## Section 1 PROCEDURES, TECHNIQUES AND ULTRASONOGRAPHY

<b>Chapter 1</b>	<b>Point-of-Care Critical Care Ultrasonography</b>	1
	<i>Paul H. Mayo</i>	
<b>Chapter 2</b>	<b>Anesthesia for Bedside Procedures</b>	3
	<i>Mark Dershawitz</i>	
<b>Chapter 3</b>	<b>Management of Pain in the Critically Ill</b>	9
	<i>Mario De Pinto, Armagan Dagal, and Ramana K. Naidu</i>	
<b>Chapter 4</b>	<b>Therapeutic Paralysis</b>	22
	<i>Khalidoun Faris</i>	
<b>Chapter 5</b>	<b>Cerebrospinal Fluid Aspiration</b>	29
	<i>Firas Kaddouh, Susanne Muehlschlegel, and John P. Weaver</i>	
<b>Chapter 6</b>	<b>Central Venous Catheters</b>	36
	<i>Andrew H. Moraco and Scott E. Kopec</i>	
<b>Chapter 7</b>	<b>Arterial Line Placement and Care</b>	50
	<i>Carlos Martinez-Balzano and Scott E. Kopec</i>	
<b>Chapter 8</b>	<b>Airway Management and Endotracheal Intubation</b>	60
	<i>J. Matthias Walz and Stephen O. Heard</i>	
<b>Chapter 9</b>	<b>Tracheostomy</b>	78
	<i>Christine L. Bielick, Scott E. Kopec, and Timothy A. Emhoff</i>	
<b>Chapter 10</b>	<b>Bronchoscopy</b>	88
	<i>Paulo J. Oliveira, Rahul N. Sood, and Richard S. Irwin</i>	
<b>Chapter 11</b>	<b>Lung Ultrasonography</b>	94
	<i>Pierre Kory, Navitha Ramesh, and Paul H. Mayo</i>	
<b>Chapter 12</b>	<b>Thoracentesis</b>	99
	<i>Mark M. Wilson and Richard S. Irwin</i>	
<b>Chapter 13</b>	<b>Chest Tube Insertion and Care</b>	107
	<i>Ulises Torres and Joshua R. Scurlock</i>	
<b>Chapter 14</b>	<b>Cardiopulmonary Resuscitation</b>	113
	<i>Bruce Greenberg and Abduljabbar Dheyab</i>	
<b>Chapter 15</b>	<b>Cardioversion and Defibrillation</b>	128
	<i>Glenn Stokken, Mark S. Link, and Naomi F. Botkin</i>	
<b>Chapter 16</b>	<b>Critical Care Echocardiography</b>	133
	<i>Brian Buchanan, Robert Arntfield, and Paul H. Mayo</i>	

<b>Chapter 17</b>	<b>Pericardiocentesis</b>	138
	<i>Peeyush Grover and Craig S. Smith</i>	
<b>Chapter 18</b>	<b>Temporary Cardiac Pacing</b>	145
	<i>Brendan Merchant and Seth T. Dahlberg</i>	
<b>Chapter 19</b>	<b>Pulmonary Artery Catheters</b>	152
	<i>Harvey S. Reich</i>	
<b>Chapter 20</b>	<b>Gastrointestinal Endoscopy</b>	168
	<i>Samuel Y. Han, Randall Pellish, David R. Cave, and Wahid Y. Wassef</i>	
<b>Chapter 21</b>	<b>Endoscopic Placement of Feeding Tubes</b>	174
	<i>Lena M. Napolitano</i>	
<b>Chapter 22</b>	<b>Gastroesophageal Balloon Tamponade for Acute Variceal Hemorrhage</b>	180
	<i>Marie T. Pavini and Juan Carlos Puyana</i>	
<b>Chapter 23</b>	<b>Paracentesis and Diagnostic Peritoneal Lavage</b>	186
	<i>Lena M. Napolitano</i>	
<b>Chapter 24</b>	<b>Interventional Radiology: Percutaneous Drainage Techniques</b>	194
	<i>John-Paul B. Velasco, Brian T. Callahan, and Robert Sheiman</i>	
<b>Chapter 25</b>	<b>Percutaneous Suprapubic Cystostomy</b>	200
	<i>Philip J. Ayvazian</i>	
<b>Chapter 26</b>	<b>Aspiration of the Knee and Synovial Fluid Analysis</b>	204
	<i>Padmanaidu Karnam, Bonnie J. Bidinger, and Deborah M. DeMarco</i>	

**Section 2****MINIMALLY INVASIVE MONITORING**

<b>Chapter 27</b>	<b>Routine Monitoring of Critically Ill Patients</b>	210
	<i>Krysta S. Wolfe and Michael D. Howell</i>	
<b>Chapter 28</b>	<b>Minimally Invasive Hemodynamic Monitoring</b>	228
	<i>Brian S. Furukawa, Ednan K. Bajwa, Atul Malhotra, and Andrew J. Goodwin</i>	
<b>Chapter 29</b>	<b>Echocardiography as a Monitor in the ICU</b>	240
	<i>Achikam Oren-Grinberg, Todd W. Sarge, and Adam B. Lerner</i>	
<b>Chapter 30</b>	<b>Respiratory Monitoring during Mechanical Ventilation</b>	256
	<i>Melanie R. Loberman, Ray H. Ritz, and Todd W. Sarge</i>	
<b>Chapter 31</b>	<b>Neurologic Multimodal Monitoring</b>	269
	<i>Raphael A. Carandang and Wiley R. Hall</i>	
<b>Chapter 32</b>	<b>Telemedicine and Critical Care Delivery</b>	284
	<i>Lloyd C. Meeks, Shahzad Shaefi, and Craig M. Lilly</i>	

