

CONTENTS

1 ABOUT AUTHOR.....	4
2 INTRODUCTION	5
3 ISSUE DEFINITION AND RESEARCH AIM.....	5
4 RESEARCH DESIGN.....	6
4.1 Methodical Background.....	6
4.2 Applied Research Methods	7
4.3 Data and Methods for Data Analysis	8
4.4 Primary Research Procedure	8
4.5 Methodology of the Innovation Scorecard Design	9
5 THE INNOVATION IMPERATIVE: STATE OF THE ART	10
5.1 Understanding Innovation.....	10
5.2 Innovative Potential: An Internal Look at the Company	10
5.3 Innovation: A Key Process of the Company.....	11
5.4 Measurement of Innovation	12
5.5 Innovation Performance.....	13
6 THE MAIN RESULTS OF THE HABILITATION THESIS	14
6.1 Case Study from European Manufacturing Industry	14
6.2 Case Study from Czech Manufacturing Industry.....	15
6.3 Primary Research Results	16
6.3.1 <i>Research Results</i>	16
6.3.2 <i>General Characteristics</i>	17
6.3.3 <i>Performance Measurement of Innovation</i>	19
6.3.4 <i>Trends in Innovation Performance Measurement in Czech Manufacturing Industry</i>	21
7 INNOVATION SCORECARD DESIGN	22
7.1 Design of an Evaluation System: Putting the Tools Together	22
7.1.1 <i>Gate 1: Initiation Phase – Measures for Ideation</i>	23
7.1.2 <i>Gate 2: Development Phase – Measures for Applied R&D</i>	24
7.1.3 <i>Gate 3: Production phase – Measures for Realization</i>	24
7.1.4 <i>Gate 4: Commercialization Phase – Measures for Innovation Execution</i>	25
7.1.5 <i>Gate 5: Post-implementation Review</i>	25
8 CONTRIBUTION OF THE STUDY	26
8.1 Implications.....	26
8.2 Limitations and Future Research Proposal	26
9 CONCLUSION	27
