## Part 1 The NANDA International Terminology – Organization and General Information

1	Introduction .....	2
2	What's New in the 2018–2020 Edition of <i>Diagnoses and Classification</i> .....	3
3	Changes and Revisions .....	4
3.1	Processes and Procedures for Diagnosis Submission and Review ..	4
3.2	Changes to Definitions of Health Promotion Diagnoses .....	6
3.3	New Nursing Diagnoses .....	7
3.4	Revised Nursing Diagnoses .....	7
3.5	Retired Nursing Diagnosis .....	7
3.6	Revisions to Nursing Diagnosis Labels .....	9
3.7	Standardization of Diagnostic Indicator Terms .....	21
3.8	Introduction of At-Risk Populations and Associated Conditions ..	23
4	Governance and Organization .....	25
4.1	International Considerations on the Use of the <i>NANDA-I Nursing Diagnoses</i> .....	25
4.2	NANDA International Position Statements .....	27
4.3	An Invitation to Join NANDA International .....	28

## Part 2 The Theory Behind NANDA International Nursing Diagnoses

5	Nursing Diagnosis Basics .....	34
5.1	Introduction .....	34
5.2	How Does a Nurse (or Nursing Student) Diagnose? .....	36
5.3	Understanding Nursing Concepts .....	37
5.4	Assessment .....	37
5.5	Nursing Diagnosis .....	38
5.6	Planning/Intervention .....	41
5.7	Evaluation .....	42
5.8	Use of Nursing Diagnosis .....	43
5.9	Brief Chapter Summary .....	44
5.10	References .....	44

<b>6</b>	<b>Clinical Reasoning: From Assessment to Diagnosis . . . . .</b>	45
6.1	Introduction . . . . .	45
6.2	The Nursing Process . . . . .	48
6.3	Data Analysis . . . . .	55
6.4	Identifying Potential Nursing Diagnoses (Diagnostic Hypotheses) . . . . .	60
6.5	In-Depth Assessment . . . . .	62
6.6	Summary . . . . .	72

<b>10</b>	<b>Glossary of Terms .....</b>	<b>133</b>
10.1	Nursing Diagnosis.....	133
10.2	Diagnostic Axes.....	134
10.3	Components of a Nursing Diagnosis .....	136
10.4	Definitions for Classification of Nursing Diagnoses.....	137
10.5	References .....	138

## Part 3 The NANDA International Nursing Diagnoses

### Domain 1. Health promotion ..... 141

#### Class 1. Health awareness

Decreased diversional activity engagement .....	142
Readiness for enhanced <b>health literacy</b> .....	143
Sedentary lifestyle .....	144

#### Class 2. Health management

Frail elderly syndrome.....	145
Risk for <b>frail elderly syndrome</b> .....	147
Deficient community health .....	148
Risk-prone <b>health behavior</b> .....	149
Ineffective <b>health maintenance</b> .....	150
Ineffective <b>health management</b> .....	151
Readiness for enhanced <b>health management</b> .....	152
Ineffective family <b>health management</b> .....	153
Ineffective <b>protection</b> .....	154

### Domain 2. Nutrition ..... 155

#### Class 1. Ingestion

Imbalanced <b>nutrition</b> : less than body requirements .....	157
Readiness for enhanced <b>nutrition</b> .....	158
Insufficient <b>breast milk production</b> .....	159
Ineffective <b>breastfeeding</b> .....	160
Interrupted <b>breastfeeding</b> .....	161
Readiness for enhanced <b>breastfeeding</b> .....	162
Ineffective adolescent <b>eating dynamics</b> .....	163
Ineffective child <b>eating dynamics</b> .....	164
Ineffective infant <b>feeding dynamics</b> .....	166
Ineffective infant <b>feeding pattern</b> .....	168
<b>Obesity</b> .....	169
<b>Overweight</b> .....	170

