

## Contents

<b>1 Fundamentals</b>	<b>1</b>		
Overview . . . . .	2	Language . . . . .	100
Skull . . . . .	4	Speech . . . . .	102
Meninges . . . . .	6	Memory . . . . .	104
Cerebrospinal Fluid (CSF) . . . . .	8	Neuroendocrine Control . . . . .	106
Brainstem . . . . .	10	Autonomic Nervous System—Heart and Circulation . . . . .	108
Cranial Nerves . . . . .	12	Autonomic Nervous System—Respiration . . . . .	110
Carotid Arteries . . . . .	14	Autonomic Nervous System— Thermoregulation . . . . .	112
Anterior Cerebral Arteries . . . . .	16	Autonomic Nervous System— Gastrointestinal Function . . . . .	114
Vertebralbasilar Arteries . . . . .	18	Autonomic Nervous System—Bladder and Sexual Function . . . . .	116
Cerebellar Arteries . . . . .	20	CNS Barrier Systems . . . . .	118
Posterior Cerebral Arteries . . . . .	22	Intracranial Pressure (ICP) . . . . .	120
Cerebral and Extracerebral Veins . . . . .	24	Neurotransmitter Systems . . . . .	122
Extracerebral Veins . . . . .	26		
Spinal Circulation . . . . .	28		
Cerebral Hemispheres . . . . .	30		
Spine and Spinal Canal . . . . .	34		
Spinal Cord . . . . .	36		
Motor Pathways . . . . .	38		
Cerebellar Pathways . . . . .	40	Upper Motor Neuron (UNM) Weakness . . . . .	126
Somatosensory Pathways . . . . .	42	Spinal Cord Lesions . . . . .	128
Dermatomes and Myotomes . . . . .	44	Lower Motor Neuron (LMN) Weakness . . . . .	130
Peripheral Nervous System . . . . .	46	Myopathic Weakness . . . . .	132
Skeletal Musculature . . . . .	56	Gait Disturbances . . . . .	134
Autonomic Nervous System (ANS) . . . . .	58	Cerebellar Syndromes . . . . .	136
Limbic System . . . . .	62	Tremor . . . . .	138
Neuroimmunology . . . . .	64	Chorea, Dyskinesia, Myoclonus . . . . .	140
Neurogenetics . . . . .	66	Myoclonus, Tics . . . . .	142
Neurodegeneration . . . . .	68	Dystonia . . . . .	144
<b>2 Functional Systems</b>	<b>71</b>	Sensory Disturbances . . . . .	146
Reflexes . . . . .	72	Pain . . . . .	148
Motor Control . . . . .	74	Vertigo . . . . .	150
Basal Ganglia . . . . .	76	Nystagmus . . . . .	152
Visual System . . . . .	78	Oculomotor Disturbances . . . . .	154
Oculomotor Function . . . . .	80	Visual Field Defects . . . . .	156
Pupillomotor Function . . . . .	84	Pupillary Dysfunction . . . . .	158
Trigeminal Nerve . . . . .	86	Facial Nerve Lesions . . . . .	160
Facial Nerve . . . . .	88	Olfactory Disturbances . . . . .	162
Vestibular System . . . . .	90	Gustatory Disturbances . . . . .	164
Hearing . . . . .	92	Dysphagia (Difficulty Swallowing) . . . . .	166
Pain . . . . .	94	Brainstem Syndromes . . . . .	168
Circadian Rhythm . . . . .	96	Skull Base Syndromes . . . . .	172
Consciousness . . . . .	98	Behavioral Disturbances . . . . .	174
		Disturbances of Recognition (Agnosia) . . . . .	176
		Memory Disorders . . . . .	178
		Aphasia . . . . .	180
<b>3 Syndromes</b>	<b>125</b>		

Dysarthria .....	182	Human Prion Diseases .....	290
Language-associated Disorders .....	184	Aging and the Nervous System .....	292
Sleep Disorders .....	186	Parkinson Disease .....	294
Disorders of Consciousness .....	188	Atypical Parkinsonism.....	302
Comalike State, Brain Death .....	190	Dementia.....	304
Alterations in Intracranial Pressure (ICP) .....	192	Huntington Disease (HD) .....	310
CNS Inflammation.....	196	Cerebellar Diseases (Ataxias) .....	312
Epileptic Seizures.....	198	Brain Tumors .....	316
Nonepileptic Events .....	202	Brain Tumors (WHO Grades I and II).....	318
Cerebrovascular Syndromes.....	206	Brain Tumors in Specific Locations.....	320
Peripheral Neuropathy .....	210	Brain Tumors (WHO Grades III and IV).....	322
Back Pain, Radicular Lesions .....	212	Metastatic Disease .....	324
Plexopathy.....	214	CNS Tumors—Classification and Treatment..	326
Myopathy.....	216	Hereditary Metabolic Encephalopathies .....	328
Psychogenic Origin of Neurologic Syndromes.....	218	Acquired Encephalopathies .....	330
<b>4 Neurologic Diseases</b>	<b>221</b>	Head Trauma.....	338
Stroke.....	222	Spine Injuries.....	344
Stroke: Ischemia .....	224	Spinal Cord Injuries .....	346
Stroke: Hemorrhage .....	228	Myelopathies.....	348
Stroke: Diagnosis.....	232	Motor Neuron Diseases (MND).....	354
Stroke: Management .....	234	Back Pain .....	356
Cerebral Venous Thrombosis, Vasculitis .....	236	Plexopathy, Peripheral Neuropathies.....	358
Headache.....	238	Peripheral Neuropathies.....	360
Epilepsy .....	248	Myopathies .....	372
Multiple Sclerosis .....	254	Neuromuscular Syndromes .....	382
CNS Infections.....	262	Neurodevelopmental Disorders of the CNS..	384
Lyme Disease (Neuroborreliosis) .....	266		
Neurosyphilis.....	268		
CNS Tuberculosis.....	270		
Botulism and Tetanus .....	272		
Herpes Simplex Virus Infection .....	274		
Varicella-Zoster Virus Infection .....	276		
Human Immunodeficiency Virus (HIV) Infection.....	278		
Poliomyelitis .....	280		
JC Virus infection, Cytomegalovirus Infection.....	282		
Rabies.....	284		
Opportunistic Fungal Infections.....	286		
Toxoplasmosis, Neurocysticercosis, Malaria ..	288		
<b>5 Clinical Method</b>	<b>391</b>		
Clinical Interview.....	391		
Neurologic Examination.....	394		
Diagnostic Tests .....	398		
<b>6 Appendix</b>	<b>403</b>		
<b>References</b>	<b>505</b>		
<b>Index</b>	<b>513</b>
