

## **CONTENTS**

ABSTRACT.....	4
1 STATE OF THE ART.....	5
1.1 Stabilization/solidification of waste .....	5
1.2 Asphalt emulsions.....	5
1.2.1 The breaking process .....	6
1.2.2 Application of asphalt emulsions.....	7
1.2.3 Long-term behavior .....	8
2 AIMS OF WORK.....	10
3 MATHEMATICAL MODEL OF LEACHING .....	11
4 RESULTS AND DISCUSSION .....	13
4.1 Comparison of different asphalt emulsions .....	13
4.2 Stabilization/solidification of individual wastes.....	15
4.2.1 S/S of waste A.....	15
4.2.2 S/S of waste B.....	16
4.2.3 S/S of waste C.....	17
4.3 Long-term release .....	20
4.3.1 Stabilization technique.....	20
4.3.2 Leaching procedure.....	21
4.3.3 Long-term experiment .....	21
4.3.4 Estimate of pollutant release to the environment .....	23
5 CONCLUSIONS .....	25
REFERENCES.....	27
ACRONYMS .....	31
LIST OF PUBLICATIONS .....	33
CURRICULUM VITAE.....	35