Risk for <b>overweight</b> . . . . .	172
Impaired <b>swallowing</b> . . . . .	173
<b>Class 2. Digestion</b>	
This class does not currently contain any diagnoses. . . . .	175
<b>Class 3. Absorption</b>	
This class does not currently contain any diagnoses. . . . .	176
<b>Class 4. Metabolism</b>	
Risk for unstable <b>blood glucose level</b> . . . . .	177
Neonatal <b>hyperbilirubinemia</b> . . . . .	178
Risk for neonatal <b>hyperbilirubinemia</b> . . . . .	179
Risk for impaired <b>liver function</b> . . . . .	180
Risk for <b>metabolic imbalance syndrome</b> . . . . .	181
<b>Class 5. Hydration</b>	
Risk for <b>electrolyte imbalance</b> . . . . .	182
Risk for <b>imbalanced fluid volume</b> . . . . .	183
Deficient <b>fluid volume</b> . . . . .	184
Risk for deficient <b>fluid volume</b> . . . . .	185
Excess <b>fluid volume</b> . . . . .	186
<b>Domain 3. Elimination and exchange</b> . . . . .	187
<b>Class 1. Urinary function</b>	
Impaired <b>urinary elimination</b> . . . . .	189
Functional <b>urinary incontinence</b> . . . . .	190
Overflow <b>urinary incontinence</b> . . . . .	191
Reflex <b>urinary incontinence</b> . . . . .	192
Stress <b>urinary incontinence</b> . . . . .	193
Urge <b>urinary incontinence</b> . . . . .	194
Risk for urge <b>urinary incontinence</b> . . . . .	195
Urinary <b>retention</b> . . . . .	196
<b>Class 2. Gastrointestinal function</b>	
<b>Constipation</b> . . . . .	197
Risk for <b>constipation</b> . . . . .	199
Perceived <b>constipation</b> . . . . .	200
Chronic <b>functional constipation</b> . . . . .	201
Risk for chronic <b>functional constipation</b> . . . . .	203
<b>Diarrhea</b> . . . . .	204
Dysfunctional <b>gastrointestinal motility</b> . . . . .	205
Risk for dysfunctional <b>gastrointestinal motility</b> . . . . .	206
Bowel <b>incontinence</b> . . . . .	207
<b>Domain 4. Body image</b> . . . . .	276
Disturbed <b>body image</b> . . . . .	276

<b>Class 3. Integumentary function</b>	.....	208
This class does not currently contain any diagnoses.....	.....	208
<b>Class 4. Respiratory function</b>	.....	209
Impaired gas exchange .....	.....	209
<b>Domain 4. Activity/rest</b> .....	.....	211
<b>Class 1. Sleep/rest</b>	.....	
<b>Insomnia</b> .....	.....	213
<b>Sleep deprivation</b> .....	.....	214
Readiness for enhanced sleep .....	.....	215
Disturbed sleep pattern .....	.....	216
<b>Class 2. Activity/exercise</b>	.....	
Risk for disuse syndrome .....	.....	217
Impaired bed mobility .....	.....	218
Impaired physical mobility .....	.....	219
Impaired wheelchair mobility .....	.....	220
Impaired sitting .....	.....	221
Impaired standing .....	.....	222
Impaired transfer ability .....	.....	223
Impaired walking .....	.....	224
<b>Class 3. Energy balance</b>	.....	
<b>Imbalanced energy field</b> .....	.....	225
<b>Fatigue</b> .....	.....	226
<b>Wandering</b> .....	.....	227
<b>Class 4. Cardiovascular/pulmonary responses</b>	.....	
<b>Activity intolerance</b> .....	.....	228
Risk for <b>activity intolerance</b> .....	.....	229
Ineffective breathing pattern .....	.....	230
Decreased cardiac output .....	.....	231
Risk for decreased cardiac output .....	.....	233
Impaired spontaneous ventilation .....	.....	234
Risk for unstable blood pressure .....	.....	235
Risk for decreased cardiac tissue perfusion .....	.....	236
Risk for ineffective cerebral tissue perfusion .....	.....	237
Ineffective peripheral tissue perfusion .....	.....	238
Risk for ineffective peripheral tissue perfusion .....	.....	239
Dysfunctional ventilatory weaning response .....	.....	240
<b>Class 5. Self-care</b>	.....	
<b>Impaired home maintenance</b> .....	.....	242
Bathing self-care deficit .....	.....	243
Dressing self-care deficit .....	.....	244

