Contents

Introduction xi

1 Getting Started 1

Researching Integrated Library Systems 2
Types of Integrated Library Systems 4
Open-Source ILS Software 7
Evaluating Library Facility and Staffing 8
Cost-Benefit Analysis Worksheet 13

2 Evaluating Integrated Library System Software 15

Chart of ILS Vendors 16
Meeting with Sales Consultants 19
Product Demonstration and Evaluation of Software 19
Contacting Other Libraries for Information 27

3 Selecting the Hardware 29

ILS Determines Hardware Purchases 29
Hardware Purchasing Principles: Servers 31
Hardware Purchasing Principles: Workstations 33
Peripheral Devices 34
Backup Plans and Devices 35
Networks and Network Security 36

4 Added Features 39

Online Acquisitions Module 40
Serials Management Module 41
Interlibrary Loan Management 43
Automated Notification Systems 44
Federated Searching Tools 45

RFID and Self-Checkout 46
Public Computer Reservation and Print Management 48
E-Commerce 48

5 Working with the Sales Consultant 51

Seven Stages of the Working Relationship 52
Introduction 52
Questions and Answers 52
Demonstration 53
Product Demonstration Review Form 55
Request for Proposal 56
The Contract 57
The Invoice 58
After the Sale 58

6 Timeline for the ILS Project 61

Quick-Scan Timeline 62
Timeline with Details 63

7 Planning Creates Success 67

Strategic Plan 67
Strategic Plan Example 69
Technology Plan 70
Technology Plan Example 71
Approval Process 74

8 Creating the Budget 77

Vendor Price Comparison Grid 77
Preparing the Budget for Approval 81
Sample Budget 82
Justification Statement 84
Sample Justification Statement 85
Divulging the Proposed Budget for an ILS Project 86

9 Writing the Request for Proposal and Reviewing the Contract 87

Overview of the RFP Process 87
RFPs from Other Libraries and Vendors 88
Be Specific about What You Want and How You Want It to Work 89
Writing the RFP 90
System Specifications 93
Basic System Requirements 94
Modules 97
Project Management and Organization 101
Project Deliverables and Requirements 102
Instructions to Vendors 102
Evaluation Process 104
The Contract 106

10 Implementation, Installation, and Training 109

Network Installation and Upgrades 110
Electrical Wiring and Cable Installation 111
Peripherals 112
Add-Ons 112
Retrospective Conversion 113
Managing Existing Bar Codes in the Collection 114
Circulation Rules 115
Implementation Meetings with Staff 116
Marketing a New Integrated Library System to Patrons 118
Plan to Thank Funders 120
Planning the Appearance of the Library's Web Site 121
Installation of Hardware and ILS Software 122
Staff Training Sessions 122
Migration of Data 124
Going Live 124
Final Payment to the Vendor 124
A New Level of Service 125

Appendix A: ILS Vendors and Features Comparison Grid 127

Appendix B: Long-Range Strategic Plan for the Anywhere Public Library 2011–2021 128

Appendix C: Sample Technology Plan 135

Appendix D: Request For Proposal 141

Glossary 167
