

Contents

- 1 Introduction and summary..... 1
 - 1.1 Objective of the methodology..... 1
 - 1.2 Description of the application of the certified methodology, its target audience and its application..... 3
 - 1.3 Expected application of the results and project output users..... 3
 - 1.4 Linking the methodology up to the existing strategies..... 9
- 2 Methodology for the control of the number of passengers with a specific system of check-in 12
 - 2.1 Recommendations for working with spatial temporal data from the mobile networks..... 12
 - 2.2 Input parameters 15
 - 2.3 Methodology indicators..... 18
 - 2.4 Understanding the differences in mobility assessment..... 33
 - 2.5 Example of application..... 37
- 3 Background for drafting the methodology..... 67
- 4 Economic aspects..... 70
 - 4.1 Background for the assessment of the economic aspects of methodology application 70
 - 4.2 Cost of system implementation 72
 - 4.3 Economic benefits..... 74
- 5 Declaration on the innovation of the approach 79
- 6 Dedication, contact for the methodology submitter and copyright notice 80
- 7 Property protection disclaimer 81
