 VARBRUL computer program 128
 Variability, inherent 62
 Variable rule analysis 127, 128, 131–3
 Variable rule order 146
 Variables: lexical 153; linguistic, nature of 126–8; phonological 152–3; syntactic 152, 153
 Variants: number of 127; prestige 44, 84–5, 112
 Variation 131–3: increased in dying languages 189; intonational, and gender 84; intraspeaker 108–10; lexical, and gender 84; linguistic, notions of explanation in 133–4; patterns of 217; sociolinguistic 39, 60–2; range in third world 45–6; syntactic, and gender 84; use of mathematical tools in study of 128–9
 Variation analysis, and conversation analysis 272
 Variation studies 126–35
 Variation theory 5, 6, 7 n. 4, 120;

Index of subjects

Variation theory:

- origins 140, 142-4;
- sociolinguistic 140-61

Verb morphology 127

Verb 'to be' 68, 70

Verbs, feminine conjugations of 80

Vernacular: death of 182; sociolinguistics and the 157-8; usage 145

Vision, language, knowledge and 20

Vocabulary, expansion, to accommodate technological development 200

Wales 112

Wave theory 102

Weltanschauung, *see* world view

West Bengal 200

West Futunese 27

Western languages 20

Whorf hypothesis 14-16, 28

Wintu 17

WL, *see* women's language

Women: black middle class 83; linguistic alienation of 91; marginalization of 93-4; in speech communities 129 n. 13

Women and Language 78

Women's language (WL) 80, 81-5; evaluation of 88-9

Word formation rules (WFRs) 185-6

World geography of the Eastern United States, A (Kurath) 124

Words, meaning in context 216

Working class 149: codes 54-5; role in linguistic innovation 46, 57-9; variants 157

World view: anthropology and 25-6; gender and 91; language, culture and 14-36

Written mode: difference from speech 68-9, 71; languages without 205

Written monologues 253

Yaki 184

Yana 79

Yimas 168-72

Yimas Pidgin 168-72, 174-5

Yimas village 179, 182

Zimbabwe 204
