Series editor's foreword	vii
Preface and acknowledgements	xi
Introduction	1
Surveillance has two faces	3
Key themes	5
How this book works	8
 Part one Surveillance societies	 13
1 Disappearing bodies	15
Reconfiguring time and space	17
Blurring public and private	20
Recombining technology and society	23
2 Invisible frameworks	28
Commonalities and variations	30
Surveillance diffused through society	33
Social orchestration	35
3 Leaky containers	37
Policing by surveillance	39
Watching workers	40
Covering consumers	43
Deregulation and risk	44
 Part two The spread of surveillance	 49
4 Surveillant sorting in the city	51
Social control in the city	52

vi	Surveillance society	
	SimCity and urban realities	55
	Urban surveillance	56
	Under the camera	60
	SimCity and the real world	66
5	Body parts and probes	69
	The body from site to source	71
	Identity, identification and modernity	72
	Body surveillance technologies	75
	Body surveillance in different sectors	77
	Movement, action and risk	81
6	Global data flows	88
	Globalization and surveillance	90
	Global security: Comint	94
	Global security: controlling borders	97
	The world wide web of surveillance	101
	Globalized surveillance	103
	Part three Surveillance scenarios	105
7	New directions in theory	107
	Computers and modern surveillance	109
	Superpanopticon and hypersurveillance	114
	New surveillance in theory	118
	Returning the body	123
8	The politics of surveillance	126
	Regulative responses	128
	Mobilizing responses	131
	Resistance in context	134
	Why resistance is limited	135
9	The future of surveillance	141
	Modern and postmodern surveillance	141
	Toward a new approach	149
	Re-embodying persons	151
	Notes	155
	Bibliography	174
	Index	181
