<i>Preface</i>	v
<i>List of Contributors</i>	xi

SESSION I (*Chairman: J. P. DE LEIRIS*)

1. Mass Transfer and Permeability	1
M. LONCIN	
2. Study of some Factors Affecting Permeability	7
B. PASCAT	
3. Permeability of Polymers in Food Packaging	25
I. VARSANYI	
4. Interaction Between Food and Packaging Materials and its Consequence on Migration	39
C. G. VOM BRUCK, W.-D. BIEBER and K. FIGGE	

SESSION II (*Chairman: PROFESSOR M. LONCIN*)

5. The Influence of Water Content and Water Activity on Chemical Changes in Foods of Low Moisture Content under Packaging Aspects	67
K. EICHNER	
6. Microbiological Consequences of Mass Transfer	93
G. BUREAU	

7. Modelling of Gas and Vapour Transport Through Hydrophilic Films 115
H. G. SCHWARTZBERG

SESSION III (*Chairman: PROFESSOR K. EICHNER*)

8. Water Interactions and Food Preservation 137
M. MATHLOUTHI
9. Food Microbiology and Water Activity 165
D. RICHARD-MOLARD and L. LESAGE
10. Modalities of Enzyme Activities in Low Moisture Media . . . 181
R. DRAPRON

SESSION IV (*Chairman: DR R. DRAPRON*)

11. Activity and Stability of Enzymes in Complex Media . . . 199
J. BITON and G. GELLF
12. Water Activity and Permeability 213
J. P. DE LEIRIS
13. The Influence of Light Transmittance and Gas Permeability of Various Packing Materials on the Quality of Whole Natural Yoghurt during Storage . . . 235
J. O. BOSSET, N. DAGET, C. DESARZENS, A. DIEFFENBACHER, E. FLUCKIGER, P. LAVANCHY, B. NICK, J.-P. PAUCHARD and E. TAGLIAFERRI

SESSION V (*Chairman: DR M. MATHLOUTHI*)

14. FTIR Studies of Polymer Films, Surfaces and Interfaces . . . 271
J. L. KOENIG
15. Orientation and Properties of Some Polymers Used in the Foodstuffs Packaging Industry 283
B. JASSE
16. Influence of the Packaging Material and the Nature of the Packed Goods on the Loss of Volatile Organic Compounds: Permeation of Aroma Components . . . 325
J. KOSZINOWSKI and O. PIRINGER

SESSION VI (*Chairman: PROFESSOR J. L. KOENIG*)

17. Relationship Between Packaging Machine and Packaging Material	341
G. SCHRICKER	
18. Packing and Food Quality: Role of Sensory Evaluation	359
K. BENOUALID	
19. Technology and Application of Edible Protective Films	371
S. GUILBERT	
<i>Index</i>	395
