

# Table of Contents

Introduction.....5

1 The most serious shortcomings – the status quo and what is wrong.....7

2 The characteristics of the method of substitution.....9

3 Stages of development of substitution thinking ..... 17

4 The transformation of non-algebraic equations using  
the substitution.....42

5 Solving inequalities .....68

6 Experimental verification of teaching substitutions .....80

6.1 Description of the testing tool .....81

6.2 Answers to the research questions.....88

6.3 Quantitative evaluation of research using the Wilcoxon  
signed rank test.....91

7 The example of the task solving with developed  
substitution thinking .....94

Conclusion .....97

Summary .....99

Bibliography .....101
