

CONTENTS

Foreword.....	5
The Conference of Arctic Countries on Coordination of Research in the Arctic. General Summary.....	7
Предисловие.....	11
Конференция приарктических государств по координации научных исследований в Арктике (Ленинград, 12-15 декабря 1988 г.) Заключительный Документ.....	13
J.M.Gvishiani, V.M.Kotlyakov. Experience and prospects of international cooperation in investigation and development of the Arctic.....	17
Yu.A.Israel, A.F.Treshnikov, B.A.Krutskikh, Ye.G.Nikifor- rov, A.N.Chilingarov. Arctic research and its role in the solution of global problems.....	24
UPPER ATMOSPHERE AND NEAR SPACE: VARIATIONS IN THE ARCTIC IONOSPHERE, MAGNETIC PROCESSES AND AURORA	
K.Lassen. Geophysical activities in Greenland of the Danish Meteorological Institute.....	32
V.A.Troitskaya. Dynamics of spatial and temporal varia- tions of electromagnetic processes in the Arctic (wave phenomena).....	40
O.M.Raspopov. Study of geophysical processes in the Polar cusp is a key-problem of solar-terrestrial relation investigation in the Arctic.....	44
C.Sucksdorff. Aurora-related studies in Finland 1988.....	47
AIR-SEA HEAT EXCHANGE AND ITS ROLE IN THE HEAT BALANCE OF THE NORTHERN HEMISPHERE	
G.V.Alekseyev, B.A.Krutskikh, A.P.Makshtas, A.P.Nagurny, Ye.G.Nikiforov, V.G.Savtchenko. Studying large-scale ocean-atmosphere interaction in the Earth's Polar regions.....	53

G.V.Alekseyev, A.P.Makshtas, A.P.Nagurny, Ye.G.Nikiforov, V.A.Romantsov, A.V.Yanes. Studies of sea-air inter- action in the North-European Basin.....	63
---	----

WATER CIRCULATION IN THE ARCTIC OCEAN

N.Yu.Doronin, A.Yu.Proshutinsky. Numerical modelling of the Arctic Ocean water dynamics.....	76
G.A.Semyonov. Numerical modelling of large-scale circulation in the North-European Basin.....	85
G.V.Alekseyev, P.V.Bogorodsky, A.P.Nagurny. Thermohaline structure, water circulation and deep winter convection in the Greenland Sea stationary gyre.....	87
M.Yu.Kulakov, V.K.Pavlov. Studying the mechanism of forma- tion of shallow sea water circulation in the Arctic Ocean.....	89

ARCTIC SEA ICE

R.G.Barry. Arctic sea ice and its variability.....	91
A.Ya.Buzuyev, Z.M.Gudkovich. Urgent problems in studying sea ice in the Arctic Ocean.....	101
T.Jakobsson. Sea ice off the Icelandic coasts.....	106
A.N.Kapustin, A.P.Metalnikov, P.A.Nikitin, Yu.N.Sinyurin, B.P.Himich, A.N.Chilingarov. TAIS system and scientific-and-operational support of navigation.....	110
V.A.Likhomanov, A.N.Ilchuk, D.V.Faddeev. Long-term trends in studies of engineering constructions and ice interaction process.....	114
S.Loset, T.Carstens, Th.McClimans. Impact of ice on petro- leum exploration in the Barents Sea.....	119
B.Erlingsson. Sea ice deformations in the proximity of coasts.....	129
B.Arnason. The possible use of deuterium and oxygen-18 to identify sea masses and to trace the origin and drifting of sea ice.....	137

V.I.Smirnov. The Arctic Ocean sea ice massifs.....	147
I.L.Appel , Z.M.Gudkovich, E.O.Aksenov, S.Yu.Nikolayev, D.A.Speransky. Simulation of ice movement in the Arctic Basin over long-term periods.....	149
V.P.Korobeinikov, A.V.Marchenko, N.R.Sibgatullin. The influ- ence of wave processes and instabilities under sea ice cover on formation of pools of open water.....	151

ARCTIC CLIMATE AND ITS VARIATIONS

A.I.Voskresensky, Ye.I.Aleksandrov, N.N.Bryazgin, L.P.Burova, T.G.Wangengeim, G.I.Baranov, A.A.Dementyev, M.S.Mar- shunova, L.S.Petrov. Arctic climate and its variations: aspects of international cooperation.....	153
G.Weller. Detecting global change in the Arctic.....	163
N.D.Vinogradov, A.A.Dmitriyev, M.Sh.Bolotinskaya. Many-year variability of general circulation structure and the character of its display in atmospheric processes over the Polar Zone.....	170
L.Midttun, H.Loeng. Climatic variations in the Barents Sea...	176
V.Ye.Lagun, A.Yu.Poroshin, V.F.Romanov. Diagnostic studies of many-year conditions of atmospheric circulation dynamics and energetics in Polar regions.....	192
V.V.Ivanov. The Arctic water resources and their studies: the state-of-the-art and future plans.....	193

AIR AND SEA POLLUTION IN THE HIGH LATITUDES.