**Section 3****PALLIATIVE CARE AND ETHICAL ISSUES IN THE CRITICAL CARE UNIT**

<b>Chapter 33</b>	<b>Integrating Palliative Care in the Intensive Care Unit</b>	295
	<i>Nandita R. Nadig, Dana Lustbader, and Dee W. Ford</i>	
<b>Chapter 34</b>	<b>Effective Communication and Ethical Decision-Making in the ICU</b>	305
	<i>Daniel E. Ray, Jennifer E. Allen, and Karen M. Knops</i>	
<b>Chapter 35</b>	<b>Managing Symptoms in Critically Ill Patients</b>	318
	<i>Richard Castriotta, Jennifer E. Reidy, Javier Barreda Garcia, Garbo Mak, and Brandy McKelvy</i>	
<b>Chapter 36</b>	<b>Being with Suffering: Addressing Existential and Spiritual Distress</b>	330
	<i>Margaret Isaac, Suzana K. E. Makowski, and Christina Fitch</i>	

**Section 4****SHOCK AND TRAUMA AND SEPSIS MANAGEMENT**

<b>Chapter 37</b>	<b>Resuscitation from Shock Following Hemorrhage</b>	336
	<i>Jacob A. Quick, Donald H. Jenkins, John B. Holcomb, and Stephen L. Barnes</i>	
<b>Chapter 38</b>	<b>Trauma Systems</b>	348
	<i>Daniel Hetherman and Timothy A. Embhof</i>	
<b>Chapter 39</b>	<b>The Management of Sepsis</b>	351
	<i>Paul E. Marik</i>	
<b>Chapter 40</b>	<b>Multiple Organ Dysfunction Syndrome</b>	364
	<i>Timothy A. Prittis and Andrew C. Bernard</i>	
<b>Chapter 41</b>	<b>Traumatic Brain Injury</b>	368
	<i>Wiley R. Hall and Raphael A. Carandang</i>	
<b>Chapter 42</b>	<b>Spinal Cord Trauma</b>	374
	<i>Hanbing Zhou and Christian P. DiPaola</i>	
<b>Chapter 43</b>	<b>Thoracic and Cardiac Trauma</b>	384
	<i>Bruce J. Simon, Scott B. Johnson, and John G. Myers</i>	
<b>Chapter 44</b>	<b>Critical Care of the Patient with Abdominal Trauma</b>	398
	<i>Jon D. Dorfman</i>	
<b>Chapter 45</b>	<b>Orthopedic Injury</b>	406
	<i>Gregory J. Della Rocca, Sean E. Nork, Vivek Venugopal, and John J. Wixted</i>	
<b>Chapter 46</b>	<b>Burn Management</b>	419
	<i>Sean Figy and Joyce K. McIntyre</i>	

**Section 5****SURGICAL PROBLEMS IN THE INTENSIVE CARE UNIT**

<b>Chapter 47</b>	<b>Surgeon and Intensivist Collaboration in the Care of the ICU Patient</b>	36
	<i>Gustavo Guillermo Angaramo and Craig M. Lilly</i>	424
<b>Chapter 48</b>	<b>Surgical Infections in the Intensive Care Unit</b>	50
	<i>Ann-Kristin U. Friedrich and Mitchell Cahan</i>	427
<b>Chapter 49</b>	<b>Care of the Patient with Necrotizing Fasciitis</b>	60
	<i>Brandon Colvin, Benkole Samuel, and Hongyi Cui</i>	431
<b>Chapter 50</b>	<b>The ICU Management of Patients Undergoing Major Surgery for Gastrointestinal Cancers</b>	78
	<i>Kate H. Dinh and Jennifer LaFemina</i>	437
<b>Chapter 51</b>	<b>The ICU Approach to the Acute Abdomen</b>	78
	<i>James E. Carroll, Jr</i>	442
<b>Chapter 52</b>	<b>Abdominal Compartment Syndrome</b>	82
	<i>Jon D. Dorfman and Richard S. Irwin</i>	446
<b>Chapter 53</b>	<b>Management of the Obstetrical Patient in the Intensive Care Setting</b>	107
	<i>Anne Garrison</i>	450
<b>Chapter 54</b>	<b>Acute Limb Ischemia in the ICU Population</b>	113
	<i>Dejah R. Judelson, Bing Shue, and William P. Robinson, III</i>	456
<b>Chapter 55</b>	<b>Palliative Surgery in the Intensive Care Unit</b>	128
	<i>Laura A. Lambert</i>	461

