

# CONTENTS

|                                                     |    |
|-----------------------------------------------------|----|
| 1. ENTREPRENEUR .....                               | 1  |
| 2. COSTS .....                                      | 2  |
| 2.1 Classification of costs .....                   | 2  |
| 2.2 Cost allocation methods .....                   | 9  |
| 2.3 Practical calculations .....                    | 11 |
| 2.4 Individual calculations .....                   | 14 |
| 3. REVENUES .....                                   | 15 |
| 3.1 Classification of revenues .....                | 15 |
| 3.2 Elasticity .....                                | 17 |
| 3.3 Maximum revenue - calculation .....             | 20 |
| 3.4 Practical calculations .....                    | 22 |
| 3.5 Individual calculations .....                   | 23 |
| 4. PROFIT MAXIMIZATION .....                        | 24 |
| 4.1 Break-even point .....                          | 24 |
| 4.2 Marginal revenue – marginal cost approach ..... | 26 |
| 4.3 Production theory .....                         | 27 |
| 4.4 Practical calculations .....                    | 29 |
| 4.5 Individual calculations .....                   | 31 |
| 5. FINANCIAL ANALYSIS .....                         | 32 |
| 5.1 Financial statements .....                      | 32 |
| 5.2 Financial analysis .....                        | 34 |
| 5.3 Practical calculations .....                    | 42 |
| 5.4 Individual calculations .....                   | 45 |
| 6. TIME VALUE OF MONEY .....                        | 46 |
| 6.1 Interest rates .....                            | 46 |
| 6.2 Future and present values .....                 | 48 |
| 6.3 Annuity .....                                   | 49 |
| 6.4 Sample calculations in Excel .....              | 51 |
| 6.5 Practical calculations .....                    | 54 |
| 6.6 Individual calculations .....                   | 57 |
| 7. INVESTMENTS .....                                | 58 |
| 7.1 Methods of evaluation .....                     | 58 |
| 7.2 Practical calculations .....                    | 63 |

|                                     |    |
|-------------------------------------|----|
| 7.3 Individual calculations .....   | 65 |
| 8. FINANCING .....                  | 66 |
| 8.1 Short-term financing .....      | 67 |
| 8.3 Lease versus loan decision..... | 72 |
| 8.4 Practical calculations.....     | 74 |
| 8.5 Individual calculations .....   | 76 |
| References .....                    | 77 |
| Appendix .....                      | 78 |
