

Study and protection of an enigmatic bird from agricultural landscapes	3
Introducing the studied species	3
What we know about Corncrakes	4
What is satellite telemetry?	6
Project objectives	8
Monitoring and tagging methods	8
How we used satellite transmitters to follow Corncrakes in the field	10
Project results	13
Behaviour in breeding areas	13
Basic data for all tagged birds	15
Experiences in Corncrake protection	15
Migration	19
Conclusions	21
Animal species typical for biotopes of Corncrakes	21
Final remarks	22
Acknowledgements	23