**Section 6****TRANSPLANTATION**

<b>Chapter 56</b>	<b>Management of the Organ Donor</b>	468
	<i>Christoph Troppmann</i>	897
<b>Chapter 57</b>	<b>Critical Care Problems in Kidney Recipients</b>	491
	<i>Abbas A. Rana and Rainer W. G. Gruessner</i>	909
<b>Chapter 58</b>	<b>Critical Care of Liver Transplant Recipients and Live Liver Donors</b>	499
	<i>Babak Movahedi, Paulo Martins, Sonia Nagy Chimienti, and Adel Bozorgzadeh</i>	
<b>Chapter 59</b>	<b>Critical Care of the Lung Transplant Recipient</b>	515
	<i>Luis F. Angel and Stephanie M. Levine</i>	
<b>Chapter 60</b>	<b>Specific Critical Care Problems in Heart and Heart-Lung Transplant Recipients</b>	527
	<i>Andrew W. Shaffer, Karol Mudy, and Sara J. Shumway</i>	
<b>Chapter 61</b>	<b>Care of the Pancreas Transplant Recipient</b>	535
	<i>Colleen L. Jay, Gregory A. Abrahamian, and Angelina Edwards</i>	930
<b>Chapter 62</b>	<b>Critical Care of Intestinal Transplant Recipients</b>	547
	<i>Robert M. Esterl, Jr, William D. Payne, Abhinav Humar, and Ruy J. Cruz, Jr</i>	946
<b>Chapter 63</b>	<b>Immunosuppression in Solid-Organ Transplantation</b>	554
	<i>Martin N. Wijkstrom, Sundaram Hariharan, and Abhinav Humar</i>	954
<b>Chapter 64</b>	<b>Hematopoietic Cell Transplantation</b>	561
	<i>Ann E. Woolfrey, Marco Mielcarek, and Paul A. Carpenter</i>	968
<b>Chapter 65</b>	<b>Management of Graft-versus-Host Disease, Infection, Malignancy, and Rejection in Transplant Recipients</b>	578
	<i>Vaughn E. Whittaker, Abbas A. Rana, David L. Dunn, and Rainer W. G. Gruessner</i>	

**Section 7****RHEUMATOLOGIC, IMMUNOLOGIC, AND DERMATOLOGIC DISEASES IN THE INTENSIVE CARE UNIT**

<b>Chapter 66</b>	<b>Rheumatologic Diseases in the Intensive Care Unit</b>	594
	<i>Nancy Y. N. Liu and Judith A. Stebulis</i>	
<b>Chapter 67</b>	<b>Vasculitis in the Intensive Care Unit</b>	616
	<i>Paul F. Dellaripa and Donough Howard</i>	
<b>Chapter 68</b>	<b>Therapeutics for Immune-Mediated Rheumatic Diseases</b>	624
	<i>Peggy Wu</i>	
<b>Chapter 69</b>	<b>Anaphylaxis</b>	631
	<i>Frederic F. Little and Helen M. Hollingsworth</i>	
<b>Chapter 70</b>	<b>Dermatology in the Intensive Care Unit</b>	643
	<i>Julia Baltz, Kristen Berrebi, Dori Goldberg, Mary E. Maloney, and Haley Snadecki</i>	

**Section 8****INFECTIOUS DISEASE PROBLEMS IN THE INTENSIVE CARE UNIT**

<b>Chapter 71</b>	<b>Approach to Fever in the ICU Patient</b>	665
	<i>Raul E. Davaro and Richard H. Glew</i>	1039
<b>Chapter 72</b>	<b>Prevention and Control of Healthcare-Acquired Infections in the Intensive Care Unit</b>	672
	<i>Sumanth Gandra and Richard T. Ellison, III</i>	
<b>Chapter 73</b>	<b>Infectious Disease Problems in the Intensive Care Unit</b>	689
	<i>Robert W. Wunderink, Michael A. Zilberman, and Michael B. Steinley</i>	
<b>Chapter 74</b>	<b>Disorders in the Intensive Care Unit</b>	707
	<i>David C. Deskin and Michael B. Steinley</i>	
<b>Chapter 75</b>	<b>Diagnosis and Treatment of Infectious Diseases in the Intensive Care Unit</b>	725
	<i>John A. Thompson, and John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 76</b>	<b>Antimicrobial Therapy in the Intensive Care Unit</b>	743
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 77</b>	<b>Antibiotic Resistance in the Intensive Care Unit</b>	761
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 78</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	779
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 79</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	797
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 80</b>	<b>Antimicrobial Resistance in the Intensive Care Unit</b>	815
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 81</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	833
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 82</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	851
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 83</b>	<b>Antimicrobial Resistance in the Intensive Care Unit</b>	869
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 84</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	887
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 85</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	905
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 86</b>	<b>Antimicrobial Resistance in the Intensive Care Unit</b>	923
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 87</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	941
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 88</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	959
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 89</b>	<b>Antimicrobial Resistance in the Intensive Care Unit</b>	977
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 90</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	995
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 91</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	1013
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 92</b>	<b>Antimicrobial Resistance in the Intensive Care Unit</b>	1031
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 93</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	1049
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 94</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	1067
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 95</b>	<b>Antimicrobial Resistance in the Intensive Care Unit</b>	1085
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 96</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	1103
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 97</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	1121
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 98</b>	<b>Antimicrobial Resistance in the Intensive Care Unit</b>	1139
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 99</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	1157
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 100</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	1175
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 101</b>	<b>Antimicrobial Resistance in the Intensive Care Unit</b>	1193
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 102</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	1211
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 103</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	1229
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 104</b>	<b>Antimicrobial Resistance in the Intensive Care Unit</b>	1247
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 105</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	1265
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 106</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	1283
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 107</b>	<b>Antimicrobial Resistance in the Intensive Care Unit</b>	1301
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 108</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	1319
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 109</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	1337
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 110</b>	<b>Antimicrobial Resistance in the Intensive Care Unit</b>	1355
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 111</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	1373
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 112</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	1391
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 113</b>	<b>Antimicrobial Resistance in the Intensive Care Unit</b>	1409
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 114</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	1427
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 115</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	1445
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 116</b>	<b>Antimicrobial Resistance in the Intensive Care Unit</b>	1463
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 117</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	1481
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 118</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	1499
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 119</b>	<b>Antimicrobial Resistance in the Intensive Care Unit</b>	1517
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 120</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	1535
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 121</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	1553
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 122</b>	<b>Antimicrobial Resistance in the Intensive Care Unit</b>	1571
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 123</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	1589
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 124</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	1607
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 125</b>	<b>Antimicrobial Resistance in the Intensive Care Unit</b>	1625
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 126</b>	<b>Antimicrobial Susceptibility Testing in the Intensive Care Unit</b>	1643
	<i>John A. Thompson, and Michael B. Steinley</i>	
<b>Chapter 127</b>	<b>Antimicrobial Stewardship in the Intensive Care Unit</b>	1661
	<i>John A. Thompson, and Michael B. Steinley</i>	

