PART ONE: THE URBAN ENVIRONMENT

1	Introduction	3
2	The physical environment and environmental problems	9
	Physical geography	9
	The state of the environment	16
3	Urban landscapes	25
	The Castle district	27
	The Tabán, the Viziváros and the Krisztinaváros	28
	Lágymányos	30
	The Inner City	30
	Óbuda (Old Buda)	47
	The Buda hills	48
	Twentieth-century housing developments	48
	The old suburbs	50

PART TWO: CITY DWELLERS

4	The people of Budapest	55
	The growth of population and its sources	55
	In-migrants and out-migrants	59
	The city of the aged	60

Contents

The geographical distribution of the population	62
5 The urban society	64
→ The development of modern bourgeois society	64
Urban society under state socialism	73
The major features of the social structure	74
6 Human ecology and the problems of housing	80
Historical roots	80
Housing problems and processes of segregation	84
 PART THREE: FUNCTIONAL SPACES	
7 Urban functions and functional zones	97
The formation of functional zones	97
Economic functions	99
The tertiary city	112
8 The Budapest agglomeration	119
The development of the agglomeration zone	119
Functions of the agglomeration zone	122
The special features of the Budapest agglomeration	128
 PART FOUR: PLANS AND PLANNERS	
9 The history of urban planning	135
The development of modern urban planning	135
Urban planning under state socialism	142
10 The administration of the city	156
The historical roots of centralized administration	156
11 Conclusion: Budapest at the turn of the century	166
 Bibliography	 171
Index	178

List of figures

2.1	Relief and rivers	10
2.2	Mean temperature of the coldest month (January)	14
2.3	Mean temperature of the warmest month (July)	15
2.4	Average annual concentration of SO ₂ and NO ₂ measured in the atmosphere of Budapest	17
2.5	Atmospheric concentration of sulphur dioxide and nitrogen dioxide in Budapest	21
3.1	The names of parts of Budapest	26
3.2	The Royal Palace of the Buda Castle	32
3.3	The burgher settlement of the Castle district	32
3.4	Street on the slopes of Castle Hill. View of Viziváros	33
3.5	The northern and eastern slopes of Castle Hill: Viziváros below the Matthias Church and Hotel Hilton	33
3.6	The bank of the Danube River at Pest and the Inner City	34
3.7	The Inner City: Károlyi Mihály Street	34
3.8	View of a street in the Inner City: Kossuth Lajos Street	35
3.9	The Clotild Palaces at the junction of Kossuth Lajos and Váci Streets. The Elizabeth Bridge in the background	35
3.10	The centre of the Inner City: Vörösmarty Square and the Gerbeaud (confectioner's) building	36
