

Aboalasaad ARR	
Analysis and Prediction of Compression Bandages Tension.....	6
Azeem M	
Hydrophobic Treatment of Nano-Filament Polyester Fabric.....	10
Boob S	
Characterization of Fiber Diameter Using Image Analysis.....	14
Danilová I	
Immobilization of Proteolytic Enzymes onto Silica Nanofibers.....	18
Drapáková Z	
Heat and Humidity Transfer in Multilayer Fabrics for Automotive Seats.....	22
Faheem S	
Comparative Performance of Flame Retardancy of Cotton Textiles Treated with Alkaline and Acid Suspension	27
Fung FT	
Small Increase in Clothing Pattern Relates to Thermal Insulation in Clothing of Woven Fabric.....	34
Heinisch T	
The Influence of Air Speed for Moisture Management.....	40
Jariyapunya N	
Designing Method for 3D Modeling for Garment Compression Values of Elastic Fabric Extension.....	44
Karthik D	
Development of Electrically Conductive Activated Carbon Fabric from Kevlar Fabric for Effective EMI Shielding Applications.....	49
Khalil AAS	
Estimate Thermal Comfort Properties of Bed Cover Produced from Double Honeycomb.....	51
Kovalova N	
Analysis of the Effect of Cyclic Loading on Seams Deformation in Car Seat Covers	55
Martinka M	
Measuring Vital Functions Using Smart Textiles.....	60
Naksuwan P	
Methodology of Recycled Poly (Ethylene Terephthalate) Nanofibres via Meltelectrospinning.....	64
Niimi Y	
A Proposal for Designing Knitted Fabric for the "Wear Promotes Exercise Effect" with the Purpose of Improving Comfort.....	67
Novotná J	
Experimental Study of the Conductivity of Various Size Forms Recycled Carbon Particles Used as Fillers of Polymer Composites.....	73
Novotná M	
Model Verification of Material Properties of Winded Composite Rods in Tensile Loading.....	78

Palanisamy S	
Study on Effect of Moisture Content and Electromagnetic Shielding Effectiveness of Cotton Knitted Fabric Threated with Various Liquid Media.....	84
Pechová M	
The Influence of Two Different Daylight Simulators on the Visual Assessment of Blue Samples under Different Luminance Levels.....	89
Periyasamy AP	
Sol-Gel Photochromic Fabrics.....	94
Razzaque A	
A Study on Waterproof and Thermal Performance of Coated Multi-Layered Breathable Laminated Fabrics.....	99
Samková A	
The Influence of Fiber Reinforcement on the Properties of Gypsum Plasters.....	106
Siddique HF	
Effect of Extensibility on Compression Pressure and Air-Permeation in Compression Socks.....	110
Veverková I	
Structure of Hybrid PVA/Silica Nanofibers for Antibacterial Biomedical Applications.....	121
Xiong X	
A New Approach to Apply Silica Aerogel into Nonwovens for Thermal Insulation...	125
Yang T	
Acoustic and Compression Behaviors of High-Loft Nonwovens.....	130
Zubair M	
Influence of Fabric Architecture and Material on Physical Properties of 3D Multilayer Woven Fabrics.....	135
