8 *The Kew Review*

Farjon, Aljos. Conifers of the World

ORIGINAL PAPERS

- 1 Ensermu Kelbessa & Darbyshire, Iain. Six new species of *Barleria* L. (Acanthaceae) from Northeast Tropical Africa
- 6 Ensermu Kelbessa & Darbyshire, Iain. Correction to: Six new species of *Barleria* L. (Acanthaceae) from Northeast Tropical Africa
- 2 Cahen, Daniel & Utteridge, Timothy M. A. A synopsis of the genus *Smythea* (Rhamnaceae)
- 3 Leeratiwong, C., Chantaranothai, P. & Paton, A. Notes on the genus *Rotheca* (Lamiaceae) in Thailand
- 4 Bateman, Richard M. & Rudall, Paula J. Clarified relationship between *Dactylorhiza viridis* and *Dactylorhiza iberica* renders obsolete the former genus *Coeloglossum* (Orchidaceae: Orchidinae)
- 5 Fernandes Lima, Duane, Goldenberg, Renato & Lucas, Eve. Taxonomic novelties in *Myrcia guianensis* and allied species (Myrtaceae: Myrteae), including mass-typification in a large and taxonomically challenging group
- 9 Lucas, E. J., Amorim, B. S., Lima, D. F., Lima-Lourenço, A. R., Nic Lughadha, E. M., Proença, C. E. B., Rosa, P. O., Rosário, A. S., Santos, L. L., Santos, M. F., Souza, M. C., Staggemeier, V. G., Vasconcelos, T. N. C. & Sobral, M. A new infra-generic classification of the species-rich Neotropical genus *Myrcia* s.l.
- 10 Hopkins, Helen C. F. Names and types relating to the South American genus *Lamanonia* (Cunoniaceae) and its synonyms, the identity of *L. speciosa*, and an account of the little-known *L. ullei*
- 11 Hopkins, Helen C. F. The taxonomy and morphology of *Schizomeria* (Cunoniaceae) in New Guinea, the Moluccas and the Solomon Islands, with notes on seed dispersal and uses throughout the genus
- 12 Stone, Robert Douglas & Cheek, Martin. A revised key to the *Warneckea* species of Cameroon, and description of *Warneckea ngutiensis* (Melastomataceae-Olisbeoideae), a new Critically Endangered rainforest shrub
- 13 Phillips, Sylvia M., Fofana, Fatoumata & Cheek, Martin. *Mesanthemum tuberosum* Lecomte resurrected from *M. prescottianum* (Bong.) Körn. (Eriocaulaceae), variation and lectotypification
- 14 Hills, Ryan, Muasya, A. Muthama, Maurin, Olivier & Wilkin, Paul. A threatened new species of *Dioscorea* from KwaZulu-Natal, South Africa, *Dioscorea hurteri* (Dioscoreaceae)
- 15 Boonsuk, Boonchuang & Chantaranothai, Pranom. Lectotypifications in *Nephelium* L. and *Xerospermum* Blume (Sapindaceae)
- 16 Prasad, K., Swamy, A. Narayana & Meve, U. *Brachystelma ananthapuramense* (Apocynaceae: Asclepiadoideae), a new species from Andhra Pradesh, India
- 17 Petoe, Peter, Cámara-Leret, Rodrigo & Baker, William J. A monograph of the *Hydriastele wendlandiana* group (Arecaceae: *Hydriastele*)
- 18 Heatubun, Charlie D., Petoe, Peter & Baker, William J. A monograph of the *Nengella* group of *Hydriastele* (Arecaceae)
- 19 Book Reviews
- 20 Reviewers for Kew Bulletin Volume 72