<b>Chapter 73</b>	<b>Use of Antimicrobials in the Treatment of Infection in the Critically Ill Patient</b>	679
	<i>Iva Zivna, Richard H. Glew, and Jennifer S. Daly</i>	
<b>Chapter 74</b>	<b>Life-Threatening Community-Acquired Infections: Toxic Shock Syndrome, Meningococcemia, Overwhelming Postsplenectomy Infection, Malaria, Rocky Mountain Spotted Fever, and Others</b>	336
	<i>Misha Huang and Mary T. Bessesen</i>	
<b>Chapter 75</b>	<b>Acute Infection in the Immunocompromised Host</b>	693
	<i>Jennifer S. Daly and Robert W. Finberg</i>	
<b>Chapter 76</b>	<b>Intensive Care of Patients with HIV Infection</b>	704
	<i>Thomas C. Greenough, Sarah H. Cheeseman, and Mark J. Rosen</i>	
<b>Chapter 77</b>	<b>Infectious Complications of Drug Abuse</b>	713
	<i>Afroza Liton and William L. Marshall</i>	
<b>Chapter 78</b>	<b>Infective Endocarditis and Infections of Intracardiac Prosthetic Devices</b>	721
	<i>Sarah H. Cheeseman, Karen C. Carroll, and Sara E. Cosgrove</i>	
<b>Chapter 79</b>	<b>Infections Associated with Vascular Catheters</b>	374
	<i>Payal K. Patel, Suzanne F. Bradley, and Carol A. Kauffman</i>	
<b>Chapter 80</b>	<b>Urinary Tract Infections</b>	727
	<i>Steven M. Opal</i>	
<b>Chapter 81</b>	<b>Central Nervous System Infections</b>	384
	<i>Heidi L. Smith</i>	
<b>Chapter 82</b>	<b>Tuberculosis</b>	748
	<i>Michelle K. Haas and Robert W. Belknap</i>	
<b>Chapter 83</b>	<b>Serious Epidemic Viral Pneumonias</b>	765
	<i>Daniel H. Library</i>	
<b>Chapter 84</b>	<b>Middle East Respiratory Syndrome (MERS) Coronavirus</b>	406
	<i>Christopher M. Coleman and Matthew B. Frieman</i>	
<b>Chapter 85</b>	<b>Critical Care of Patients Infected with Ebola Virus</b>	419
	<i>Steven Hatch</i>	
<b>Chapter 86</b>	<b>Botulism</b>	776
	<i>David M. Bebinger and Richard T. Ellison, III</i>	
<b>Chapter 87</b>	<b>Tetanus</b>	424
	<i>Mary Dawn T. Co and Richard T. Ellison, III</i>	
		427
		437

**Section 9****HEMATOLOGIC AND ONCOLOGIC PROBLEMS IN THE INTENSIVE CARE UNIT**

<b>Chapter 88</b>	<b>Disorders of Hemostasis in Critically Ill Patients</b>	807
	<i>Alice D. Ma</i>	
<b>Chapter 89</b>	<b>Transfusion Therapy: Blood Components and Transfusion Complications</b>	446
	<i>Terry Gernsheimer</i>	
<b>Chapter 90</b>	<b>Anemia in the Critical Care Setting</b>	822
	<i>Marc S. Zumberg, Marc J. Kahn, and Alice D. Ma</i>	
<b>Chapter 91</b>	<b>Thrombocytopenia</b>	829
	<i>Thomas G. Deloughery</i>	
<b>Chapter 92</b>	<b>Venous Thromboembolism and Associated Prothrombotic Disorders in the Intensive Care Unit</b>	456
	<i>Eric S. Christenson, Sheetal Karne, Ashkan Emadi, and Michael B. Streiff</i>	
		461
		844
		854

