## Introduction

<b>The White Carpathian species-rich grasslands, Czech Republic .....</b>	<b>6</b>
Ivana Jongepierová & Jan W. Jongepier	
<b>SALVERE. How to improve the environment in Central Europe by spreading biodiversity from semi-natural grassland .....</b>	<b>13</b>
Michele Scotton, Project coordinator of SALVERE	

---

## Workshop session – part I

<b>Restoration of meadows in the Czech Republic: possibilities, limitations and examples .....</b>	<b>18</b>
Karel Prach	
<b>Creating grassland from arable land – a country-wide comparison of three regrassing methods and factors influencing establishment of plant species .....</b>	<b>19</b>
Martin Střelec	
<b>Results of monitoring restored grassland in the White Carpathian Mts. ....</b>	<b>21</b>
Jonathan Mitchley & Ivana Jongepierová	

---

## Workshop session – part II

<b>Practical experiences in restoration with semi-natural grassland species in Austria. .</b>	<b>24</b>
Bernhard Krautzer, Wilhelm Graiss & Petra Haslgrübler	
<b>Near-natural re-vegetation on raw soils – examples from practice. ....</b>	<b>34</b>
Anita Kirmer & Sabine Tischew	
<b>Production and use of native plant seeds in Germany Example Rieger-Hofmann GmbH. ....</b>	<b>41</b>
Birgit Feucht	
<b>Restoration of species-rich floodplain meadows in the Morava River floodplain. ....</b>	<b>46</b>
Dobromil Galváněk	
<b>Using regional seed mixtures and restoration methods in the UK .....</b>	<b>49</b>
Jonathan Mitchley	
<b>Restoration against erosion: experiences in the Italian Alps. ....</b>	<b>54</b>
Michele Scotton, Claudia Dal Buono & Antonio Timoni	

---

## Excursions

<b>Field excursion 1 .....</b>	<b>58</b>
Ivana Jongepierová	
<b>The SALVERE project in the White Carpathian Mts.</b>	
<b>Basic information for the field trip.....</b>	<b>63</b>
Ivana Jongepierová, Magdalena Ševčíková, Petra Špačková	
<b>Field excursion 2 (optional excursion) .....</b>	<b>68</b>
