

CONTENTS

R. Dirven & V. Fried

By way of introduction

ix

I. 'Functional Linguistics of Prague' and Other Functional Approaches

1. F. Daneš

On Prague School Functionalism in Linguistics

3

2. K. Davidse

M.A.K. Halliday's Functional Grammar and the Prague School

39

3. S.C. Dik

Some Principles of Functional Grammar

81

4. R. Gebruers

S.C. Dik's Functional Grammar: A Pilgrimage to Prague?

101

II. The Theme-Rheme (Topic-Comment) Issue in the Praguian Tradition

5. J. Firbas

On the Delimitation of the Theme in Functional Sentence Perspective

137

6. J. Nosek

Constitutive, Informative and Transformative Models in Modern English Texts and Sentences

157

7. P. Sgall

Prague Functionalism and Topic vs. Focus

169

8. A. Svoboda & P. Materna

Functional Sentence Perspective and Intensional Logic

191

III. Functionalism as a Psycholinguistic Issue

9. E. Bates & B. MacWhinney
A Functionalist Approach to the Acquisition of Grammar 209
10. W. Paprotté & C. Sinha
Functional Sentence Perspective in Discourse and Language Acquisition 265
11. G. D. Prideaux
Processing Strategies: A Psycholinguistic Neofunctionalism? 297

IV. Functionalism in General Linguistics

12. W. Labov
The Overestimation of Functionalism 311
13. W. Haas
Function and Structure in Linguistic Descriptions 333
14. A. Hübler
Communication and Expressivity 357
15. J. Esser
Functions of Intonation 381
16. J. Vachek
Written Language Seen from the Functionalist Angle 395

V. Functionalism in Linguistic Description

17. J. Boase-Beier
Word-Formation and Poetic Language: Non-lexicalized Nominal Compounds in the Poetry of Kevin Crossley-Holland 409
18. A. Grosu
On Acceptable Violations of Parallelism Constraints 425
19. J.D. McCawley
A Case of Syntactic Mimicry 459
20. V. Ivir
Functionalism in Contrastive Analysis and Translation Studies 471