<b>Chapter 93</b>	<b>Antithrombotic Pharmacotherapy</b>	877
	<i>Kevin E. Anger, Christopher D. Adams, Bonnie C. Greenwood, Cervellione, Jeremy R. Degrado, and John Fanikos</i>	
<b>Chapter 94</b>	<b>Critical Care of Patients with Hematologic Malignancies</b>	897
	<i>Matthew J. Wieduwilt and Lloyd E. Damon</i>	1249
<b>Chapter 95</b>	<b>Oncologic Emergencies</b>	909
	<i>Eunpi Cho, Bruce Montgomery, Colleen Timlin, John A. Thompson, and Damian J. Green</i>	
<b>Chapter 96</b>	<b>Therapeutic Apheresis: Technical Considerations and Indications in Critical Care</b>	921
	<i>Laura S. Connelly-Smith and Theresa A. Nester</i>	

## Section 10 PHARMACOLOGY, OVERDOSES, AND POISONINGS

<b>Chapter 97</b>	<b>General Considerations in the Evaluation and Treatment of Poisoning</b>	930
	<i>Ian M. Ball</i>	
<b>Chapter 98</b>	<b>Acetaminophen Poisoning</b>	946
	<i>Steven B. Bird</i>	
<b>Chapter 99</b>	<b>Alcohols and Glycol Poisoning</b>	954
	<i>Jennifer L. Englund, Marco L. A. Sivilotti, and Marsha D. Ford</i>	
<b>Chapter 100</b>	<b>Amphetamines</b>	968
	<i>Michael C. Beuhler</i>	
<b>Chapter 101</b>	<b>Antiarrhythmic Agents</b>	975
	<i>Steven B. Bird</i>	
<b>Chapter 102</b>	<b>Anticholinergic Poisoning (Sick Thyroid Syndrome) in the Elderly</b>	984
	<i>Keith K. Burkhardt</i>	1311
<b>Chapter 103</b>	<b>Anticonvulsant Poisoning</b>	987
	<i>Steven B. Bird</i>	
<b>Chapter 104</b>	<b>Antidepressant Poisoning</b>	995
	<i>Andrew M. King, Luke Bisoski, and Cynthia K. Aaron</i>	
<b>Chapter 105</b>	<b>Antipsychotic Poisoning</b>	1005
	<i>Steven B. Bird</i>	
<b>Chapter 106</b>	<b>Beta-Blocker Poisoning</b>	1015
	<i>Shan Yin and Javier C. Waksman</i>	1328
<b>Chapter 107</b>	<b>Calcium Channel Antagonist Poisoning</b>	1020
	<i>Christopher R. Dewitt</i>	1340
<b>Chapter 108</b>	<b>Cardiac Glycoside Poisoning</b>	1025
	<i>Bryan S. Judge and Mark A. Kirk</i>	
<b>Chapter 109</b>	<b>Cholinergic Poisoning</b>	1028
	<i>Cynthia K. Aaron and Andrew M. King</i>	
<b>Chapter 110</b>	<b>Cocaine Poisoning</b>	1034
	<i>Richard D. Shih, Stacey Feinstein, and Judd E. Hollander</i>	
<b>Chapter 111</b>	<b>Corrosives Poisoning</b>	1039
	<i>Robert P. Dowsett and Kennon Heard</i>	
<b>Chapter 112</b>	<b>Heavy Metal Poisoning</b>	1045
	<i>Luke Yip</i>	
<b>Chapter 113</b>	<b>Hydrocarbon Poisoning</b>	1058
	<i>William J. Lewander and Alfred Aleguas, Jr.</i>	

<b>Chapter 114</b>	<b>Hydrofluoric Acid Poisoning</b>	1064
<i>Kennon Heard</i>		
<b>Chapter 115</b>	<b>Iron Poisoning</b>	1066
<i>Milton Tenenbein</i>		
<b>Chapter 116</b>	<b>Isoniazid Poisoning</b>	1071
<i>James B. Mowry and R. Brent Furbee</i>		
<b>Chapter 117</b>	<b>Lithium Poisoning</b>	1074
<i>Thanjira Jiranantakan and Kent R. Olson</i>		
<b>Chapter 118</b>	<b>Methylxanthine Poisoning</b>	1079
<i>Janetta L. Iwanicki</i>		
<b>Chapter 119</b>	<b>Opioid Poisoning</b>	1085
<i>Luke Yip and Robert P. Dowsett</i>		
<b>Chapter 120</b>	<b>Pesticide—Herbicide Poisoning</b>	1091
<i>William K. Chiang and Richard Y. Wang</i>		
<b>Chapter 121</b>	<b>Phencyclidine and Hallucinogen Poisoning</b>	1105
<i>Jennie A. Buchanan and Luke Yip</i>		
<b>Chapter 122</b>	<b>Salicylate and Other Nonsteroidal Anti-inflammatory Drug Poisoning</b>	1111
<i>Marco L. A. Sivilotti and Christopher H. Linden</i>		
<b>Chapter 123</b>	<b>Sedative-Hypnotic Agent Poisoning</b>	1119
<i>Andis Graudins and Dino Druda</i>		
<b>Chapter 124</b>	<b>Terrestrial Envenomations</b>	1126
<i>Robert Lee Norris</i>		
<b>Chapter 125</b>	<b>Therapeutic Agents for Overdoses and Poisonings</b>	1137
<i>Luke Yip, Susan E. Gorman, Jerry D. Thomas, and Ian M. Ball</i>		
<b>Chapter 126</b>	<b>Withdrawal Syndromes</b>	1152
<i>Paul M. Wax and Ashley Haynes</i>		

