Contents

Introduction – 9

PART 1 DEVELOPING A TECHNOLOGY PLAN – *11*

1 Define your teaching model – *12*

From learning technology to digital learning – *12*
Assessing the impact of technology – *17*

2 Being aware of the issues – *18*

Browsing safely – *18*
Copyright and plagiarism – *19*
Training and professional development – *21*

PART 2 USING ONLINE TOOLS – *25*

3 The web and the cloud –*26*

What exactly is the world wide web? – *26*
Searching online – *27*
Getting organized – *29*
Search-based activities – *32*
Cloud computing – *39*

4 Email and instant messaging – *42*

Email – *42*
Instant messaging – *44*

5 Blogs, wikis, podcasts, and video – *46*

Blogs – *46*
Wikis – *48*
Podcasts – *52*
Video – *55*

6 Social networks – *59*

What are social networks? – *59*
Security online – *59*
Using social networks in EFL teaching – *60*
Image-sharing networks – *61*

PART 3 PUTTING IT INTO PRACTICE – *63*

7 Virtual learning environments and social learning platforms – *64*

Basic VLE functionality – *64*
Social learning platforms – *65*

8 Learning technology and assessment – *67*

Types of assessment – *67*
E-portfolios – *73*

9 Blended learning – *76*

What is blended learning? – *76*
Why blended learning? – *78*
Flipped classroom courses – *79*

10 Mobile learning – *81*

Working with smartphones and tablets – *81*
Mobile technology and its influence on language – *82*
Apps – *83*
Just-in-time learning – *86*
In-class use – *86*
Integration models – *87*
IWB or tablet? – *88*

PART 4 PUSHING THE BOUNDARIES – *91*

11 Adaptive learning – *92*

Adaptive learning content – *92*
Adaptive learning assessment – *92*
Issues in language learning – *93*
Gamification – *93*
Technology and differentiation – *95*

12 Looking ahead – *97*

Digital first – *97*
Intelligent speech recognition and virtual reality – *97*
Data and analytics – *98*
The role of the teacher – *98*

Glossary – *99*
Useful websites – *101*