Feeding self-care deficit .....	245
Toileting self-care deficit .....	246
Readiness for enhanced self-care .....	247
Self-neglect .....	248
<b>Domain 5. Perception/cognition .....</b>	<b>249</b>
<b>Class 1. Attention .....</b>	
Unilateral neglect .....	251
<b>Class 2. Orientation .....</b>	
This class does not currently contain any diagnoses.....	252
<b>Class 3. Sensation/perception .....</b>	
This class does not currently contain any diagnoses.....	253
<b>Class 4. Cognition .....</b>	
Acute confusion .....	254
Risk for acute confusion .....	255
Chronic confusion .....	256
Labile emotional control .....	257
Ineffective impulse control.....	258
Deficient knowledge.....	259
Readiness for enhanced knowledge.....	260
Impaired memory.....	261
<b>Class 5. Communication .....</b>	
Readiness for enhanced communication.....	262
Impaired verbal communication .....	263
<b>Domain 6. Self-perception .....</b>	<b>265</b>
<b>Class 1. Self-concept .....</b>	
Hopelessness .....	266
Readiness for enhanced hope .....	267
Risk for compromised human dignity .....	268
Disturbed personal identity .....	269
Risk for disturbed personal identity.....	270
Readiness for enhanced self-concept.....	271
<b>Class 2. Self-esteem .....</b>	
Chronic low self-esteem .....	272
Risk for chronic low self-esteem.....	273
Situational low self-esteem .....	274
Risk for situational low self-esteem .....	275
<b>Class 3. Body image .....</b>	
Disturbed body image .....	276

## Domain 7. Role relationship ..... 277

### Class 1. Caregiving roles

Caregiver role strain .....	278
Risk for caregiver role strain .....	281
Impaired parenting .....	283
Risk for impaired parenting .....	286
Readiness for enhanced parenting .....	288

### Class 2. Family relationships

Risk for impaired attachment .....	289
Dysfunctional family processes .....	290
Interrupted family processes .....	293
Readiness for enhanced family processes .....	294

### Class 3. Role performance

Ineffective relationship .....	295
Risk for ineffective relationship .....	296
Readiness for enhanced relationship .....	297
Parental role conflict .....	298
Ineffective role performance .....	299
Impaired social interaction .....	301

## Domain 8. Sexuality ..... 303

### Class 1. Sexual identity

This class does not currently contain any diagnoses..	304
---	-----

### Class 2. Sexual function

Sexual dysfunction .....	305
Ineffective sexuality pattern .....	306

### Class 3. Reproduction

Ineffective childbearing process .....	307
Risk for ineffective childbearing process .....	309
Readiness for enhanced childbearing process .....	310
Risk for disturbed maternal-fetal dyad .....	311

## Domain 9. Coping/stress tolerance ..... 313

### Class 1. Post-trauma responses

Risk for complicated immigration transition .....	315
Post-trauma syndrome .....	316
Risk for post-trauma syndrome .....	318
Rape-trauma syndrome .....	319
Relocation stress syndrome .....	320
Risk for relocation stress syndrome .....	321