**Section 11****CRITICAL CARE CONSEQUENCES OF WEAPONS (OR AGENTS) OF MASS DESTRUCTION**

<b>Chapter 127</b>	<b>Planning and Organization for Emergency Mass Critical Care</b>	1163
<i>Ryan C. Maves, Mary A. King, Lawrence C. Mohr, Jr, and James Geiling</i>		
<b>Chapter 128</b>	<b>Chemical Agents of Mass Destruction</b>	1169
<i>James Geiling, Randy Wax, and Lawrence C. Mohr, Jr</i>		
<b>Chapter 129</b>	<b>The Management of Acute Radiation Casualties</b>	1179
<i>Arvind K. Sundaram, Mary Jane Reed, John Scott Parrish, James Geiling, and Lawrence C. Mohr, Jr</i>		
<b>Chapter 130</b>	<b>Critical Care Consequences of Weapons (or Agents) of Mass Destruction—Biological Agents of Mass Destruction</b>	1186
<i>Ryan C. Maves, Konrad L. Davis, Charles G. Volk, and Asha V. Devereaux</i>		

**Section 12****ICU DESIGN, ORGANIZATION, OPERATION, AND OUTCOME MEASURES**

<b>Chapter 131</b>	<b>Intensive Care Unit Design: Current Standards and Future Trends</b>	1211
<i>Diana C. Anderson and Neil A. Halpern</i>		
<b>Chapter 132</b>	<b>Intensive Care Unit Organization and Management</b>	1221
<i>Thomas L. Higgins and Jay S. Steinberg</i>		
<b>Chapter 133</b>	<b>Critical Care Information Systems: Structure, Function, and Future</b>	1231
<i>Joseph J. Frassica, Vitaly Herasevich, and Myron Michael Shabot</i>		

<b>Chapter 134</b>	<b>Defining and Measuring Patient Safety in the Critical Care Unit</b>	1239
	<i>Hayley B. Gershengorn, Steven Y. Chang, David E. Ost, Kelly L. Cervellione, and Alan M. Fein</i>	
<b>Chapter 135</b>	<b>Assessing the Value and Impact of Critical Care in an Era of Limited Resources: Outcomes Research in the ICU</b>	1249
	<i>Andrew F. Shorr, Marya D. Zilberberg, and Derek C. Angus</i>	

**Section 13****ENDOCRINE PROBLEMS IN THE INTENSIVE CARE UNIT**

<b>Chapter 136</b>	<b>Management of Hyperglycemia in Critically Ill Patients</b>	1259
	<i>Michael J. Thompson, David M. Harlan, Samir Malkani, and John P. Mordes</i>	
<b>Chapter 137</b>	<b>Diabetic Comas: Ketoacidosis and Hyperosmolar Hyperglycemic State</b>	1268
	<i>Samir Malkani, David M. Harlan, Michael J. Thompson, and John P. Mordes</i>	
<b>Chapter 138</b>	<b>Hypoglycemia</b>	1280
	<i>John P. Mordes, Michael J. Thompson, David M. Harlan, and Samir Malkani</i>	
<b>Chapter 139</b>	<b>Hypoadrenal Crisis and the Stress Management of the Patient on Chronic Steroid Therapy</b>	1295
	<i>Heather Elias and Neil Aronin</i>	
<b>Chapter 140</b>	<b>Disorders of Mineral Metabolism</b>	1298
	<i>Seth M. Arum</i>	
<b>Chapter 141</b>	<b>Severe Hyperthyroidism</b>	1304
	<i>Marjorie S. Safran</i>	
<b>Chapter 142</b>	<b>Myxedema Coma</b>	1307
	<i>Mira Sofia Torres and Charles H. Emerson</i>	
<b>Chapter 143</b>	<b>Nonthyroidal Illness Syndrome (Sick Euthyroid Syndrome) in the Intensive Care Unit</b>	1311
	<i>Shirin Haddady and Alan P. Farwell</i>	

**Section 14****NEUROLOGIC PROBLEMS IN THE INTENSIVE CARE UNIT**

<b>Chapter 144</b>	<b>An Approach to Neurologic Problems in the Intensive Care Unit</b>	1325
	<i>David A. Drachman</i>	
<b>Chapter 145</b>	<b>Evaluating the Patient with Altered Consciousness in the Intensive Care Unit</b>	1328
	<i>Raphael A. Carandang, Lawrence J. Hayward, and David A. Drachman</i>	
<b>Chapter 146</b>	<b>Metabolic Encephalopathy</b>	1340
	<i>Paula D. Ravin, Abdul Mikati, and Susanne Muehlschlegel</i>	
<b>Chapter 147</b>	<b>Mental Status Dysfunction in the Intensive Care Unit: Postoperative Cognitive Impairment</b>	1348
	<i>Joan M. Swearer and Elizabeth R. DeGrush</i>	
<b>Chapter 148</b>	<b>Generalized Anoxia/Ischemia of the Nervous System</b>	1351
	<i>Banu Sundar, Carol F. Lippa, and Majaz Moonis</i>	
<b>Chapter 149</b>	<b>Cerebrovascular Diseases</b>	1354
	<i>Richard P. Goddeau, Jr., John P. Weaver, and Majaz Moonis</i>	
<b>Chapter 150</b>	<b>Subarachnoid Hemorrhage</b>	1365
	<i>Ribal Bassil and Susanne Muehlschlegel</i>	
<b>Chapter 151</b>	<b>Status Epilepticus</b>	1372
	<i>Felicia C. Chu and Catherine A. Phillips</i>	

