

Content

Introduction	7
Improvement of early potatoes pre-germination and their planting	8
<i>J. Fér, V. Mayer</i>	
Effect of soil destoning on the potato losses and damages during harvest	15
<i>J. Frančák, L. Nozdrovický</i>	
Application of an Infrared Thermal Imaging System for Environment Control in Potato Store	21
<i>K. Gottschalk, S. Geyer</i>	
Effect of fleece covering in early crop potato cultivation	26
<i>K. Hamouz, P. Dvořák & J. Čepl</i>	
Implantation of impact measuring device into a real potato tuber	31
<i>B. Herold, I. Truppel, M. Geyer & T. Hoffmann</i>	
A continuous process for the peeling of potatoes	32
<i>T. Hoffmann, Ch. Fűrll</i>	
Comparison of different transport and store-filling methods	36
<i>T. Horlacher, K. Lüdemann & R. Peters</i>	
Technologies and machines for the post-harvest cycle of potato production	40
<i>N.N. Kolchin</i>	
Quality of early potato (<i>Solanum tuberosum</i> L.) tubers affected by white nonwoven fleece	45
<i>J. Lachman, K. Hamouz, A. Hejtmánková, J. Dudjak, M. Orsák & V. Pivec</i>	
Time course of non-enzymatic browning in two potato varieties tested in different storage regimes	50
<i>T. Baschieri, A. Mainolfi, A. Moschella, P. Bagnaresi, B. Parisi, & P. Ranalli</i>	
A new method for gentle harvest of potatoes	54
<i>P. Maly, T. Hoffmann & Ch. Fűrll</i>	
Potato Comportment under Controlled Atmosphere Storage	59
<i>M. Martin</i>	

Influence of non ploughing cultivation on potato development	62
<i>M. Martin</i>	
Precision technical systems in potato growing and harvesting technologies	66
<i>A. Rybka, M. Poul & Z. Kvíz</i>	
Fluctuations in potassium content of mature potato tubers in the pre-harvest and harvest period	71
<i>T. Van Canneyt, L. De Temmerman & B. Sonck</i>	
Development of an on-field diagnosis method to evaluate the quality performance of potato handling machinery	78
<i>T. Van Canneyt, R. Verschoore, H. Ramon & B. Sonck</i>	
Experiences with soil separation in Germany tuber	85
<i>B. Wulf, R. Peters</i>	
Potato growing in the Czech Republic	90
<i>J. Čepl, M. Čížek</i>	
Investigation of soil tillage and potato planting methods.....	94
<i>J. Fér, V. Mayer & J. Čepl</i>	
Author Index	108
