

WILLIAM M. BASS

- Professor Emeritus and Director, Forensic Anthropology, University of Tennessee, Knoxville.
- Received the Ph.D. in anthropology in 1961 from the University of Pennsylvania.
- Choice of the national Council for Advancement and Support of Education for "Professor of the Year" in 1985.
- Teacher, educating one-half of board-certified anthropologists practicing human identification in the United States.
- Researcher, helped the University of Tennessee assemble a comparative skeletal collection second only to that housed at the Smithsonian Institution.
- Public servant, positively identifying the remains of approximately 900 crime and accident victims for law-enforcement agencies throughout the nation.
- Administrator, as Department Head for 21 years, guided his department to a position of national prominence in forensic anthropology.
- Philanthropist, donating his fees from law-enforcement agencies to a contingency fund for student financial support.
- Public speaker, each year addressing approximately 100 groups outside the university in his role as the University of Tennessee National Alumni Association's Distinguished Service Professor.

Preface.....	xviii
 1 INTRODUCTION	 1
Why Study Bones?	1
Basic Terms and Orientation of the Body.....	1
Which Bone Is It? Steps to Follow in Identifying Bones	6
Care and Treatment of Bones and Osteometric Equipment.....	8
Measurement of the Bones	11
Age Estimation	12
Sex Estimation.....	19
Stature Estimation	21
Premortem Stature Measurements	29
DNA	30
 2 THE SKULL OR CRANIUM	 31
Bones of the Cranial Vault.....	33
Frontal Bone	33
Parietal Bone	36
Occipital Bone.....	39
Temporal Bone.....	42
Sphenoid Bone	44
Bones of the Face.....	45
Maxilla	45
Nasal Bone.....	49
Zygomatic (Malar, or Cheek) Bone.....	50
Mandible.....	51
Bones of the Eye Orbit, Palate, and Nose	54
Ethmoid Bone	54
Lacrimal Bone	54
Palatine Bone.....	56
Vomer.....	57
Inferior Nasal Concha.....	58
Bones of the Ear.....	59
Auditory Ossicle.....	59
Miscellaneous	60
Hyoid Bone.....	60
Measurements of the Skull	61
Landmarks of the Skull Used for Taking Measurements and Calculating Indices.....	63
Sex Estimation	81

Race Estimation.....	83
Morphological and Anatomical Variations.....	83
Caucasoid	83
Negroid.....	87
Mongoloid	87
Anthropometric Measurements.....	88
 3 POSTCRANIAL SKELETON	 93
Bones of the Vertebral Column.....	93
Cervical Vertebrae.....	98
Thoracic Vertebrae	101
Lumbar Vertebrae	102
Sacrum and Coccyx.....	105
Sternum.....	109
Scapula.....	114
Clavicle	124
Ribs	132
Humerus.....	144
Radius	159
Ulna	166
Carpal Bones	175
Metacarpal Bones	183
Phalanges (Fingers).....	190
Hip Bone (Innominate).....	192
Femur	218
Patella (Kneecap).....	238
Tibia.....	238
Fibula.....	251
Tarsal Bones	258
Metatarsal Bones	264
Phalanges (Toes).....	268
 4 HUMAN DENTITION.....	 271
Anatomical Terms for Teeth.....	272
Which Tooth Is It? Steps to Follow in Identifying Teeth	275
Steps 1-5	275
Replacing Teeth in a Dental Arch.....	276
Incisors.....	276
Canines	279
Premolars	281
Molars.....	285
Measurements of the Teeth	287
Variations in Tooth Number and Position.....	288
Supernumerary Teeth.....	288

Congenital Absence of Teeth.....	288
Rotation of Teeth.....	290
Crowding of Teeth.....	290
Variations in Tooth Morphology.....	290
Molar Cusp Pattern.....	290
Extra Cusps.....	293
Shovel-Shaped Teeth.....	295
Peg-Shaped Teeth.....	296
Taurodontism.....	297
Enamel Extensions and Pearls.....	297
Extra or Missing Roots.....	298
Occlusal Wear.....	298
Occlusion.....	299
Artificial Deformation.....	300
Dental Development.....	301
 5 HUMAN OR NON-HUMAN?.....	307
Techniques in Identifying Non-Human Bone.....	307
Osteon Banding between Human and Non-Human Bone.....	315
 APPENDIX 1: GLOSSARY AND MISCELLANEOUS INFORMATION FOR THE OSTEOLOGY STUDENT.....	317
Classification of Bones According to Shape.....	317
Parts of Bones.....	317
Definitions of Osteological Terms.....	318
Terms Indicating the Side and Direction of the Parts of the Body.....	319
Bones and Their Plurals.....	320
Word Analysis for Students in Science.....	322
A. Prefixes.....	322
B. Roots.....	323
 APPENDIX 2: EXCAVATION AND TREATMENT OF SKELETAL REMAINS.....	327
Excavation.....	327
Transportation.....	331
Cleaning.....	332
Restoration.....	334
 REFERENCES CITED.....	337
 INDEX.....	359
