Aim and Acknowledgments	xix
Foreword	xxiii
Foreword	xxv

Part One The Big Picture

CHAPTER 1 Introduction and Overview	3
Motivations for a Holistic ICT-Enabled Transformation	4
Bridging Two Gaps	6
A Strategic Framework for Digital Transformation	8
What Are These Transformation Possibilities?	9
How Can Countries Master the Digital Transformation Process?	11
What Are the Emerging Lessons?	13
CHAPTER 2 Why ICT-Enabled Transformation?	15
The Emerging Smart, Data-Driven Economy	15
Efficient, Inclusive Market Economy	17
Frictionless Economy	18
On-Demand, Sharing Economy	18
Knowledge-Based Economy	19
Innovation Economy	19
Learning Economy	20
Co-Creation Economy	20
Orchestration and Collaboration Economy	20
Fast-Paced Economy	21
Green Economy	21
Smart Enterprises	22
Smart Cities	22
The Rise of Smart, Connected Society	23
What is Digital Transformation?	27
Expanding Transformation Possibilities	29
Enabling New Development Paradigms	34

Maximizing Benefits	36
Overcoming Barriers and Minimizing Risks	37
In Conclusion	40
 CHAPTER 3 Strategic Planning of Transformation	 41
The Transformation Ecosystem	41
Planning Transformation	47
Learning Transformation	48
Strategizing for Transformation	50
Strategic Planning for Digital Transformation	50
 Part Two Pursuing Transformation Possibilities	
 CHAPTER 4 Integrating ICT-Enabled Transformation into Development	 63
Develop a Shared Vision	63
Pursue Sustainable Development Goals	66
Benchmark and Analyze SWOT	68
Set the Planning Horizon	71
Focus, Prioritize, and Sequence	73
Analyze and Mobilize Stakeholders	74
 CHAPTER 5 Transforming Government	 77
Imperatives for Transforming Government	78
Visions for Future Government	80
Realizing the Potential	82
Objectives and Uses of e-Government	84
Adopt a WOG Architecture and Infrastructure	85
Create Customer-Centric, Citizen-Driven Service	88
Develop Multichannels for Service Delivery	92
Mobilize Demand and Monitor Adoption of e-Services	93
Leverage Mobile	97
Tap Big Data and Analytics	98
Create OGD Ecosystems	103
Lead Public Sector Performance and Government Transformation	108
 CHAPTER 6 Transforming Key Sectors	 111
Catalyze Sectoral Ecosystems	111
Build a Vision-Driven Transformation Strategy	112
Transform Health Services	113
The Promise of Mobile	114

Components of the e-Health System	116
Challenges to e-Health	117
National e-Health Strategies	118
The Case for an Ecosystem View of ICT in Health Sector	121
Emerging Lessons	122
A Vision of Future Health System	124
Transform Education and Learning Systems	125
Role of ICT in Transforming Education	126
Key Lessons	128
The Future of Online and Personalized Education	131
Transform Finance	133
The Case for an Ecosystem Approach	135
Transform Agricultural Extension Services	136
Transforming the Value Chain	136
Transforming Agricultural Extension	138
Towards a Holistic Agricultural Services	139
Secure Complementary Sectoral Policies	140
 CHAPTER 7 Promoting Inclusive Information Society	 143
Harness ICT for Inclusive Growth	144
Access	145
Opportunity	146
Empowerment	146
Security and Sustainability	146
Pursue Digital Inclusion	150
Develop Social Intermediaries	151
Build Informational Capabilities	153
Mobilize Youth for Connected Society	154
Facilitate Women Participation	156
Promote Political and Digital Participation	157
Promote Local Content and Grassroots Innovation Networks	158
Establish Funds for Grassroots Innovation	161
Support Shared Access	162
 CHAPTER 8 Developing Smart Cities	 167
Motivations for Smart Cities	167
Concepts of Smart Cities	169
An Ecosystem View of Smart City	174
Develop City Vision, Strategy, Benchmarks, and Targets	175
Develop Smart Infrastructures and Communication Networks	176
Upgrade Human Capital	178
Develop an Open, Responsive, Inclusive City	179
Nurture Innovative and Competitive Economy	181
Develop City Leadership, Institutions, and Governance	184

