing Products, 147	
Learning Objectives, 147	
Key Concepts, 148	
Introduction, 149	
Types and Definition of Skin Cleansing Products, 150	
History of Using Skin Cleansing Products, 150	
How Skin Cleansing Products May Affect the Skin? 152	
Required Qualities and Characteristics and Consumer Needs, 154	
Cleansing Products – Basic Concepts, 155	
Classification Based on Chemical Nature and Mildness, 155	
Classification Based on Cleaning Principle, 156	
Classification Based on Foamability, 157	
Classification Based on Product Types, 157	
Typical Ingredients and Formulation of Skin Cleansing Products, 158	
Face, 158	
Body, 164	
Hand, 170	
Considerations When Selecting Skin Cleansing Products, 175	
Typical Quality Problems of Skin Cleansing Products, 176	
Evaluation of Skin Cleansing Products, 180	
Quality Parameters Generally Tested, 180	
Efficacy (Performance) Parameters Generally Tested, 190	
Ingredients Causing Safety Concerns, 191	
Packaging of Skin Cleansing Products, 194	
Glossary of Terms for Section 2, 194	
Review Questions for Section 2, 196	
References, 199	
Section 3: Skin Moisturizing Products, 204	
Learning Objectives, 204	
Key Concepts, 205	
Introduction, 206	
Types and Definition of Skin Moisturizers, 206	
History of Using Skin Moisturizers, 207	
How Skin Moisturizers May Affect the Skin? 208	
Required Qualities and Characteristics and Consumer Needs, 210	
Typical Ingredients and Formulation of Skin Moisturizers, 210	
Considerations When Selecting Skin Moisturizers, 219	

Typical Quality Issues of Skin Moisturizer Formulations, 220	
Evaluation of Skin Moisturizing Products, 220	
Packaging of Skin Moisturizers, 226	
Glossary of Terms for Section 3, 226	
Review Questions for Section 3, 227	
References, 230	
Section 4: Products for Special Skin Concerns – Aging and Acne, 232	
Learning Objectives, 232	
Key Concepts, 234	
Introduction, 234	
Part 1: Anti-Aging Products, 235	
Drug or Cosmetic? 238	
Typical Ingredients Used in Topical Anti-Aging Products, 238	
Formulation Considerations for Topical Anti-Aging Products, 243	
Formulation Challenges for Common Anti-Aging Ingredients, 247	
Safety Issues Regarding the Use of Topical Non-invasive Anti-Aging Ingredients, 248	
Part 2: Anti-Acne Products, 249	
Causes of Acne and Potential Exacerbating Factors, 251	
Symptoms and Types of Acne Vulgaris, 253	
Treatment of Acne Vulgaris, 255	
Formulation Considerations, 259	
Ingredients Causing Safety Concerns, 260	
Glossary of Terms for Section 4, 261	
Review Questions for Section 4, 262	
References, 265	
Section 5: Sun Care Products, 273	
Learning Objectives, 273	
Key Concepts, 274	
Introduction, 275	
Sun Protection Basics, 275	
Sun Protection Factor (SPF), 278	
Broad-Spectrum Protection, 280	
Water Resistance, 281	
Effects of Ultraviolet Radiation on the Human Body, 281	
Types and Definition of Sun Care Products, 283	
History of Using Sun Care Products, 284	
Required Qualities and Characteristics and Consumer Needs, 285	
Sunscreens, 286	
UV Filters, 286	
Additional Ingredients of Sunscreens, 288	
Product Forms, 289	
Optimizing Product Efficacy and Consumer Acceptance, 291	

After-Sun Preparations, 293	
Typical Quality Problems of Sun Care Products, 294	
Evaluation of Sun Care Products, 295	
Packaging of Sun Care Products, 303	
Glossary of Terms for Section 5, 304	
Review Questions for Section 5, 306	
References, 309	

Section 6: Deodorants and Antiperspirants, 315

Learning Objectives, 315

Key Concepts, 316

Introduction, 317

Anatomy and Physiology of Human Sweat Glands, 317

Types and Definition of Products Reducing Body Odor, 319

History of Using Deodorants and Antiperspirants, 320

How Deodorants and Antiperspirants May Affect the Human Skin and Body? 321

Required Qualities and Characteristics and Consumer Needs, 322

Types of Ingredients, Product Forms, and Formulation of Deodorants and Antiperspirants, 323

