

TABLE OF CONTENTS

=====

I. GENERAL EPIZOOTOLOGY

1. Epizootiology: definition, objectives, objects and methods.....	2
2. Animal population and its characteristics of epizootiological importance.....	5
3. Animal population disease resistance.....	8
4. Animal population health and disease definitions.....	11
5. Animal population collective health.....	13
6. Animal population morbidity and mortality.....	16
7. Animal population epizootiological structure.....	20
8. Etiological agents of animal population diseases.....	23
9. Sources of biological etiological agents.....	28
10. Transmission of biological etiological agents.....	31
11. Natural environmental factors	36
12. Interaction animal-etiological agent-environment.....	41
13. Epizootic process.....	48
14. Animal population disease nidality.....	55
15. Economic and social factors influencing epizootic process	60
16. Consequences of animal population health and diseases.....	64
17. Investigation of epizootiological situation.....	69
18. Epizootiological information system.....	76
19. Analysis of epizootiological situation	80
20. Epizootiological monitoring and surveillance	89
21. Epizootiological theory, experiments and studies	93
22. Epizootiological strategy and measures.....	98

23. Active creation of animal population health.....	106
24. General preventive measures in animal population.....	110
25. Protection of animal population specific health.....	118
26. Epizootiological protection of country territory	122
27. Animal population general health recovery	128
28. Animal population specific health recovery	130
29. Epizootiological sanitation	139
30. Planning of epizootiological measures	145
31. Organization of epizootiological activities	151
32. Results and efficiency of epizootiological programmes.....	155

II. PREVENTION OF ANIMAL DISEASES

33. Diseases common to man and animals	161
34. Measures against diseases common to man and animals.....	165
35. Zoonoses	168
36. Diseases of cattle and/or buffaloes.....	194
37. Diseases of sheep and goats.....	204
38. Diseases of pigs	208
39. Diseases of poultry and other farmed birds.....	215
40. English-Czech dictionary.....	217

B i b l i o g r a p h y.....	227
------------------------------	-----

A n n e x: Selected epizootiological indicators.....	229
