

1. Classification of Methods of Underground Mining of Coal Seams	1
1.1. Main Work Operations of Mining Process	1
1.1.1. Coal Breaking	1
1.1.1.1. Mining by Combined Mining Machines	1
1.1.1.2. Ploughing	2
1.1.1.3. Longwall Faces with Scraper-Loaders	3
1.1.2. Coal Loading and Removal	3
1.1.2.1. Coal Loading	3
1.1.2.2. Removal of Coal from the Face	4
1.1.3. Face Support	4
1.1.3.1. Individual Face Support	5
1.1.3.2. Face Powered Supports	6
1.1.4. Removal from Faces and Haulage in Gates	9
1.1.5. Treatment of Worked-Out Spaces	10
1.2. Mining of Coal Seams with Backfilling	10
1.2.1. Backfill Management of the Coal Mine	10
1.2.2. Sources and Quality of Rock Material for Backfilling	11
1.2.3. Characteristics of Various Methods of Backfilling	11
2. Technology of Underground Mining of Metalliferous and Nonmetalliferous Deposits .	12
2.1. Methods of Breaking the Economic Mineral in Stope	12
2.1.1. Breaking by Blasting Operations	12
2.1.2. Other Methods of Breaking	13
2.2. Chosen Mining Machines and Equipment	15
2.2.1. Drilling	15
2.2.2. Loading	16
2.2.3. Machines for Auxiliary Operations	17
2.3. Machines for Trackless Mining Mechanisation	17
2.3.1. Wagon Drills	17
2.3.2. Drilling Rigs on Self-Propelled Chassis for Use in Stopes/Excavations	18
2.3.3. Loading and Transporting Mechanisms	18
2.3.4. Functional Machines and Vehicles	19
2.3.5. Belt Transport in Ore Mines	20
3. Technology of Surface Mining of Deposits	20
3.1. Drilling Operations in Surface Mines	20
3.1.1. Methods of Rock Drilling	21
3.1.2. Division of Methods of Rock Drilling	21
3.1.3. Means of Drilling Machinery in Surface Mines	23
3.2. Blasting Operations in Surface Mines	24
3.2.1. Blasting Operations in Surface Mines	24
3.2.2. Blasting Operations in Non-Coal Surface Mines	25
3.3. Mechanisation of Mining Operations in Surface Mining	26
3.3.1. Shovel Excavators	27
3.3.2. Dragline Excavators	28
3.3.3. Bucket-Wheel Excavators	28
3.3.3.1. Engineering Design of Bucket-Wheel Excavators	29
3.3.3.2. Technology for Mining by Bucket-Wheel Excavators	30

3.3.4. Bucket-Ladder Excavators.....	31
3.3.4.1. Engineering Design of Bucket-Ladder Excavators.....	31
3.3.4.2. Technology of Mining for Bucket-Ladder Excavators.....	32
3.3.5. Machines and Equipment for the Mining of Noncohesive Materials from Water	32
3.3.5.1. Bucket-Ladder Dredges.....	32
3.3.5.2. Floating Grab Dredges.....	33
3.3.5.3. Shovel Dredges.....	34
3.3.5.4. Suction Dredges.....	34
1.2.3. Characteristics of Various Methods of Backfilling.....	11
1.2.2. Sources and Quality of Rock Material for Backfilling.....	11
1.2.1. Backfill Management of the Coal Mine.....	10
1.2. Mining of Coal Seams with Backfilling.....	10
1.2. Treatment of Worked-Out Spaces.....	10
1.2. Removal from Faces and Haulage in Gates.....	9
1.2.3. Face Powered Supports.....	6
1.2.3.1. Individual Face Support.....	5
1.2.3. Face Support.....	4
1.2.2. Removal of Coal from the Face.....	3
1.2.1. Coal Loading.....	3
1.2.1.2. Coal Loading and Removal.....	3
1.2.1.2.1. Longwall Faces with Scraped-Loaders.....	3
2. Technology of Underground Mining of Metalliferous and Nonmetalliferous Deposits.....	12
2.1. Methods of Breaking the Economic Mineral in Stope.....	12
2.1.1. Breaking by Blasting Operations.....	12
2.1.2. Other Methods of Breaking.....	13
2.2. Chosen Mining Machines and Equipment.....	15
2.2.1. Drilling.....	15
2.2.2. Loading.....	16
2.2.3. Machines for Auxiliary Operations.....	17
2.3. Machines for Trackless Mining Mechanization.....	17
2.3.1. Wagon Drills.....	17
2.3.2. Drilling Rigs on Self-Propelled Chassis for Use in Stoping Operations.....	18
2.3.3. Loading and Transporting Mechanisms.....	18
2.3.4. Functional Machines and Vehicles.....	19
2.3.5. Rock Transport in Ore Mines.....	20
3. Technology of Surface Mining of Deposits.....	20
3.1. Drilling Operations in Surface Mines.....	20
3.1.1. Methods of Rock Drilling.....	21
3.1.2. Division of Methods of Rock Drilling.....	21
3.1.3. Means of Drilling Machinery in Surface Mines.....	23
3.2. Blasting Operations in Surface Mines.....	24
3.2.1. Blasting Operations in Surface Mines.....	24
3.2.2. Blasting Operations in Non-Coal Surface Mines.....	25
3.3. Mechanization of Mining Operations in Surface Mining.....	26
3.3.1. Shovel Excavators.....	27
3.3.2. Dragline Excavators.....	28
3.3.3. Bucket-Wheel Excavators.....	28
3.3.3.1. Engineering Design of Bucket-Wheel Excavators.....	29
3.3.3.2. Technology for Mining by Bucket-Wheel Excavators.....	30
