INTRODUCTION	10
--------------	----

## 1 BECOMING A FIRST AIDER 12

What is a first aider?	14
How to prepare yourself	15
Protection from infection	16
Dealing with a casualty	19
Requesting help	22
The use of medication	24
Remember your own needs	24

## 2 MANAGING AN INCIDENT 26

Action at an emergency	28
Traffic incidents	30
Fires	32
Electrical incidents	34
Water incidents	36
Major incidents	37

## 3 ASSESSING A CASUALTY 38

Assessing the sick or injured	40
Mechanisms of injury	42
Primary survey	44
Secondary survey	46
Head-to-toe examination	49
Monitoring vital signs	52

## 4 THE UNCONSCIOUS CASUALTY 54

Breathing and circulation	56
Life-saving priorities	57
Unconscious adult	62
Unconscious child	72
Unconscious infant	80
How to use an AED	84

## 5 RESPIRATORY PROBLEMS 88

The respiratory system	90
Hypoxia	92
Airway obstruction	93
Choking adult	94
Choking child	95
Choking infant	96
Hanging and strangulation	97
Inhalation of fumes	98

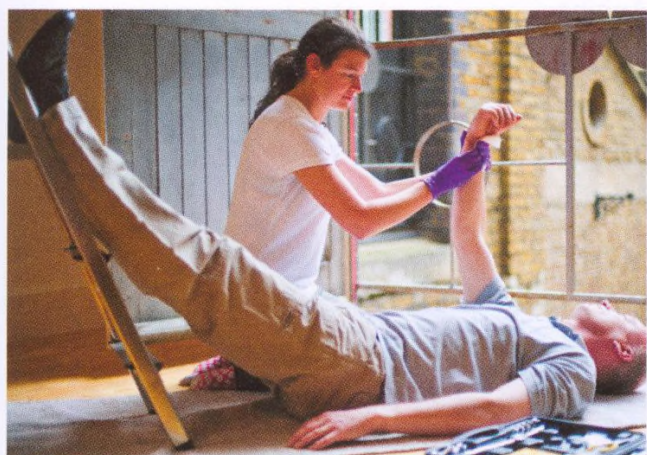

Drowning	100
Hyperventilation	101
Asthma	102
Croup	103
Penetrating chest wound	104

## 6 WOUNDS AND BLEEDING 106

The heart and blood vessels	108
Bleeding and types of wound	110
Shock	112
Severe external bleeding	114
Internal bleeding	116
Impalement	117
Amputation	117
Crush injury	118
Cuts and grazes	119
Bruising	119
Blisters	120
Infected wound	120

Foreign object in a wound	121
Scalp and head wounds	122
Eye wound	123
Bleeding from the ear	123
Nosebleed	124
Knocked-out adult tooth	125
Bleeding from the mouth	125
Finger wound	126
Wound to the palm	127
Wound at a joint crease	127
Abdominal wound	128
Vaginal bleeding	128
Bleeding varicose vein	129

## 7 BONE, JOINT AND MUSCLE INJURIES 130

The skeleton	132
Bones, muscles and joints	134
Fractures	136
Dislocated joint	139
Strains and Sprains	140
The brain and nerves	142
Head injury	144
Facial injury	146
Lower jaw injury	147
Cheekbone and nose injury	147
Collar bone injury	148
Shoulder injury	149
Upper arm injury	150
Elbow injury	151
Forearm and wrist injuries	152
Hand and finger injuries	153
Rib injury	154
Pelvic injury	155
Back pain	156
Spinal injury	157
Hip and thigh injuries	160
Lower leg injuries	162
Knee injury	164

Ankle injury	165	Foreign object in the eye	196
Foot and toe injuries	166	Foreign object in the ear	197
Cramp	167	Foreign object in the nose	197

## 8 EFFECTS OF HEAT AND COLD

168

The skin	170
Assessing a burn	172
Severe burns and scalds	174
Minor burns and scalds	176
Burns to the airway	177
Electrical burn	178
Chemical burn	179
Chemical burn to the eye	180
Flash burn to the eye	181
Incapacitant spray exposure	181
Dehydration	182
Sunburn	183
Heat exhaustion	184
Heatstroke	185
Hypothermia	186
Frostbite	189

## 9 FOREIGN OBJECTS, POISONING, BITES & STINGS

190

The sensory organs	192
Splinter	194
Embedded fish-hook	195
Swallowed foreign object	195

Foreign object in the eye	196
Foreign object in the ear	197
Foreign object in the nose	197
How poisons affect the body	198
Types of poison	199
Swallowed poisons	200
Drug poisoning	201
Alcohol poisoning	202
Animal and human bites	203
Insect sting	204
Tick bite	205
Other bites and stings	205
Snake bite	206
Stings from sea creatures	207
Marine puncture wound	207

## 10 MEDICAL CONDITIONS

208

Angina	210
Heart attack	211
Stroke	212
Diabetes mellitus	214
Hyperglycaemia	214
Hypoglycaemia	215
Seizures in adults	216
Seizures in children	218
Fever	219
Meningitis	220

Fainting	221
Allergy	222
Anaphylactic shock	223
Headache	224
Migraine	224
Sore throat	225
Earache and toothache	225
Abdominal pain	226
Vomiting and diarrhoea	227
Childbirth	228
Emergency childbirth	229

## 11 TECHNIQUES AND EQUIPMENT 230

Removing clothing	232
Removing headgear	233
Casualty handling	234
First aid materials	235
Dressings	238
Cold compresses	241
Principles of bandaging	242
Roller bandages	244
Tubular gauze bandages	248
Triangular bandages	249
Reef knots	250
Hand and foot cover bandage	250
Arm sling	251
Elevation sling	252
Improvised slings	253

## 12 EMERGENCY FIRST AID 254

Action in an emergency	256
CPR for an adult	258
Chest-compression-only CPR	258
CPR for a child	260
CPR for an infant	260
Heart attack	262
Stroke	262
Choking adult	264
Choking child	264
Choking infant	266
Meningitis	266
Asthma	268
Anaphylactic shock	268
Severe external bleeding	270
Shock	270
Head injury	272
Spinal injury	272
Broken bones	274
Burns and scalds	274
Seizures in adults	276
Seizures in children	276
Swallowed poisons	278
Hypoglycaemia	278
First aid regulations	280
Index	282
Acknowledgments	288
