

Table of Contents

I Towards a Digital Mathematics Library

Towards a Digital Mathematical Library: On the Road	3
<i>Petr Sojka (Masaryk University, Brno, Czech Republic)</i>	
Mathematical Formulae Recognition and Logical Structure Analysis of Mathematical Papers	7
<i>Masakazu Suzuki (Kyushu University, Kyushu, Japan)</i>	

II Digitization Technologies and Platforms

EuDML—Towards the European Digital Mathematics Library	11
<i>Wojtek Sylwestrzak (University of Warsaw, Warsaw, Poland), José Borbinha (Instituto Superior Técnico, Lisbon, Portugal), Thierry Bouche (Université Joseph-Fourier, Grenoble, France), Aleksander Nowiński (University of Warsaw, Warsaw, Poland), Petr Sojka (Masaryk University, Brno, Czech Republic)</i>	
Developing a Metadata Exchange Format for Mathematical Literature . . .	27
<i>David Ruddy (Cornell University Library, Ithaca, New York, USA)</i>	
Designing a Semantic Ground Truth for Mathematical Formulae	37
<i>Alan Sexton, Volker Sorge (University of Birmingham, Birmingham, UK), Masakazu Suzuki (Kyushu University, Kyushu, Japan)</i>	

III DML Building Experience

PDF Enhancements Tools for a Digital Library	45
<i>Radim Hatlapatka, Petr Sojka (Masaryk University, Brno, Czech Republic)</i>	
Metadata Editing and Validation for a Digital Mathematics Library	57
<i>Miha Filej (University of Ljubljana, Ljubljana, Slovenia), Michal Růžička, Martin Šárky, Petr Sojka (Masaryk University, Brno, Czech Republic)</i>	
Implementing Dynamic Visualization as an Alternative Interface to a Digital Mathematics Library	63
<i>Zuzana Nevěčilová (Masaryk University, Brno, Czech Republic)</i>	
Data Enhancements in a Digital Mathematical Library	69
<i>Michal Růžička, Petr Sojka (Masaryk University, Brno, Czech Republic)</i>	

IV Digitization Reports

bdim: the Italian Digital Mathematical Library	79
<i>Vittorio Coti Zelati (Università degli Studi di Napoli "Federico II", Napoli, Italy)</i>	
INSPIRE: Realizing the Dream of a Global Digital Library in High-Energy Physics	83
<i>Annette Holtkamp, Salvatore Mele, Tibor Šimko, Tim Smith (CERN, Geneva, Switzerland)</i>	

V Tools and Techniques

Mathematical Communication and Representation in a Virtual Learning Environment: A Case Study	95
<i>César Córcoles, Antonia Huertas (Open University of Catalonia, Barcelona, Spain)</i>	
Producing MathML with Tralics	105
<i>José Grimm (Institut National de Recherche en Informatique et en Automatique, Sophia Antipolis, France)</i>	
Symbol Declarations in Mathematical Writing: A Corpus Study	119
<i>Magdalena Wolska (Universität des Saarlandes, Saarbrücken, Germany), Mihai Grigore (Jacobs University, Bremen, Germany)</i>	
Subject Index	129
Name Index	133
Author Index	134
