

# CONTENTS

1	INTRODUCTION	5
1.1	State of the Art	6
1.2	Measuring Systems	7
1.3	Aims of Dissertation	7
2	COMMON ANALYSIS OF MEASURING SYSTEMS	8
2.1	Conclusion of Common Analysis	12
3	ESTIMATION OF INSERTION LOSS FROM CIRCUITRY OF FILTERS	13
3.1	Insertion Loss Estimation in Asymmetrical Mode	13
3.2	Properties of LC Networks	15
4	ESTIMATION OF INSERTION LOSS FROM MEASURED DATA	16
4.1	High Impedance Termination System	16
4.2	Low Impedance Termination System	17
4.3	Checking Accuracy of Estimation Techniques	18
4.4	Classification of Estimation Method	18
5	VARIABLE IMPEDANCE SYSTEM	19
5.1	Features of Variable Impedance Measuring Setups	21
6	CIRCUITS USED IN SYMMETRICAL MODE	22
6.1	Active Circuits for Symmetrical Mode Measurements	22
6.2	Features of Units Used in Symmetrical Mode	24
7	CONCLUSION	24
	BIBLIOGRAPHY	25
	CURRICULUM VITAE	27
	ABSTRACT	28
	ABSTRAKT	28
