

CONTENTS

Contributors, iv
Preface, ix

PART I: Nutrition Assessment

1 Intake: Digestion, Absorption, Transport, and Excretion of Nutrients, 2

Kelly A. Tappenden, PhD, RDN, FASPEN

- The Gastrointestinal Tract, 2
- Brief Overview of Digestive and Absorptive Processes, 3
- The Small Intestine: Primary Site of Nutrient Absorption, 8
- The Large Intestine, 10
- Useful Websites, 16

2 Intake: Energy, 17

Carol S. Ireton-Jones, PhD, RDN, LD, CNSC, FAND, FASPEN

- Energy Requirements, 17
- Components of Energy Expenditure, 17
- Estimating Energy Requirements, 21
- Calculating Food Energy, 25
- Useful Websites/Apps, 26

3 Inflammation and the Pathophysiology of Chronic Disease, 28

Diana Noland, MPH, RD, CCN, LD

- Epidemic of Chronic Disease, 28
- Concepts of Chronic Disease Pathophysiology, 29
- Inflammation: Common Denominator of Chronic Disease, 30
- Nutrient Modulators of Inflammation, 35
- Reducing Inflammation in the Body, 39
- Prolonged Inflammation Expression Specific to Major Chronic Diseases, 44
- Summary, 47
- Useful Websites, 47

4 Intake: Analysis of the Diet, 52

Kathleen A. Hammond, MS, RN, BSN, BSHE, RDN, LD

L. Kathleen Mahan, RDN, MS, CD

- Nutrition Screening, 52
- Nutrition Assessment, 55
- Analysis of Dietary Intake Data, 61
- Useful Websites, 62

5 Clinical: Nutritional Genomics, 64

Ruth DeBusk, PhD, RDN

- The Human Genome Project and the “Omic” Disciplines, 65
- Genotype and Nutrition Assessment, 67
- Genetic Fundamentals, 67
- Genetics and Nutrition Therapy, 76
- Ethical, Legal, and Social Implications, 81
- Summary, 82
- Useful Websites, 83

6 Clinical: Water, Electrolytes, and Acid-Base Balance, 85

Mandy L. Corrigan, MPH, RD, CNSC, FAND

- Body Water, 85
- Electrolytes, 89
- Acid-Base Balance, 93
- Acid-Base Disorders, 95
- Useful Websites, Tools/Calculators, and Apps, 96

7 Clinical: Biochemical, Physical, and Functional Assessment, 98

Mary Demarest Litchford, PhD, RDN, LDN

- Biochemical Assessment of Nutrition Status, 98
- Nutrition Interpretation of Routine Medical Laboratory Tests, 100
- Assessment of Hydration Status, 103
- Assessment for Nutritional Anemias, 105
- Fat-Soluble Vitamins, 107
- Water-Soluble Vitamins and Trace Minerals, 108
- Chronic Disease Risk Assessment, 109
- Physical Assessments, 111
- Nutrition-Focused Physical Assessment, 116
- Useful Websites, 120

8 Clinical: Food-Drug Interactions, 122

Lisa L. Deal, PharmD, BCPS, BSN, RN

DeeAnna Wales VanReken, MS, RDN, CD

- Pharmacologic Aspects of Food-Drug Interactions, 122
- Risk Factors for Food-Drug Interactions, 124
- Effects of Food on Drug Therapy, 126
- Medication and Enteral Nutrition Interactions, 127
- Effects of Drugs on Food and Nutrition, 128
- Modification of Drug Action by Food and Nutrients, 130
- Effects of Drugs on Nutrition Status, 132
- Excipients and Food-Drug Interactions, 134
- Medical Nutrition Therapy, 136
- Useful Websites, 137

9 Behavioral-Environmental: The Individual in the Community, 139

Judith L. Dodd, MS, RDN, LDN, FAND

Cynthia Taft Bayerl, MS, RDN, LDN, FAND

Lisa Mays, MPH, RDN

- Social Determinants of Health, 139
- Nutrition Practice in the Community, 140
- Needs Assessment for Community-Based Nutrition Services, 141
- National Nutrition Surveys, 142
- National Nutrition Guidelines and Goals, 143
- Food Assistance and Nutrition Programs, 145
- Foodborne Illness, 145
- Food and Water Safety, 151
- Disaster Planning, 153
- Healthy Food and Water Systems and Sustainability, 154
- Summary: A Work in Progress, 154
- Useful Websites, 154

