

ACKNOWLEDGEMENTS	7
INTRODUCTION	9
1 Account of a Survey of the Mer de Glace and its Environs BY <i>James D. Forbes</i>	21
2 Glacial Erosion in France, Switzerland and Norway BY <i>William Morris Davis</i>	38
3 The Profile of Maturity in Alpine Glacial Erosion BY <i>Willard D. Johnson</i>	70
4 Crescentic Gouges on Glaciated Surfaces BY <i>G. K. Gilbert</i>	79
5 Geologic History of the Yosemite Valley BY <i>François E. Matthes</i>	92
6 Observations on the Drainage and Rates of Denudation in the Hoffellsjökull District BY <i>Sigurdur Thorarinsson</i>	119
7 Radiating Valleys in Glaciated Lands BY <i>David L. Linton</i>	130
8 The Forms of Glacial Erosion BY <i>David L. Linton</i>	149
9 Glacial Erosion in the Finger Lakes Region, New York State BY <i>K. M. Clayton</i>	173
10 Measurements of Side-slip at Austerdalsbreen, 1959 BY <i>J. W. Glen and W. V. Lewis</i>	188
11 The Flow Characteristics of a Cirque Glacier and their Effect on Cirque Formation BY <i>J. G. McCall</i>	205
12 Direct Observation of the Mechanism of Glacier Sliding over Bedrock BY <i>Barclay Kamb and E. LaChapelle</i>	229
13 The Theory of Glacier Sliding BY <i>J. Weertman</i>	244
