Preface vii

1 Studying Anthropology 1

What Is Anthropology? 6

*Anthropology as a Science of Process
and Connectivity 6*

The Subdisciplines of Anthropology 7

Culture with a Big "C" 18

Characteristics of Culture 20

Shared 21

Learned 21

Patterned 22

Flexible 23

The Perspective of Anthropology 23

Holism 4

Comparison 25

*Cultural Relativism versus
Ethnocentrism 26*

Ideal and Real Culture 28

Emic and Etic 28

Anthropology, Culture Change, and Globalization 29

Summary 34

Key Terms 35

2 Studying Cultures 36

Perspectives on Cultures 37

Cultures as Adaptive Strategies 37

Cultures as Communities 39

*Cultures as Regulators of Time
and Space 40*

Culture, Cognition, and Language 43

Cultures and Cognition 43

Characteristics of Language 45

*Linguistic Relativity: The Whorfian
Hypothesis 48*

*Language and Cross-Cultural
Misunderstanding 48*

Doing Ethnography: Fieldwork 52

Research Methods 53

Tools of the Trade 60

Quality and Quantity 63

Gender and Fieldwork 64

Emic, Etic, Ideal, and Real in the Field 64

Hazards of Field Research 66

Summary 68

Key Terms 69

3 Anthropological Theories 70

The Early History of Anthropological Thought: Unilineal Evolution and Diffusion 74

The Classic Phase of Anthropological Thought, 1900–1970 77

*Franz Boas and the Reaction to Speculative
Evolutionary Theory 77*

British Social Anthropology 78

Leslie White: Universal Cultural Evolution 80

*Julian Steward: Parallel or Multilineal
Cultural Evolution 82*

*Homer Barnett: Innovation and
Culture Change 84*

Contemporary Theory in Cultural Anthropology 86

*Materialistic Perspectives: Cultural Materialism
and Marxism 86*

*Interpretivism: Symbolic Anthropology and
Postmodernism 91*

*Models of Change and Adaptation in
Contemporary Anthropology 93*

Understanding the Interaction of Changing Cultural Systems: Political Ecology 99

Summary 105

Key Terms 106

4 *Culture in America* 107

Capitalism and Democratic Politics 109

The Origins of Democratic Capitalism

(Community) 110

New England Origins 111

Mill Town and Factory City 113

The Modern American State: Mass

Democracy and Pluralist Society 114

Individualism in American Society 121

Globalization and Our Postmodern

Society 124

Anthropology, Ethnography, and Research on

American Social Issues 127

The Inner Cities: Racism and Ethnographies of the Dispossessed 127

Migration, Ethnicity, and Ethnic Conflict 129

Ethnography and Globalization in Rural America 130

The Family, Sex, and Gender in Modern

Societies 131

Sexuality in American Life 133

The Structure of the Family in Modernizing Societies 134

Summary 136

Key Terms 137

5 *Bands and Tribes: Remote Peripheries* 138

Hunter-Gatherer Bands: Existing Outside of Civilization 139

Demography, Technology, and Subsistence 143

Gender Roles in Band Societies 145

Social Structure: Family, Macroband, and Microband 146

Marriage in Band Societies 150

Religion in Band Societies:

Existential Ideologies 151

Tribes of the Periphery 153

The Shift to Food Production and Animal Domestication 154

Technology and Subsistence Practices 155

Tribal Social Structure 158

Functions of Descent Systems 162

The Political Economies of Tribes:

The Impact of Trade 166

Summary 171

Key Terms 172

6 *Chiefdoms and Pre-Modern States: Core-Periphery Relations* 173

Characteristics of Chiefdoms and States 174

Chiefdoms 174

States 176

The Rise of Chiefdoms and States 180

Ecological Explanations 180

Trade Factors 180

The Dynamics of Archaic States and Empires 185

The Early Mesopotamian Empires 187

Empires of the Inland Sea:

The Mediterranean 190

The Origin of Feudalism in Ancient Europe 195

The Impact of Roman Rule 197

European Feudal Society 199

The Catholic Religion 204

Summary 204

Key Terms 206

7 *The Modern World: Capitalism, World Systems, and Globalization* 207

The Mercantilist Roots of Capitalism 209

The Age of Exploration 209

The Impact of Spain and Portugal on Latin America 211

The Impact of Western Europe on Africa 212

The Emergence of Great Britain as a Trade

Empire and the Collapse of Feudalism 214

The Industrial Revolution and the Rise of Capitalism 217

Industrialization and Political

Change in England 219

Colonialism: The British in

North America 221

The Capitalist Legacy: Destruction of Indigenous Worlds 222

North American Indians: The Effects of the Fur Trade 225

The Rise of Modern Democratic Capitalism 227

Characteristics of Democratic Capitalism 228

Blocked Transitions to Capitalism: Articulation, Disarticulation, and Structural Power 232

Anti-Capitalist Revolutions 233

The Soviet Experience: Revolution, Reform, and Blocked Transitions 235

The Globalization of the World System 238

Summary 244

Key Terms 245

8 Ethnicity, Ethnic Conflict, and Social Movements 246

Ethnicity and Ethnic Identity 248

Assimilation, Acculturation, and Multiculturalism 251

Ethnicity in the United States 255

Contemporary Social Movements 258

Explaining Social Movements 258

Types of Social Movements 264

Multiculturalism and Indigenous Rights: The Legacy of the Civil Rights Movement 270

Multicultural Movements in the United States 271

Indigenous Rights Movements 272

Ethnonationalist Movements 273

From Anti-Capitalist to Pro-Capitalist Movements 281

Peasant Wars 281

Pro-Capitalist Reformatory Movements 285

Summary 286

Key Terms 287

9 Africa: Overcoming a Colonial Legacy 288

Africa and Anthropology in the Twentieth Century 290

The Geography and Ethnography of Africa 292

Political Ecology, Trade, and Empire-Building 293

Village Agriculture 294

Pastoralism: The Cattle Keepers 297

The Camel Nomads of North Africa 299

The Development of Trade along the Nile 302

The Development of Gold Trade 305

The Emergence of Slave Trade Societies in the West 308

The Heritage of Colonialism 309

Adaptation to the State and Development 310

The Tide of Liberation 311

The Rise of Socialism 312

Regional War and Ethnic Conflict 313

Ethiopia: Failure of Cheap Food Policies 316

Somalia: The Breakdown of Clan-Based Social Controls 317

Rwanda and Burundi: The Politics of Ethnic Violence 319

Sudan: A Clash of Cultures 320

Nigeria: The Dismal Tunnel 323

The Democratic Transition in South Africa 324

Summary 329

Key Terms 330
