1 Students' learning patterns in higher education and beyond: Moving forward	1
DAVID GIJBELS, VINCENT DONCHE, JOHN T. E. RICHARDSON AND JAN D. VERMUNT	
PART I	
Dimensions of learning patterns	9
2 (Dis)similarities in research on learning approaches and learning patterns	11
GERT VANTHOURNOUT, VINCENT DONCHE, DAVID GIJBELS AND PETER VAN PETEGEM	
3 The dimensionality of student learning patterns in different cultures	33
JAN D. VERMUNT, LARIKE H. BRONKHORST AND J. REINALDO MARTÍNEZ-FERNÁNDEZ	
4 Modelling factors for predicting student learning outcomes in higher education	56
LINDA PRICE	
5 Exploring the concept of 'self-directedness in learning': Theoretical approaches and measurement in adult education literature	78
ISABEL RAEMDONCK, CAROLINE MEURANT, JULIEN BALASSE, ANNE JACOT AND MARIANE FRENAY	

6 Student teachers' learning patterns in school-based teacher education programmes: The influence of person, context and time	102
MAAIKE D. ENDEDIJK, VINCENT DONCHE AND IDA OOSTERHEERT	
PART II	
Measuring learning patterns and development	123
7 Achievement goals, approaches to studying and academic attainment	125
JOHN T. E. RICHARDSON AND RICHARD REMEDIOS	
8 Learning processes in higher education: Providing new insights into the effects of motivation and cognition on specific and global measures of achievement	141
MIKAËL DE CLERCQ, BENOÎT GALAND AND MARIANE FRENAY	
9 University students' achievement goals and approaches to learning in mathematics: A re-analysis investigating 'learning patterns'	163
FRANCISCO CANO AND ANA BELÉN GARCÍA BERBÉN	
10 Exploring the use of a deep approach to learning with students in the process of learning to teach	187
CAROL EVANS	
11 Understanding differences in student learning and academic achievement in first year higher education: An integrated research perspective	214
VINCENT DONCHE, LIESJE COERTJENS, TINE VAN DAAL, SVEN DE MAEYER AND PETER VAN PETEGEM	
12 Challenges in analysing change in students' approaches to learning	232
SARI LINDBLOM-YLÄNNE, ANNA PARPALA AND LIISA POSTAREFF	
13 Students' approaches to learning in higher education: The interplay between context and student	249
EVA KYNDT, FILIP DOCHY AND EDUARDO CASCALLAR	

14 Do case-based learning environments matter? Research into their effects on students' approaches to learning, motivation and achievement	273
MARLIES BAETEN, KATRIEN STRUYVEN AND FILIP DOCHY	
15 Students' learning patterns in higher education: Dimensions, measurement and change	295
JAN D. VERMUNT, JOHN T. E. RICHARDSON, VINCENT DONCHE AND DAVID GJBELS
