

## Content / Obsah:

Title, Abstract, Keywords .....	5
1 Introduction.....	6
2 History of malacozoological research .....	6
3 Material and methods	
3.1 Methods of collecting, sampling and preservation of material .....	6
3.2 Molluscan ecology .....	7
3.3 Red list .....	8
3.4 List of study sites.....	8
3.5 Notes on identification.....	11
4 Results	
4.1 List of recorded species.....	11
4.2 Malacocoenological characteristics .....	78
4.2.1 Woodland malacocoenoses .....	78
4.2.2 Open-country malacocoenoses .....	78
4.2.3 Freshwater malacocoenoses .....	78
4.2.4 Synantrophic malacocoenoses.....	78
4.3 Zoogeographical analyses.....	78
4.4 Red list.....	78
5 Discussion .....	108
6 Conclusion .....	108
7 Souhrn .....	108
8 Acknowledgment.....	109
9 References .....	109