<b>Chapter 152</b>	<b>Guillain-Barré Syndrome</b>	1378
	<i>Isabelita R. Bella and David A. Chad</i>	
<b>Chapter 153</b>	<b>Myasthenia Gravis in the Intensive Care Unit</b>	1386
	<i>Isabelita R. Bella and Johnny S. Salameh</i>	
<b>Chapter 154</b>	<b>Newly Acquired Weakness in the Intensive Care Unit: Critical Illness Myopathy and Neuropathy</b>	1392
	<i>David A. Chad</i>	
<b>Chapter 155</b>	<b>Neuro-oncologic Problems in the Intensive Care Unit</b>	1395
	<i>Norman Scott Litofsky and Yaw Sarpong</i>	
<b>Chapter 156</b>	<b>Miscellaneous Neurologic Problems in the Intensive Care Unit</b>	1405
	<i>Max Mandelbaum and Ann L. Mitchell</i>	

## Section 15 PSYCHIATRIC ISSUES IN INTENSIVE CARE

<b>Chapter 157</b>	<b>Diagnosis and Treatment of Agitation and Delirium in the Intensive Care Unit Patient</b>	1413
	<i>Jason P. Caplan</i>	
<b>Chapter 158</b>	<b>Diagnosis and Treatment of Anxiety in the Intensive Care Unit Patient</b>	1421
	<i>Shelley A. Holmer and Robert M. Tighe</i>	
<b>Chapter 159</b>	<b>Diagnosis and Treatment of Depression in the Intensive Care Unit Patient</b>	1428
	<i>Edith S. Geringer, John Querques, Meghan S. Kolodziej, and Theodore A. Stern</i>	
<b>Chapter 160</b>	<b>Managing the Suicidal Patient in the Intensive Care Unit</b>	1440
	<i>Saori A. Murakami and Christina Massey</i>	
<b>Chapter 161</b>	<b>Problematic Behaviors of Patients, Family, and Staff in the Intensive Care Unit</b>	1443
	<i>Craig T. Usher</i>	
<b>Chapter 162</b>	<b>Recognition and Management of Staff Stress in the Intensive Care Unit</b>	1448
	<i>Guy Maytal</i>	

## PULMONARY PROBLEMS IN THE INTENSIVE CARE UNIT

<b>Chapter 163</b>	<b>Acute Respiratory Failure due to Acute Respiratory Distress Syndrome and Pulmonary Edema</b>	1453
	<i>Gilman B. Allen and Polly E. Parsons</i>	
<b>Chapter 164</b>	<b>Acute Respiratory Failure in Pregnancy</b>	1470
	<i>Christine Campbell-Reardon and Helen M. Hollingsworth</i>	
<b>Chapter 165</b>	<b>Extrapulmonary Causes of Respiratory Failure</b>	1486
	<i>Helen M. Hollingsworth and Richard S. Irwin</i>	
<b>Chapter 166</b>	<b>Invasive Mechanical Ventilation and Extracorporeal Life Support for Respiratory Failure</b>	1499
	<i>Rolando Sanchez Sanchez and Gregory A. Schmidt</i>	
<b>Chapter 167</b>	<b>Mechanical Ventilation—Part II: Non-Invasive Mechanical Ventilation for the Adult Hospitalized Patient</b>	1516
	<i>Nicholas S. Hill</i>	
<b>Chapter 168</b>	<b>Discontinuation of Mechanical Ventilation</b>	1532
	<i>Nicholas A. Smyrnios, Richard S. Irwin, and Rolf D. Hubmayr</i>	

<b>Chapter 169</b>	<b>Respiratory Adjunct Therapy</b>	1542
	<i>Scott E. Kopec, Ryan G. Shipe, and Richard S. Irwin</i>	
<b>Chapter 170</b>	<b>Aspiration</b>	1557
	<i>Kimberly A. Robinson and Richard S. Irwin</i>	
<b>Chapter 171</b>	<b>Drowning</b>	1562
	<i>Nicholas A. Smyrnios and Richard S. Irwin</i>	
<b>Chapter 172</b>	<b>Acute Exacerbation of Asthma</b>	1568
	<i>J. Mark Madison and Richard S. Irwin</i>	
<b>Chapter 173</b>	<b>Critical Care of Acute Exacerbations of COPD</b>	1581
	<i>Mark Weir and Gerard Criner</i>	
<b>Chapter 174</b>	<b>Pulmonary Hypertension in the Intensive Care Unit</b>	1589
	<i>Kimberly A. Fisher and Harrison W. Farber</i>	
<b>Chapter 175</b>	<b>Managing Hemoptysis</b>	1595
	<i>Paulo J. Oliveira, Kimberly A. Robinson, and Richard S. Irwin</i>	
<b>Chapter 176</b>	<b>Pleural Diseases of the Critically Ill Patient</b>	1604
	<i>Peter Doelken and John Terrill Huggins</i>	
<b>Chapter 177</b>	<b>Gas Embolism Syndromes</b>	1621
	<i>Mark M. Wilson</i>	
<b>Chapter 178</b>	<b>Acute Inhalation Injury</b>	1635
	<i>Anna Nolan, Michael D. Weiden, Lawrence C. Mohr, Jr, and David J. Prezant</i>	
<b>Chapter 179</b>	<b>Chest Radiographic Examination</b>	1650
	<i>Carole A. Ridge, Benedikt H. Heidinger, Jerry P. Balikian, and Diana E. Litmanovich</i>	
<b>Chapter 180</b>	<b>Severe Upper Airway Infections</b>	1673
	<i>Sumera R. Ahmad, Stephen J. Krinzman, Sunil Rajan, and Richard S. Irwin</i>	
<b>Chapter 181</b>	<b>Acute Infectious Pneumonia</b>	1686
	<i>Girish B. Nair and Michael S. Niederman</i>	
<b>Chapter 182</b>	<b>Interventional Pulmonary in the Intensive Care Unit</b>	1711
	<i>Andres F. Sosa and Paulo J. Oliveira</i>	
<b>Chapter 183</b>	<b>Sleep Issues in the Intensive Care Unit Setting</b>	1722
	<i>Biren B. Kamdar and Nancy A. Collop</i>	
<b>Chapter 184</b>	<b>Disorders of Temperature Control, Part I: Hypothermia</b>	1733
	<i>Mary Kathryn Steiner and Richard S. Irwin</i>	
<b>Chapter 185</b>	<b>Disorders of Temperature Control, Part II: Hyperthermia</b>	1748
	<i>Mary Kathryn Steiner and Richard S. Irwin</i>	

