

# BRIEF CONTENTS

## Basic Features of C

|           |                        |     |
|-----------|------------------------|-----|
| <b>1</b>  | Introducing C          | 1   |
| <b>2</b>  | C Fundamentals         | 9   |
| <b>3</b>  | Formatted Input/Output | 37  |
| <b>4</b>  | Expressions            | 53  |
| <b>5</b>  | Selection Statements   | 73  |
| <b>6</b>  | Loops                  | 99  |
| <b>7</b>  | Basic Types            | 125 |
| <b>8</b>  | Arrays                 | 161 |
| <b>9</b>  | Functions              | 183 |
| <b>10</b> | Program Organization   | 219 |

## The Standard C Library

|           |                                                   |     |
|-----------|---------------------------------------------------|-----|
| <b>21</b> | The Standard Library                              | 529 |
| <b>22</b> | Input/Output                                      | 539 |
| <b>23</b> | Library Support for Numbers<br>and Character Data | 589 |
| <b>24</b> | Error Handling                                    | 627 |
| <b>25</b> | International Features                            | 641 |
| <b>26</b> | Miscellaneous Library<br>Functions                | 677 |
| <b>27</b> | Additional C99 Support for<br>Mathematics         | 705 |

## Advanced Features of C

|           |                                         |     |
|-----------|-----------------------------------------|-----|
| <b>11</b> | Pointers                                | 241 |
| <b>12</b> | Pointers and Arrays                     | 257 |
| <b>13</b> | Strings                                 | 277 |
| <b>14</b> | The Preprocessor                        | 315 |
| <b>15</b> | Writing Large Programs                  | 349 |
| <b>16</b> | Structures, Unions, and<br>Enumerations | 377 |
| <b>17</b> | Advanced Uses of Pointers               | 413 |
| <b>18</b> | Declarations                            | 457 |
| <b>19</b> | Program Design                          | 483 |
| <b>20</b> | Low-Level Programming                   | 509 |

## Reference

|          |                            |     |
|----------|----------------------------|-----|
| <b>A</b> | C Operators                | 735 |
| <b>B</b> | C99 versus C89             | 737 |
| <b>C</b> | C89 versus K&R C           | 743 |
| <b>D</b> | Standard Library Functions | 747 |
| <b>E</b> | ASCII Character Set        | 801 |
