

Introduction	7
<i>Urban Jan, Margielewski Włodzimierz, Alexandrowicz Zofia, Mleczek Tomasz</i>	
Excursion guide-book	9
Pre-Symposium excursion	11
Symposium excursions	17
Post-Symposium excursion	33

Abstracts

Alexandrowicz Zofia

Distribution of sandstone tors controlled by geological patterns in the Polish Carpathian foothills	39
--	-----------

Bella Pavel, Gaál Ľudovít

Tree mould caves in the framework of cave genetic classification	41
---	-----------

Demek Jaromír, Jenka Oldřich, Kopecký Jiří

Protected pseudokarst areas in Czech Republic	43
--	-----------

Dumnicka Elżbieta.

Stream bottom fauna in Jaskinia Miecharska cave, Beskid Śląski Mts. (Poland)	45
---	-----------

Eszterhás Istvan

Genesis of the sandstone caves in Hungary	46
--	-----------

Głazek Jerzy

Karst related phenomena – the problems of proper nomenclature	47
--	-----------

Holúbek Peter

Suffosion (piping) cave in the foothill of the West Tatra Mts., Slovakia	48
---	-----------

Imrich Peter, Majerníčková Františka, Majerníčková Gabriela

The gravitational structures of Spišská hill	49
---	-----------

Kejonen Aimo

Pseudokarst-type costal formations (sea stacks, beach caves, boulder concentrations etc.) in Finland	51
---	-----------

Kejonen Eetu, Kejonen Aimo

The pseudokarst formations in the Finnish folklore	53
---	-----------

Khoshraftar Reza

Pseudokarst in margins of the Sefidrood Dam (North Iran)	54
---	-----------

Klassek Grzegorz, Mleczek Tomasz

Exploration of caves in the Polish Outer Carpathians in the past and nowadays	55
--	-----------

Kur Jarosław

Zooplankton in Jaskinia Miecharska cave, Silesian Beskid	59
---	-----------

Lyakhnitsky Yuri S., Khlebalin Igor Y.

Pseudokarst and non-karst caves – a discussion and examples from Russia 60

Margielewski Włodzimierz, Szura Czesław, Urban Jan

**Jaskinia Miecharska cave (Beskid Śląski Mts.) as a case study
of the cave developed on sliding surface as an effect of dilatancy 62**

Mertlik Jan

A cave in the massif of Ořešník Hill, Jizerské hory Mts., Czech Republic 64

Migoń Piotr, Szmytkie Robert

**Genetic and geomorphic diversity of cave-like features in granite terrains,
with special reference to the Karkonosze-Izera massif,
Sudetes, central Europe 65**

Mironenko Olga A.

Thermokarst in the area of Russia's nature geosites 67

Pavuzza Rudolf

Towards a pseudokarst-database of Austria: caves in the Austroalpine flysch.. 69

Psotka Josef, Staník Pavel

Pseudokarst granite caves near Popradské pleso, High Tatras 70

Rachwał Joanna, Koziol Paweł

Natural values of the Rożnów-Ciężkowice Landscape Park 71

Simmert Hartmut

**Creating a web-based database with private and public parts
– a case of caving club in Dresden, Germany 72**

Szentes George

Subfossil abrasion caves in New Zealand 73

Tavagnutti Maurizio

Genesis and development of the flysch caves 74

Thiry Médard

**Fontainebleau Sandstone: from silicification to pseudokarst development
and their use as shelters and carving walls 75**

Tomaszczyk Maciej

**The geomorphological and geological aspects of occurrence
of pseudokarst caves in the Beskid Śląski Mts. (using GRASS GIS) 77**

Tyc Andrzej

**The origin of crevice caves in the vicinity of Klucze,
Cracow-Częstochowa Upland 79**

Urban Jan, Ciborowski Tomasz, Paternoga Radosław,

Hercman Helena, Sujka Grzegorz

The caves of the Polish Lowlands – new data 80

Urban Jan, Margielewski Włodzimierz, Žak Karel, Schejbal-Chwastek Marzena,

Mleczek Tomasz, Szura Czesław, Hercman Helena, Sujka Grzegorz

Preliminary data on speleothems in the caves of the Beskidy Mts., Poland 83

<i>Vaqueiro Rodriguez Marcos, Vidal Romani Juan Ramon</i>	
Reporting pseudokarst caves and forms from Galicia (Northwest, Spain)	86
<i>Vdovets Marina</i>	
Pseudokarst and geoconservation in Russia	88
<i>Wagner Josef</i>	
Pseudokarst caves of the Moravskoslezské Beskydy Mts. (Czech Republic)	92
<i>Wojtoń Andrzej</i>	
Distribution and genesis of pseudokarst caves in Polish part of the Sudetes, Poland	95
<i>Zyzańska Halina, Zyzański Henryk</i>	
The caves of the Stołowe Mts.	97
Addresses of scientific participants of the 9th International Symposium on Pseudokarst and authors of abstracts	98
