| <i>About the authors</i> | xii |
| <i>Acknowledgements for the fourth edition</i> | xiv |
| <i>Foreword</i> | xv |
| <i>Preface</i> | xvi |
| <i>Glossary</i> | xvii |
| 1. Sports Medicine/Injuries in Sports and Society | 1 |
| Introduction | 1 |
| Injuries during sport, exercise and physical activity | 3 |
| Sports & Exercise Medicine in healthcare | 5 |
| Sports & Exercise Medicine background and history | 6 |
| Components of Sports Medicine and Sports & Exercise Medicine | 7 |
| Sports injuries | 7 |
| Prevention | 8 |
| Sports science | 9 |
| Ethical considerations in Sports & Exercise Medicine | 10 |
| References | 12 |
| 2. Risk Factors for Sports Injuries | 14 |
| Individual risk factors | 14 |
| References | 32 |
| 3. Prevention of Injury and Preparation for Sport | 33 |
| Sports injury prevention | 33 |
| References | 38 |
| 4. Equipment in Sports – Principles | 39 |
| Shoes | 39 |
| Equipment and rules | 41 |
| References | 54 |
| Support garments | 55 |
| Orthoses and braces | 55 |
| Taping | 61 |
| The future of taping and development | 78 |
| References | 84 |
| Further reading | 84 |
| Injury Prevention in Some Major Sports | 88 |
| Running | 94 |
| Throwing sports | 96 |
| Tennis | 98 |
| Aerobic skiing | 108 |
| Football/Soccer | 112 |
| Ice Hockey | 120 |
| References | 125 |
| Further reading | 125 |
| Injury Management Options in Sport | 128 |
| Sports safety and concierge care | 129 |
| Sports equipment and equipment at the sports stadium | 134 |
| Sports in the arena | 141 |
| Injuries in the stadium | 141 |

5. Braces and Taping Used in Sport 55

- Support bandages 55
- Orthoses and braces 55
- Taping 61
- The future of taping and development 78
- References 84
- Further reading 84

6. Injury Prevention in Some Major Sports 85

- Running/jumping 85
- Throwing sports 96
- Tennis 99
- Alpine skiing 108
- Football/Soccer 112
- Ice hockey 120
- References 125
- Further reading 126

7. Injury Management Options and Possibilities 128

- Arena safety and contingency plan 129
- Sports Medicine management and equipment at the arena 130
- Very acute emergency care at the sports stadium 134
- Acute care in the arena 134
- Clinical treatment alternatives 141
- References 146
- Further reading 146

8. Treatment Principles and Options – an Overview 147

- Skeletal injuries 147
- Joint and ligament injuries 155
- Joint cartilage injuries 158
- Joint diseases 165
- Muscle injuries 167
- Injuries in the muscle–tendon complex 169
- Tendon injuries 177

| | |
|--|------------|
| Injuries of the bursa | 185 |
| Peripheral nerve injuries | 187 |
| Other injuries | 189 |
| Stitch (splenic stitch) – exercise-related transient abdominal pain (ETAP) | 191 |
| References | 192 |
| Further reading | 192 |
| 9. Rehabilitation Principles | 193 |
| Movement therapy and physical therapy | 193 |
| Psychological aspects of injury and rehabilitation | 195 |
| References | 211 |
| Further reading | 211 |
| 10. Shoulder Injuries in Sports | 212 |
| Investigation of the shoulder | 216 |
| Injuries and disorders related to acute and chronic shoulder instability | 222 |
| Clavicular injuries | 244 |
| Nerve injuries in the shoulder region | 248 |
| Brachial plexus injuries (Burner syndrome) | 249 |
| Rehabilitation of the shoulder and upper limb | 250 |
| Rehabilitation program | 254 |
| References | 256 |
| Further reading | 256 |
| 11. Injuries to the Upper Arm | 257 |
| Functional anatomy | 257 |
| Further reading | 263 |
| 12. Elbow Injuries in Sport | 264 |
| Functional anatomy | 264 |
| Elbow injuries in adults | 266 |
| Elbow injuries in children | 267 |
| Medial elbow injuries | 273 |
| Posterior elbow injuries | 277 |
| Anterior elbow injuries | 279 |
| Fractures and dislocations | 281 |