GENERAL PROBLEMS OF ENVIRONMENTAL PROTECTION IN THE ARCTIC

O.D.Barteneva, A.I.Voskresensky, M.I.Dolgin, M.S.Marshunova, G.P.Milashenko, V.F.Radionov, G.G.Sakunov, L.N.Yurga- nov. Atmospheric aerosol, trace gases and atmospheric transparency in the Arctic.....	203
J.J.Kelley, Th.Gosink. Atmospheric trace gases in the Polar environment.....	212
V.U.Khattatov, V.N.Dosov, V.A.Yushkov, J.M.Rosen. Interna- tional project of the ozonosphere investigation on Heiss Island (HIP experiment).....	224

V.N.Dosov, A.E.Tyabotov, V.U.Khattatov. Aircraft studies of Polar stratospheric clouds in the Arctic in 1988.....	226
V.M.Smagin, A.I.Kouzin, V.S.Rachkov, S.A.Melnikov, A.A.Dmi- triev. On chemical composition of atmospheric precipitation in the Arctic.....	229
T.V.Koronelli, V.V.Iljinsky. Oil pollution and stability of Arctic marine ecosystems.....	236
P.Sveum. Alternative strategies for oil spill combat in Arctic waters.....	237
A.A.Shekhovtsov. Environmental protection in the Soviet North.....	251
A.V.Yevseev, T.M.Krasovskaya, V.A.Petrukhin. Ecologic- geographic fundamentals of the background monitoring in the Soviet Trans-Polar regions.....	255
A.V.Tsyban. Results of Soviet-American ecological investiga- tions in the Bering and Chuckchi Seas.....	262
E.A.Danilov. Environmental and legal problems of the Arctic..	272

GEOLOGY AND TECTONICS OF THE ARCTIC

I.S.Gramberg, Yu.B.Kazmin, I.M.Mirchink, N.V.Shimaraev Present concept of the Central Arctic geology and mineral resources.....	279
A.P.Lisitzin. Geology of the Central Arctic: problems and decisions.....	285
L.P.Zonenshain, L.M.Natapov. Verkhoyansk-Kolymian and Taimyr foldbelts: evidence for the Mezozoic continental collision within the Arctic.....	302
G.L.Johnson, J.Thiede, P.Mudie, L.Mayer, Y.Kristoffersen. Marine Arctic scientific geological research problems.....	317
Ya.P.Malovitsky, A.A.Gagelgants, V.Yu.Buravtsev, Y.I.Svis- tunov, E.V.Shipilov. Marine seismic explorations in the Arctic: methods, technology and results.....	330
Yu.E.Pogrebitsky, V.E.Volk, B.G.Lopatin, V.N.Shimaraev. Geological and tectonic cartography of the Arctic.....	337

A. Grantz. Preliminary results and logistic implications of a geological and geophysical icebreaker cruise to the, Northwind Ridge, Arctic Ocean basin.....343

V.S. Imayev, B.M. Kozmin, L.M. Parfenov. Recent geodynamics and seismicity in the Eastern sector of the Soviet Arctic.....345

Yu.G. Kiselev. Soviet seismic investigations in deep-sea Arctic Ocean regions.....347

H. Dypvik, A. Andresen, P. Haremo, J. Nagy, A. Elverhoi, T.A. Eikeland, H. Johansen, K. Strand. Sedimentation and tectonics in the Jurassic/Cretaceous sequences of Central Spitsbergen.....348

N. Henriksen. Geology of North and North-East Greenland.....354

B.K. Ostistiy, S.I. Cheredeyev, E.A. Ignatenko. Evolution of sedimentary basins in the Barents-Kara region of the Arctic.....358

B.K. Ostistiy, S.I. Cheredeyev. Main factors of regional oil- and-gas-bearing potential in the Soviet West Arctic...359
