Úvod - Introduction

Katalog kmenů rhizobií

|                                 |                                    |    |
|---------------------------------|------------------------------------|----|
| Catalogue of Rhizobium strains: | Bradyrhizobium japonicum .....     | 1  |
|                                 | Rhizobium leguminosarum .....      | 8  |
|                                 | Rhizobium loti ... ..              | 19 |
|                                 | Rhizobium phaseoli .. ..           | 20 |
|                                 | Rhizobium sp.(Arachis).....        | 25 |
|                                 | Rhizobium sp.(Galega).....         | 26 |
|                                 | Rhizobium sp.(Lupinus) .. ..       | 27 |
|                                 | Rhizobium sp.(Onobrychis) .....    | 31 |
|                                 | Rhizobium sp.(other species) ..... | 32 |
|                                 | Rhizobium trifolii .. ..           | 36 |
|                                 | Sinorhizobium fredii .....         | 49 |
|                                 | Sinorhizobium meliloti .. ..       | 57 |

Katalog kmenů rodu Azotobacter

|                                        |    |
|----------------------------------------|----|
| Catalogue of Azotobacter strains ..... | 63 |
|----------------------------------------|----|

Složení sbírky

|                                    |    |
|------------------------------------|----|
| Composition of the collection..... | 64 |
|------------------------------------|----|

Oživování lyofilizátů

|                                       |    |
|---------------------------------------|----|
| Revival of freeze-dried cultures..... | 65 |
|---------------------------------------|----|

Poskytování informací a distribuce kultur

|                                                        |    |
|--------------------------------------------------------|----|
| Ordering information and distribution of cultures..... | 66 |
|--------------------------------------------------------|----|

Údaje použité v katalogu

|                                 |    |
|---------------------------------|----|
| Data used in the catalogue..... | 67 |
|---------------------------------|----|

|                                            |    |
|--------------------------------------------|----|
| Seznam zkratk - List of abbreviations..... | 68 |
|--------------------------------------------|----|

Seznam hostitelských rostlin

|                           |    |
|---------------------------|----|
| List of hosts plants..... | 71 |
|---------------------------|----|

|                              |    |
|------------------------------|----|
| Literatura - References..... | 73 |
|------------------------------|----|