| | | |
|--|------------|--|
| Rehabilitation program: elbow, wrist and hand | 283 | 283 Rehabilitation program: elbow, wrist and hand |
| Reference | 283 | 283 References |
| Further reading | 283 | 283 Further reading |
| 13. Forearm, Wrist and Hand Injuries in Sport | 284 | 284 Forearm, Wrist and Hand Injuries in Sport |
| Forearm injuries | 284 | 284 Forearm injuries |
| Overuse injuries | 284 | 284 Overuse injuries |
| Compartment syndrome | 285 | 285 Compartment syndrome |
| Fractures | 285 | 285 Fractures |
| Wrist injuries | 285 | 285 Wrist injuries |
| Hand and finger injuries | 298 | 298 Hand and finger injuries |
| Tendon injuries | 305 | 305 Tendon injuries |
| Rehabilitation of the wrist and hand | 307 | 307 Rehabilitation of the wrist and hand |
| References | 309 | 309 References |
| Further reading | 309 | 309 Further reading |
| 14. Head and Face Injuries in Sport | 310 | 310 Head and Face Injuries in Sport |
| Head injuries | 310 | 310 Head injuries |
| Facial injuries | 316 | 316 Facial injuries |
| Ear injuries | 317 | 317 Ear injuries |
| Eye injuries | 318 | 318 Eye injuries |
| Injuries to the mouth | 320 | 320 Injuries to the mouth |
| References | 321 | 321 References |
| Further reading | 321 | 321 Further reading |
| 15. Throat, Chest and Abdominal Injuries in Sport | 322 | 322 Throat, Chest and Abdominal Injuries in Sport |
| Throat injuries | 322 | 322 Throat injuries |
| Thoracic injuries | 323 | 323 Thoracic injuries |
| Abdominal injuries | 324 | 324 Abdominal injuries |
| Further reading | 326 | 326 Further reading |
| 16. Back/Spine Injuries in Sport | 327 | 327 Back/Spine Injuries in Sport |
| Functional anatomy and biomechanics | 328 | 328 Functional anatomy and biomechanics |
| Examination with back pain present | 330 | 330 Examination with back pain present |
| Neck/cervical spine | 331 | 331 Neck/cervical spine |
| Thoracic and lumbar spine | 338 | 338 Thoracic and lumbar spine |

| | |
|--|------------|
| Reference | 355 |
| Further reading | 355 |
| 17. Groin, Pelvis and Hip Joint Injuries in Sport | 356 |
| Functional anatomy | 357 |
| Groin injuries | 358 |
| Other causes of pain in and around the hip | 368 |
| Hernia | 375 |
| Inflammation of internal organs | 376 |
| Hip complaints in children and adolescents | 380 |
| Rehabilitation of hip, pelvis, groin and thighs | 381 |
| Reference | 384 |
| Further reading | 384 |
| 18. Thigh Injuries in Sport | 385 |
| Muscle injuries to the posterior side of the femur | 385 |
| Injury to the front (anterior), outside (lateral) and inside (medial) of the femur | 392 |
| Less common causes of thigh pain | 396 |
| Reference | 396 |
| Further reading | 396 |
| 19. Knee Injuries in Sport | 397 |
| Functional anatomy and biomechanics | 398 |
| Medical history and examination | 399 |
| Ligament injuries | 401 |
| Meniscus injuries | 425 |
| Articular cartilage injuries | 437 |
| Rehabilitation programs for knee injuries | 463 |
| Rehabilitation programs for specific injuries | 465 |
| References | 471 |
| Further reading | 471 |
| 20. Lower Leg Injuries in Sport | 473 |
| Functional anatomy | 473 |
| Fractures | 474 |
| Anterior lower leg pain | 476 |

- Medial lower leg pain 477
- Lower leg stress fractures 479
- Posterior lower leg pain 482
- Lateral lower leg pain 484
- Achilles tendon injuries 485
- Reference 498
- Further reading 498