<b>Class 2. Coping responses</b>	
Ineffective activity planning . . . . .	322
Risk for ineffective activity planning . . . . .	323
Anxiety . . . . .	324
Defensive coping . . . . .	326
Ineffective coping . . . . .	327
Readiness for enhanced coping . . . . .	328
Ineffective community coping . . . . .	329
Readiness for enhanced community coping . . . . .	330
Compromised family coping . . . . .	331
Disabled family coping . . . . .	333
Readiness for enhanced family coping . . . . .	334
Death anxiety . . . . .	335
Ineffective denial . . . . .	336
Fear . . . . .	337
Grieving . . . . .	339
Complicated grieving . . . . .	340
Risk for complicated grieving . . . . .	341
Impaired mood regulation . . . . .	342
Powerlessness . . . . .	343
Risk for powerlessness . . . . .	344
Readiness for enhanced power . . . . .	345
Impaired resilience . . . . .	346
Risk for impaired resilience . . . . .	347
Readiness for enhanced resilience . . . . .	348
Chronic sorrow . . . . .	349
Stress overload . . . . .	350
<b>Class 3. Neurobehavioral stress</b>	
Acute substance withdrawal syndrome . . . . .	351
Risk for acute substance withdrawal syndrome . . . . .	352
Autonomic dysreflexia . . . . .	353
Risk for autonomic dysreflexia . . . . .	355
Decreased intracranial adaptive capacity . . . . .	357
Neonatal abstinence syndrome . . . . .	358
Disorganized infant behavior . . . . .	359
Risk for disorganized infant behavior . . . . .	361
Readiness for enhanced organized infant behavior . . . . .	362
<b>Domain 10. Life principles</b> . . . . .	363
<b>Class 1. Values</b>	
This class does not currently contain any diagnoses . . . . .	364
<b>Class 2. Beliefs</b>	
Readiness for enhanced spiritual well-being . . . . .	365
<b>Class 3. Value/belief/action congruence</b>	
Readiness for enhanced decision-making . . . . .	366

<b>Domain 10. Spiritual well-being</b>	367
<b>Class 1.</b>	
<b>PSE</b>	
<b>Decisional conflict</b> .....	367
Impaired emancipated decision-making .....	368
Risk for impaired emancipated decision-making .....	369
Readiness for enhanced emancipated decision-making .....	370
<b>Moral distress</b> .....	371
Impaired religiosity .....	372
Risk for impaired religiosity .....	373
Readiness for enhanced religiosity .....	374
<b>Spiritual distress</b> .....	375
Risk for spiritual distress .....	377
<b>Domain 11. Safety/protection</b> .....	379
<b>Class 1. Infection</b>	
Risk for infection .....	382
Risk for surgical site infection .....	383
<b>Class 2. Physical injury</b>	
<b>SPI</b>	
<b>Ineffective airway clearance</b> .....	384
Risk for aspiration .....	385
Risk for bleeding .....	386
<b>DMC</b>	
<b>Impaired dentition</b> .....	387
Risk for dry eye .....	388
<b>Dome</b>	
<b>Risk for dry mouth</b> .....	389
<b>Risk for falls</b> .....	390
<b>Class 1.</b>	
<b>Risk for corneal injury</b> .....	392
<b>Risk for injury</b> .....	393
<b>Risk for urinary tract injury</b> .....	394
<b>Class 2.</b>	
<b>Risk for perioperative positioning injury</b> .....	395
<b>TCE</b>	
<b>Risk for thermal injury</b> .....	396
<b>SPIE</b>	
<b>Impaired oral mucous membrane integrity</b> .....	397
<b>EDE</b>	
<b>Risk for impaired oral mucous membrane integrity</b> .....	399
<b>DMC</b>	
<b>Risk for peripheral neurovascular dysfunction</b> .....	400
<b>TCE</b>	
<b>Risk for physical trauma</b> .....	401
<b>SPIE</b>	
<b>Risk for vascular trauma</b> .....	403
<b>DMC</b>	
<b>Risk for pressure ulcer</b> .....	404
<b>TCE</b>	
<b>Risk for shock</b> .....	405
<b>SPIE</b>	
<b>Impaired skin integrity</b> .....	406
<b>DMC</b>	
<b>Risk for impaired skin integrity</b> .....	407
<b>TCE</b>	
<b>Risk for sudden infant death</b> .....	408
<b>SPIE</b>	
<b>Risk for suffocation</b> .....	409
<b>DMC</b>	
<b>Delayed surgical recovery</b> .....	410
<b>TCE</b>	
<b>Risk for delayed surgical recovery</b> .....	411
<b>SPIE</b>	
<b>Impaired tissue integrity</b> .....	412
<b>DMC</b>	
<b>Risk for impaired tissue integrity</b> .....	413
<b>TCE</b>	
<b>Risk for venous thromboembolism</b> .....	414