Typical Quality Problems of Deodorants and Antiperspirants, 329

Evaluation of Deodorants and Antiperspirants, 331

Packaging of Deodorants and Antiperspirants, 336

Glossary of Terms for Section 6, 336

Review Questions for Section 6, 337

References, 339

4 Color Cosmetics

345

Introduction, 345

Section 1: Lip Makeup Products, 346

Learning Objectives, 346

Key Concepts, 347

Introduction, 348

Anatomy and Physiology of Human Lips, 348

History of Using Lip Makeup Products, 349

Types and Definition of Lip Makeup Products, 350

How Lip Makeup Products May Affect the Human Lips? 352

Required Qualities and Characteristics and Consumer Needs, 352

Typical Ingredients of Lip Makeup Products, 353

Typical Lipstick Types, 356

Formulation of Lip Makeup Products, 356

Typical Quality Problems of Lip Makeup Products, 360

Evaluation of Lip Makeup Products, 363

Packaging of Lip Makeup Products, 366
Glossary of Terms for Section 1, 366
Review Questions for Section 1, 367
References, 370

Section 2: Eye Makeup Products, 371

Learning Objectives, 371

Key Concepts, 372

Introduction, 372

Anatomy and Physiology of Human Eyelids and Eyelashes, 373

History of Using Eye Makeup Products, 374

Types and Definition of Eye Makeup Products, 375

How Eye Makeup Products May Affect the Eye Area? 375

Required Qualities and Characteristics and Consumer Needs, 377

Typical Ingredients and Formulation of Eye Makeup Products, 378

Typical Quality Problems of Eye Makeup Products, 385

Evaluation of Eye Makeup Products, 386

Packaging of Eye Makeup Products, 391

Glossary of Terms for Section 2, 392

Review Questions for Section 2, 393

References, 395

Section 3: Facial Makeup Products, 397

Learning Objectives, 397

Key Concepts, 398

Introduction, 398

Types and Definition of Facial Makeup Products, 399

History of Using Facial Makeup Products, 400

How Facial Makeup Products May Affect the Skin? 400

Required Qualities and Characteristics and Consumer Needs, 402

Typical Ingredients and Formulation of Facial Makeup Products, 403

Powder Makeup Products for the Face, 403

Typical Quality Problems of Facial Makeup Products, 410

Evaluation of Facial Makeup Products, 410

Packaging of Facial Makeup Products, 411

Glossary of Terms for Section 3, 412

Review Questions for Section 3, 413

References, 414

Section 4: Nail Care Products, 416

Learning Objectives, 416

Key Concepts, 417

Introduction, 417

Anatomy and Physiology of Human Nails, 418

History of Using Nail Care Products, 420

Types and Definition of Nail Care Products,	421
How Nail Care Products May Affect the Human Nails?	422
Required Qualities and Characteristics and Consumer Needs,	423
Functional Nail Care Products,	424
Typical Quality Problems of Nail Care Products,	433
Evaluation of Nail Care Products,	434
Packaging of Nail Care Products,	439
Glossary of Terms for Section 4,	440
Review Questions for Section 4,	441
References,	443

5 Hair Care Products

447

Introduction, 447

Section 1: Hair Anatomy and Physiology, 448

Learning Objectives, 448

Key Concepts, 449

Introduction, 449

Structure and Function of Human Hair, 450

Hair Growth Cycle and Hair Loss, 453

Chemical Composition of Human Hair, 455

Physical Properties of Human Hair, 457

Hair Weathering, 457

Hair Types, 458

Glossary of Terms for Section 1, 460

Review Questions for Section 1, 461

References, 463

Section 2: Hair Cleansing and Conditioning Products, 464

Learning Objectives, 464

Key Concepts, 465

Introduction, 466

Types and Definition of Hair Cleansing and Conditioning Products, 466

History of Using Shampoos and Hair Conditioning Products, 467

How Hair Cleaning and Conditioning Products May Affect the Hair and Scalp? 467

Required Qualities and Characteristics and Consumer Needs, 469

Hair Cleansing Products, 470

Hair Conditioners, 476

Types of Conditioners, 478

Typical Quality Problems of Shampoos and Hair Conditioners, 479

Evaluation of Shampoos and Hair Conditioners, 480

Packaging of Shampoos and Hair Conditioners, 482

Glossary of Terms for Section 2, 482

Review Questions for Section 2, 483

References, 485

Section 3: Hair Styling Products, Hair Straightening Products, and Hair Waving Products, 487

Learning Objectives, 487

Key Concepts, 489

Introduction, 489

Types and Definition of Hair Styling Products, Hair Straightening Products, and Hair Waving Products, 490

History of Using Hair Styling Products, 491

How Hair Styling Products and Procedures May Affect the Human Hair and Scalp? 492