21. Ankle Injuries in Sport 499

- Overview of ankle injuries 500
- Ankle instability 500
- Mechanism of injury 502
- Chronic instability of the ankle 515
- Ankle pain 519
- Impingement problems 523
- Chronic ankle tendon injuries 528
- Specific ankle rehabilitation 533
- References 536
- Further reading 536

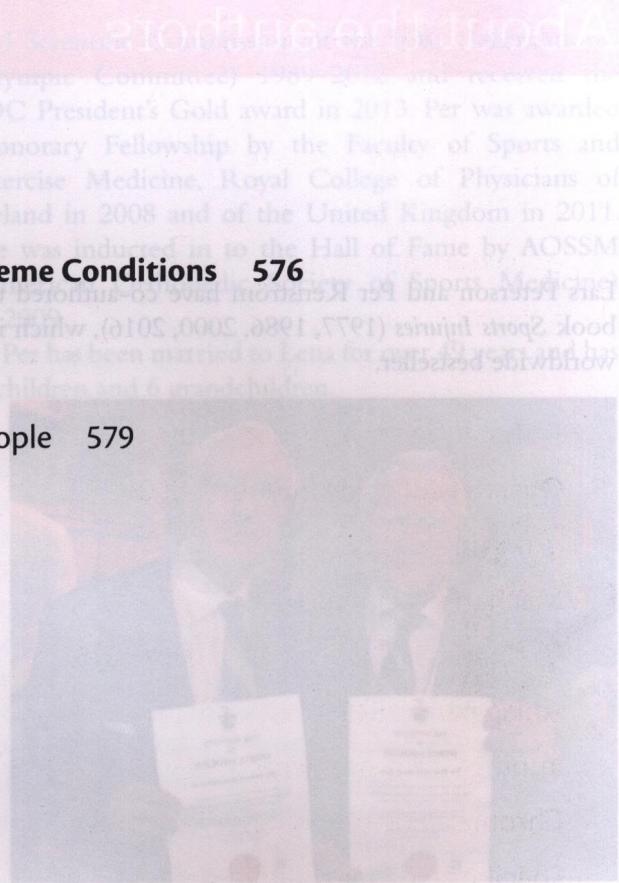

22. Foot Injuries in Sport 537

- Anatomy and function 537
- Foot movements 539
- Causes of foot overuse injuries 540
- Hindfoot, heel problems 541
- Midfoot problems 549
- Forefoot and toe problems 554
- Toenail problems 559
- Skin conditions 560
- Reference 562
- Further reading 562

23. Growing Athletes – Special Considerations 563

- Effects on development 564
- Traumatic injuries 564

| | |
|--|------------|
| Injuries due to overuse | 568 |
| Training young athletes | 570 |
| Reference | 575 |
| Further reading | 575 |
| 24. Outdoor Activity Risks and Sports During Extreme Conditions | 576 |
| Outdoor activities | 576 |
| Preventive measures | 576 |
| General rules for care and transport of injured people | 579 |
| Sports during extreme conditions | 579 |
| Reference | 585 |
| Further reading | 585 |
| 25. Disabled Athletes' Injuries | 586 |
| The emergence of sport for disabled | 586 |
| Types of disabilities | 588 |
| Acquired disabilities | 592 |
| Intellectual disability | 592 |
| Classification of disabled sports | 594 |
| References | 594 |
| Further reading | 594 |
| Index | 595 |

Per A. Rasmussen, MD, PhD, Professor Emeritus in Orthopaedic Surgery, University of Edinburgh, UK, in 2010. The author of this book was managing editor of the biennials of the European Congress of Orthopaedics and Traumatology, and in 2010 he received the IOC President's Gold award in 2013. Per was awarded Honorary Fellowship by the Faculty of Sports and Exercise Medicine, Royal College of Physicians of Ireland in 2008 and of the United Kingdom in 2011. He was inducted into the Hall of Fame by AOSSM (American Orthopaedic Society for Sports Medicine) in 2010. Per has been married to Linda for over 40 years and has 4 children and 6 grandchildren.

Per A. Rasmussen, MD, PhD, Professor Emeritus in Orthopaedic Surgery, University of Edinburgh, UK, in 2010.