<b>Class 3. Violence</b>	
Risk for <b>female genital mutilation</b> .....	415
Risk for <b>other-directed violence</b> .....	416
Risk for <b>self-directed violence</b> .....	417
<b>Self-mutilation</b> .....	418
Risk for <b>self-mutilation</b> .....	420
Risk for <b>suicide</b> .....	422
<b>Class 4. Environmental hazards</b>	
<b>Contamination</b> .....	424
Risk for <b>contamination</b> .....	426
Risk for <b>occupational injury</b> .....	427
Risk for <b>poisoning</b> .....	428
<b>Class 5. Defensive processes</b>	
Risk for <b>adverse reaction to iodinated contrast media</b> .....	429
Risk for <b>allergy reaction</b> .....	430
<b>Latex allergy reaction</b> .....	431
Risk for <b>latex allergy reaction</b> .....	433
<b>Class 6. Thermoregulation</b>	
<b>Hyperthermia</b> .....	434
<b>Hypothermia</b> .....	435
Risk for <b>hypothermia</b> .....	437
Risk for <b>perioperative hypothermia</b> .....	438
<b>Ineffective thermoregulation</b> .....	439
Risk for <b>ineffective thermoregulation</b> .....	440
<b>Domain 12. Comfort</b> .....	441
<b>Class 1. Physical comfort</b>	
<b>Impaired comfort</b> .....	442
Readiness for enhanced <b>comfort</b> .....	443
<b>Nausea</b> .....	444
<b>Acute pain</b> .....	445
<b>Chronic pain</b> .....	446
<b>Chronic pain syndrome</b> .....	448
<b>Labor pain</b> .....	449
<b>Class 2. Environmental comfort</b>	
<b>Impaired comfort</b> .....	450
Readiness for enhanced <b>comfort</b> .....	451
<b>Class 3. Social comfort</b>	
<b>Impaired comfort</b> .....	452
Readiness for enhanced <b>comfort</b> .....	453
Risk for <b>loneliness</b> .....	454
<b>Social isolation</b> .....	455