CHAPTER 9 Transforming Enterprises	187
The Enterprise Transformation Imperative	187
Opportunities for Business	190
Transform the Business Environment	193
Promote e-Commerce	200
Support ICT Learning by SMEs	209
Transform BDS with ICT	215
Telecenters for BDS	217
Leverage Mobile for Access to Financial Services	218
Coordinate Policies	220
Fit e-Business with Transformation Ecosystem	223
In Conclusion	225

Part Three Mastering the Implementation of Digital Transformation

CHAPTER 10 Developing Human Resources	229
Defining Demand	230
E-literacy: Public Awareness and User Skills	231
E-leadership: ICT Policy and Strategy Leadership	233
ICT Professionals: Education and Training	237
Developing Supply	238
Repositioning Education for a Knowledge Economy	238
Promote e-Learning and Lifelong Learning	239
Developing Talent via Public-Private Collaboration	241
Tapping the Diaspora	245
Developing Policies for Employability and Inclusive Growth	246
Designing a Coherent Human Resources Strategy	248

CHAPTER 11 Developing Leadership and Institutions	251
Define Roles of Government	252
Address Strategic Issues in Developing e-Leadership Institutions	254
Review Institutional Options	255
Trends in E-leadership Institutions	255
Draw on Experience	257
Create e-Leadership Institutions at Local Levels	259
Develop e-Leadership Networks	260
The Example of Singapore	262
The Example of India's NASSCOM	262

CHAPTER 12 Developing Enabling Policies and Regulations	267
Technological Trends and Enabling Policies	267

Political Economy of Digital Transformation Policy	269
Policy Frameworks Enabling Transformation	271
Key ICT-Specific Public Policy Issues	275
Supply-Side ICT Policy Issues	276
Demand-Side ICT Policy Issues	276
Horizontal Policies Impacting Supply- and Demand Side	277
Emerging Policies Impacting Supply- and/or Demand Side	277
Formulating ICT Policies	278
Spectrum Management	278
Network Regulation	278
Open Internet	279
Media and Content Regulation	279
Copyright	280
Data Protection	281
Implementing ICT Policies	281
Institutional Quest for the Effective Regulator	283
 CHAPTER 13 Developing the Communication Infrastructure	 287
Develop Broadband Strategies and Plans	288
Balance Targets for Access and Speed	289
Ensure Stakeholder Input	289
Provide a National Focal Point	289
Develop Policies for Both Supply and Demand	289
Promote the Supply of Broadband	290
Assess Market and Access Gaps	292
Develop Universal Access to Broadband	295
Mobilize Demand for Broadband	295
Manage Spectrum for Mobile Broadband Diffusion	298
Enable Cloud Computing	300
 CHAPTER 14 Developing the ICT Industry	 305
ICT Competencies for Smart Adaptation	305
Thinking Strategically about ICT Capabilities—ICT Diffusion	308
Attend to the Domestic Market	309
Target Promising Segments of the ICT Sector	312
IT-Enabled Services	312
Emerging Open Data Industry	313
Digital Content and the Media Industry	315
Assess Development Challenges of the ICT Services Sector	318
Respond to ICT Sector Challenges	320
Developing Specialized Human Resources	320
Developing Appropriate Managerial Resources	321
Strengthening Linkages and Clusters	321
Developing Parks and Incubators	321

Developing Favorable Legal and Regulatory Framework	322
Creating Local Markets	322
Bridging the Digital Divide within Country	322
Mobilizing Finance for Innovation and New Ventures	323
Creating Promotion Funds	324
Promote Public-Private Partnership for IT/ITES	325
Technology and Data Incubators	326
Success Factors	327
Technology Parks and Clusters	330
Emerging Lessons for Technology Parks	333
Private Sector Financing and Management	334
Marketing, Recruitment, and Product-Service Mix	334
Linkages and Partnerships	335
Physical, Communication, and Social Infrastructures	336
Finance and Business Support Services	336
National Policies and Strategies	337
Develop Coherent Programs	338
Supporting ICT Research and Adaptation	339
Matching Instruments to Country Conditions	340
 CHAPTER 15 Implementing, Learning, and Adapting	 343
Commit to a Holistic Long-Term Strategy	344
Integrate ICT into Development	349
Attend to Soft Infrastructure and Complementary Policies	353
Engage Stakeholders, Pursue Partnerships	355
Emphasize Diffusion and Inclusion	360
Balance Strategic Direction with Local Initiative	362
Enable Adaptation, Innovation, and Learning	365
A Final Word	370
