EDITORIAL

- 3 E. Robbrecht & N. Beau – Changes in the editorial team of *Plant Ecology and Evolution*

REGULAR PAPERS

- 5 X.P. Bouteiller, F. Barraquand, P. Garnier-Géré, N. Harmand, Y. Laizet, A. Raimbault, R. Segura, L. Lassois, A. Monty, C. Verdu, S. Mariette & A.J. Porté – No evidence for genetic differentiation in juvenile traits between Belgian and French populations of the invasive tree *Robinia pseudoacacia*
- 18 M. Poniewozik & J. Juráň – Extremely high diversity of euglenophytes in a small pond in eastern Poland
- 35 T.S. Santa Izabel & L.F.P. Gusmão – Richness and diversity of conidial fungi associated with plant debris in three enclaves of Atlantic Forest in the Caatinga biome of Brazil
- 48 M.Y. Chung, H.T. Quynh Le, S. Son & M.G. Chung – Genetic diversity of the extremely rare *Habenaria dentata* and the rare *Habenaria linearifolia* (Orchidaceae) in South Korea: implications for population history and conservation
- 61 V. Rebolledo Camacho, L. Jardón Barbolla, I. Ramírez Morillo, A. Vázquez-Lobo, D. Piñero & P. Delgado – Genetic variation and dispersal patterns in three varieties of *Pinus caribaea* (Pinaceae) in the Caribbean Basin
- 77 N.M. Voronkova, A.B. Kholina, M.N. Koldaeva, O.V. Nakonechnaya & V.A. Nechaev – Morphophysiological dormancy, germination, and cryopreservation in *Aristolochia contorta* seeds
- 87 T. Navarro, J. El Oualidi & M. Sghir Taleb – Relationship between seed size and related functional traits in North Saharan *Acacia* woodlands
- 96 U. Eberhardt, N. Schütz, C. Krause & H.J. Beker – *Hebelomina* (Agaricales) revisited and abandoned
- 110 M. Hroneš, M. Rejžek, M. Sochor, M. Svátek, J. Kvasnica, Z. Egertová, J.T. Pereira, R. Nilus & M. Dančák – Two new species of *Thismia* subsect. *Odoardoa* (Thismiaceae) from Borneo