PART II: Nutrition Diagnosis and Intervention

10 Overview of Nutrition Diagnosis and Intervention, 158

Pamela Charney, PhD, RD, CHTS-CP

Alison Steiber, PhD, RDN

The Nutrition Care Process, 158

Documentation in the Nutrition Care Record, 164

Influences on Nutrition and Health Care, 167

Nutrition Interventions, 169

Nutrition for the Terminally Ill or Hospice Patient, 171

Useful Websites, 172

11 Food and Nutrient Delivery: Diet Guidelines, Nutrient Standards, and Cultural Competence, 173

Martin M. Yadrack, MBI, MS, RDN, FAND

Determining Nutrient Needs, 173

Worldwide Guidelines, 173

Nutritional Status of Americans, 177

National Guidelines for Diet Planning, 183

Food and Nutrient Labeling, 184

Dietary Patterns and Counseling Tips, 187

Cultural Aspects of Dietary Planning, 188

Useful Websites, 190

12 Food and Nutrient Delivery: Complementary and Integrative Medicine and Dietary Supplementation, 191

Kelly Morrow, MS, RDN

Complementary and Integrative Medicine, 191

Use of Complementary and Integrative Therapies, 191

Dietary Supplementation, 194

Dietary Supplement Regulation, 196

Assessment of Dietary Supplement

Use in Patients, 199

Useful Websites, 207

13 Food and Nutrient Delivery: Nutrition Support, 209

Carol S. Ireton-Jones, PhD, RDN, LD, CNSC, FAND, FASPEN

Mary Krystofiak Russell, MS, RDN, LDN, FAND

Rationale and Criteria for Appropriate Nutrition Support, 209

Enteral Nutrition, 210

Enteral Nutrition Access, 210

Parenteral Nutrition, 217

Complications, 221

Refeeding Syndrome, 222

Transitional Feeding, 223

Nutrition Support in Long-Term and Home Care, 224

Useful Websites, 225

14 Education and Counseling: Behavioral Change, 227

Karen Chapman-Novakofski, PhD, RDN, LDN

Behavior Change, 227

Models for Behavior Change, 227

Models for Counseling Strategies, 228

Models for Educational Program Development, 229

Skills and Attributes of the Nutrition Educator or Counselor, 229

Assessment Results: Choosing Focus Areas, 231

Counseling Approaches after the Assessment, 232

Unsure-About-Change Counseling Sessions, 233

Resistance Behaviors and Strategies to

Modify them, 233

Ready-To-Change Counseling Sessions, 235

Evaluation of Effectiveness, 235

Summary, 236

Useful Websites, 236

PART III: Nutrition in the Life Cycle

15 Nutrition for Reproductive Health and Lactation, 239

Jean T. Cox, MS, RD, LN

Virginia H. Carney, MPH, RDN, LDN, IBCLC, RLC, FILCA, FAND

Preconception and Fertility, 239

Conception, 243

Pregnancy, 243

Postpartum Period = Preconceptual Period, 280

Lactation, 281

Useful Websites, 295

16 Nutrition in Infancy, 300

Kelly N. McKean, MS, RDN, CSP, CD

Mari O. Mazon, MS, RDN, CD

Physiologic Development, 300

Nutrient Requirements, 301

Milk, 304

Food, 307

Feeding, 307

Useful Websites, 312

17 Nutrition in Childhood, 314

Beth Ogata, MS, RDN, CD, CSP

Sharon A. Feucht, MA, RDN, CD

Betty L. Lucas, MPH, RDN, CD

Growth and Development, 314

Nutrient Requirements, 316

Providing an Adequate Diet, 318

Nutritional Concerns, 324

Preventing Chronic Disease, 327

Useful Websites, 329

18 Nutrition in Adolescence, 331

Nicole Larson, PhD, MPH, RDN, LD

Jamie S. Stang, PhD, MPH, RDN

Tashara Leak, PhD, RDN

Growth and Development, 331

Nutrient Requirements, 334

Food Habits and Eating Behaviors, 338

Nutrition Screening, Assessment, and Counseling, 340

Special Concerns, 341