Required Qualities and Characteristics and Consumer Needs, 494

Hair Styling Formulations, 495

Hair Styling Procedures, 499

Typical Quality Problems of Hair Styling Products, 507

Evaluation of Hair Styling Products, 507

Glossary of Terms for Section 3, 515

Review Questions for Section 3, 516

References, 518

Section 4: Hair Coloring Products, 522

Learning Objectives, 522

Key Concepts, 523

Introduction, 524

Types and Definition of Hair Coloring Products, 524

History of Using Hair Coloring Products, 525

How Hair Coloring Products May Affect the Scalp and Hair? 526

Required Qualities and Characteristics and Consumer Needs, 527

Current US Regulation on Hair Dyes, 528

Types, Typical Ingredients, and Formulation of Hair Coloring Products, 529

Typical Quality Problems of Hair Coloring Products, 536

Evaluation of Hair Coloring Products, 536

Packaging of Hair Coloring Products, 537

Glossary of Terms for Section 4, 538

Review Questions for Section 4, 539

References, 541

6 Oral and Dental Care Products

545

Introduction, 545

Learning Objectives, 546

Key Concepts, 547

Anatomy and Physiology of the Human Oral Cavity, 548	
Brief Review of the Most Common Oral and Dental Care Problems, 551	
History of Using Oral and Dental Care Products, 553	
Types and Definition of Oral and Dental Care Products, 554	
How Oral and Dental Care Products May Affect the Teeth and the Oral Cavity? 555	
Required Qualities and Characteristics and Consumer Needs, 556	
Toothpaste, 557	
Ingredients, 557	
Rheology of Toothpaste Formulations, 563	
Formulation of Toothpaste, 564	
Mouthwash, 566	
Ingredients, 566	
Formulation of Mouthwash, 568	
Other Products, 568	
Tooth Whitening Aids, 568	
Tooth Powders, 570	
Dental Floss, 570	
Typical Quality Problems of Oral and Dental Care Products, 571	
Hardening, 571	
Inappropriate Viscosity, 571	
Grittiness, 572	
Cloudy Solution, 572	
Evaluation of Dental and Oral Care Products, 572	
Quality Parameters Generally Tested, 572	
Efficacy (Performance) Parameters Generally Tested, 573	
Ingredients Causing Safety Concern, 574	
Packaging of Dental and Oral Care Products, 575	
Glossary of Terms for Chapter 6, 576	
Review Questions for Chapter 6, 577	
References, 580	

7 Other Products

585

Introduction, 585

Section 1: Hair Removal Products, 586

Learning Objectives, 586

Key Concepts, 587

 Introduction, 588

 Brief Review of the Structure and Function of Human Hair, 588

 History of Using Hair Removal Products, 589

 Possible Methods for Removing Hair, 590

 Types and Definition of Hair Removal Products, 594

 How Hair Removal Products May Affect the Skin and Hair? 595

- Required Qualities and Characteristics and Consumer Needs, 597
- Product Types, Typical Ingredients, and Formulation of Hair Removal Products, 598
- Typical Quality Problems of Hair Removal Products, 607
- Evaluation of Hair Removal Products, 607
- Packaging of Hair Removal Products, 608

Glossary of Terms for Section 1, 608

Review Questions for Section 1, 609

References, 611

Section 2: Baby Care Products, 613

Learning Objectives, 613

Key Concepts, 614

Introduction, 615

Anatomical and Physiological Differences between Baby and Adult Skin and Hair, 615

Types and Definition of Baby Care Products, 618

History of Using Baby Care Products, 618

How Baby Care Products May Affect Baby Skin and Hair? 619

Required Qualities and Characteristics and Consumer Needs, 621

Types, Typical Ingredients, and Formulation of Baby Care Products, 621

Typical Quality Problems of Baby Care Products, 629

Evaluation of Baby Care Products, 629

Packaging of Baby Care Products, 631

Glossary of Terms for Section 2, 632

Review Questions for Section 2, 632

References, 634

Section 3: Sunless Tanning Products, 639

Learning Objectives, 639

Key Concepts, 639

Introduction, 640

Types and Definition of Sunless Tanning Products, 640

History of Using Sunless Tanning Products, 641

Required Qualities and Characteristics and Consumer Needs, 641

How Sunless Tanners May Affect the Human Body? 642

Sunless Tanning Products, 644

Formulation Concerns, 646

Typical Quality Problems of Sunless Tanning Products, 648

Evaluation of Sunless Tanning Products, 648

Packaging of Sunless Tanning Products, 649

Glossary of Terms for Section 3, 649

Review Questions for Section 3, 650

References, 651

Section 4: Feminine Hygiene Products, 653

Learning Objectives, 653

Key Concepts, 654

Introduction, 655

Anatomy and Physiology of the Female Genital Area, 655

Types and Definition of Feminine Hygiene Products, 658

History of Using Feminine Hygiene Products, 659

How Feminine Hygiene Products May Affect the Human Body and Genital Area? 660

Required Qualities and Characteristics and Consumer Needs, 662

Types, Typical Ingredients, and Formulation of Feminine Hygiene Products, 663

Typical Quality Problems of Feminine Hygiene Products, 668

Evaluation of Feminine Hygiene Products, 668

Packaging of Feminine Hygiene Products, 670

Glossary of Terms for Section 4, 671

Review Questions for Section 4, 672

References, 674
