

## Voices From the American South

In 1959 and 1960 Alan Lomax returned to the South to rediscover the still-vibrant traditions of our country. He traveled from the Virginia Mountains to the Georgia Sea Islands, from the Ozarks to the Mississippi Delta recording blues, ballads, hymns, reels, shouts, chanteys, and work songs.

## The Southern Journey Series

A voyage of the road and the mind, pioneering the use of stereo recording in the field, Alan Lomax's Southern Journey is a 13-volume series of original recordings evoking the musical world of the rural South and an era before radio, movies and television.