Useful Websites, 349

19 Nutrition in the Adult Years, 352*Judith L. Dodd, MS, RDN, LDN, FAND*

Setting the Stage: Nutrition in the Adult Years, 352

Setting the Stage: Messages, 352

Information Sources, 354

Lifestyle Health Risk Factors, 357

Health Disparities and Access to Care, 357

Interventions, Nutrition, and Prevention, 359

Food Trends and Patterns, 359

Nutritional Supplementation, 360

Functional Foods, 360

Healthy Food and Water Systems
and Sustainability, 363

Adult Health Next Steps, 363

Useful Websites, 363

20 Nutrition in Aging, 367*Nancy S. Wellman, PhD, RDN, FAND**Barbara J. Kamp, MS, RDN*

The Older Population, 367

Gerontology + Geriatrics = The Spectrum of
Aging, 368Nutrition in Health Promotion and Disease
Prevention, 368

Theories on Aging, 369

Physiologic Changes, 369

Quality of Life, 372

Nutrition Screening and Assessment, 375

Nutrition Needs, 375

Medicare Benefits, 376

Nutrition Support Services, 377

Community and Residential Facilities for Older
Adults, 378

Useful Websites, 380

Medical Nutrition Therapy and Counseling, 417
Useful Websites, 424**23 Nutrition in Exercise and Sports Performance, 426***Lisa Dorfman, MS, RDN, CSSD, LMHC, FAND*An Integrative Approach to Working
with Athletes, 426

Bioenergetics of Physical Activity, 426

Fuels for Contracting Muscles, 428

Nutritional Requirements of Exercise, 429

Weight Management, 430

Weight Management and Aesthetics, 431

Macronutrients, 432

Carbohydrate, 432

Protein, 436

Fat, 437

Fluid, 437

Other Considerations, 440

Vitamins and Minerals, 440

Minerals, 443

Ergogenic Aids, 444

Ergogenic Aids for High Intensity Exercise, 446

Herbs, 448

Performance Enhancement Substances and Drugs
(PES/PED): Doping in Sport, 450

Useful Websites, 452

24 Nutrition and Bone Health, 456*Karen Chapman-Novakofski, PhD, RDN, LDN*

Bone Structure and Bone Physiology, 456

Osteopenia and Osteoporosis, 459

Diagnosis and Monitoring, 461

Nutrition and Bone, 462

Prevention of Osteoporosis and Fractures, 465

Treatment of Osteoporosis, 465

Useful Websites, 466

25 Nutrition for Oral and Dental Health, 468*Diane Rigassio Radler, PhD, RDN*

Nutrition for Tooth Development, 468

Dental Caries, 468

Early Childhood Caries, 473

Caries Prevention, 473

Tooth Loss and Dentures, 473

Other Oral Disorders, 474

Periodontal Disease, 475

Oral Manifestations of Systemic Disease, 475

Useful Websites, 477

PART IV: Nutrition for Health and Fitness**21 Nutrition in Weight Management, 383***Lucinda K. Lysen, RDN, RN, BSN**Donna A. Israel, PhD, RDN, LPC, FADA, FAND*

Body Weight Components, 383

Regulation of Body Weight, 385

Weight Imbalance: Overweight and Obesity, 387

Management of Obesity in Adults, 392

Common Problems in Obesity Treatment, 400

Weight Management in Children and Adolescents, 402

Weight Imbalance: Excessive Leanness or
Unintentional Weight Loss, 402

Useful Websites, 404

22 Nutrition in Eating Disorders, 407*Janet E. Schebendach, PhD, RDN**Justine Roth, MS, RDN*Clinical Characteristics and Medical
Complications, 410

Treatment Approach, 412

Psychologic Management, 413

Nutrition Management, 413

PART V: Medical Nutrition Therapy**26 Medical Nutrition Therapy for Adverse Reactions to
Food: Allergies and Intolerances, 479***L. Kathleen Mahan, MS, RDN, CD**Kathie Madonna Swift, MS, RDN, LDN, FAND*

Consultant Reviewer: Janice M. Joneja, PhD, RD