<b>Domain 13. Growth/development</b>	457
<b>Class 1. Growth</b>	
This class does not currently contain any diagnoses	458
<b>Class 2. Development</b>	
Risk for delayed development	459
<b>Index</b>	460
<b>Concepts</b>	471
<b>Class 1. Infection</b>	
Risk for infection	382
Risk for nosocomial infection	383
Risk for secondary infection	383
<b>Class 2. Physical injury</b>	
Risk for aspiration	384
Risk for bleeding	385
Impaired dentition	387
Risk for dry eye	388
Risk for dry mouth	388
Risk for falls	389
Risk for corneal injury	390
Risk for injury	391
Risk for urinary tract injury	394
Risk for peroperative positioning	395
Risk for thermal injury	396
Impaired oral mucous membrane integrity	397
Risk for impaired oral mucous membrane integrity	398
Risk for peripheral neurovascular dysfunction	398
Risk for physical trauma	401
Risk for vascular trauma	403
Risk for pressure ulcer	404
Risk for shock	405
Impaired skin integrity	405
Risk for impaired skin integrity	407
Risk for sudden infant death syndrome	409
Risk for suffocation	409
Delayed surgical recovery	410
Risk for delayed surgical recovery	411
Impaired tissue perfusion	412
Risk for impaired tissue perfusion	413
Risk for venous thromboembolism	414
Risk for hypotension	414
Risk for hypoxia	415
<b>Class 3. Gout/colic</b>	
Risk for gout	416
Risk for kidney stone	416
Risk for gallbladder colic	417
Risk for kidney stone	417
Risk for gallbladder colic	418
Risk for liver function test abnormalities	418
Risk for hypoglycemia	419
Risk for hypertension	419
Risk for hyperlipidemia	420
Risk for hypoglycemia	420
Risk for hypertension	421
Risk for hyperlipidemia	421
Risk for hypoglycemia	422
Risk for hypertension	422
Risk for hyperlipidemia	423
Risk for hypoglycemia	423
Risk for hypertension	424
Risk for hyperlipidemia	424
Risk for hypoglycemia	425
Risk for hypertension	425
Risk for hyperlipidemia	426
Risk for hypoglycemia	426
Risk for hypertension	427
Risk for hyperlipidemia	427
Risk for hypoglycemia	428
Risk for hypertension	428
Risk for hyperlipidemia	429
Risk for hypoglycemia	429
Risk for hypertension	430
Risk for hyperlipidemia	430
Risk for hypoglycemia	431
Risk for hypertension	431
Risk for hyperlipidemia	432
Risk for hypoglycemia	432
Risk for hypertension	433
Risk for hyperlipidemia	433
Risk for hypoglycemia	434
Risk for hypertension	434
Risk for hyperlipidemia	435
Risk for hypoglycemia	435
Risk for hypertension	436
Risk for hyperlipidemia	436
Risk for hypoglycemia	437
Risk for hypertension	437
Risk for hyperlipidemia	438
Risk for hypoglycemia	438
Risk for hypertension	439
Risk for hyperlipidemia	439
Risk for hypoglycemia	440
Risk for hypertension	440
Risk for hyperlipidemia	441
Risk for hypoglycemia	441
Risk for hypertension	442
Risk for hyperlipidemia	442
Risk for hypoglycemia	443
Risk for hypertension	443
Risk for hyperlipidemia	444
Risk for hypoglycemia	444
Risk for hypertension	445
Risk for hyperlipidemia	445
Risk for hypoglycemia	446
Risk for hypertension	446
Risk for hyperlipidemia	447
Risk for hypoglycemia	447
Risk for hypertension	448
Risk for hyperlipidemia	448
Risk for hypoglycemia	449
Risk for hypertension	449
Risk for hyperlipidemia	450
Risk for hypoglycemia	450
Risk for hypertension	451
Risk for hyperlipidemia	451
Risk for hypoglycemia	452
Risk for hypertension	452
Risk for hyperlipidemia	453
Risk for hypoglycemia	453
Risk for hypertension	454
Risk for hyperlipidemia	454
Risk for hypoglycemia	455
Risk for hypertension	455
Risk for hyperlipidemia	456
Risk for hypoglycemia	456
Risk for hypertension	457
Risk for hyperlipidemia	457
Risk for hypoglycemia	458
Risk for hypertension	458
Risk for hyperlipidemia	459
Risk for hypoglycemia	459
Risk for hypertension	460
Risk for hyperlipidemia	460
Risk for hypoglycemia	461
Risk for hypertension	461
Risk for hyperlipidemia	462
Risk for hypoglycemia	462
Risk for hypertension	463
Risk for hyperlipidemia	463
Risk for hypoglycemia	464
Risk for hypertension	464
Risk for hyperlipidemia	465
Risk for hypoglycemia	465
Risk for hypertension	466
Risk for hyperlipidemia	466
Risk for hypoglycemia	467
Risk for hypertension	467
Risk for hyperlipidemia	468
Risk for hypoglycemia	468
Risk for hypertension	469
Risk for hyperlipidemia	469
Risk for hypoglycemia	470
Risk for hypertension	470
Risk for hyperlipidemia	471
