

About the Book

This book focuses on three multi-faceted aspects of rural sustainability: farms and farming, the remaking of rural communities and rural spaces, and policy and action in rural development. The research is focused on three global regions: North America, the United Kingdom and Ireland, and Australia. This volume is an important contribution to the literature on rural studies and development.

About the Editors

Dick G. Winchell is a Professor of Urban and Regional Planning at Eastern Washington University in Spokane, Washington, U.S.A.

Doug Ramsey is an Associate Professor in the Department of Geography at Brandon University in Manitoba, Canada.

Rhonda Koster is an Associate Professor in the School of Outdoor Recreation, Parks and Tourism at Lakehead University in Thunder Bay, Ontario, Canada.

Guy M. Robinson is the Director of the Centre for Regional Engagement at the University of South Australia in Whyalla Norrie, Australia.

About the Rural Development Institute

Brandon University's Rural Development Institute (RDI) is a centre for excellence in rural development helping strengthen rural and northern communities through research and information on issues unique to these areas. Brandon University established the Rural Development Institute in 1989 as an academic research centre and a leading source of information on issues affecting rural communities. Please visit www.brandonu.ca/rdi for other publications from RDI.