**Section 17****CARDIOVASCULAR PROBLEMS AND CORONARY CARE**

<b>Chapter 186</b>	<b>The Evolution of the Modern Cardiovascular Intensive Care Unit</b>	1763
	<i>Hannah Bensimhon and Jason N. Katz</i>	
<b>Chapter 187</b>	<b>ST-Segment Elevation Myocardial Infarction</b>	1768
	<i>Hurst M. Hall, David A. Morrow, and James A. de Lemos</i>	
<b>Chapter 188</b>	<b>Unstable Angina/Non-ST-Segment Elevation Myocardial Infarction, the Non-ST-Elevation Acute Coronary Syndromes</b>	1787
	<i>Michael G. Silverman and Marc S. Sabatine</i>	
<b>Chapter 189</b>	<b>Management of Common Arrhythmias in Intensive Care Unit</b>	1803
	<i>Niyada Naksuk, Vaibhav R. Vaidya, Omar Z. Yasin, and Samuel J. Asirvatham</i>	

<b>Chapter 190</b>	<b>Pharmacologic Management of Cardiogenic Shock and Hypotension</b>	1378
	<i>Michael M. Givertz and James C. Fang</i>	1821
<b>Chapter 191</b>	<b>Mechanical Complications of Myocardial Infarction</b>	1386
	<i>Christos Galatas and Annabel A. Chen-Tournoux</i>	1834
<b>Chapter 192</b>	<b>Valvular Heart Disease</b>	1394
	<i>Garrison C. Stewart and Patrick T. O'Gara</i>	1840
<b>Chapter 193</b>	<b>Acute Aortic Syndromes</b>	1402
	<i>Marc P. Bonaca</i>	1860
<b>Chapter 194</b>	<b>Management of Acute Decompensated Heart Failure</b>	1408
	<i>G. William Dec</i>	1876
<b>Chapter 195</b>	<b>Management of the Cardiac Arrest Survivor</b>	1416
	<i>Michael G. Silverman and Benjamin M. Scirica</i>	1886
<b>Chapter 196</b>	<b>Management of Cardiac Devices in the ICU</b>	1424
	<i>Melanie Maytin</i>	1892
<b>Chapter 197</b>	<b>Long-Term Mechanical Support for Advanced Heart Failure</b>	1432
	<i>Jonathan E. Holtz and Jeffrey J. Teuteberg</i>	1904

**Section 18****RENAL PROBLEMS IN THE INTENSIVE CARE UNIT**

<b>Chapter 198</b>	<b>Metabolic Acidosis and Metabolic Alkalosis</b>	1440
	<i>Robert M. Black and Jason M. Kurland</i>	1918
<b>Chapter 199</b>	<b>Disorders of Plasma Sodium and Plasma Potassium</b>	1448
	<i>Robert M. Black and Gary O. Noroian</i>	1929
<b>Chapter 200</b>	<b>Acute Kidney Injury in the Intensive Care Unit</b>	1456
	<i>Konstantin Abramov and Jahan Montague</i>	1951
<b>Chapter 201</b>	<b>Renal Replacement Therapy in the Intensive Care Unit</b>	1464
	<i>Matthew J. Trainor, Matthew A. Niemi, and Pang-Yen Fan</i>	1975
<b>Chapter 202</b>	<b>Drug Dosing in Renal and Hepatic Failure: A Pharmacokinetic Approach to the Critically Ill Patient</b>	1472
	<i>Brian S. Smith, Shusen Sun, Kyle Fraielli, and Reenu Nathan</i>	1987

**Section 19****GASTROINTESTINAL DISEASE PROBLEMS IN THE INTENSIVE CARE UNIT**

<b>Chapter 203</b>	<b>Upper and Lower Gastrointestinal Bleeding</b>	1478
	<i>Michael C. Bennett and C. Prakash Gyawali</i>	2007
<b>Chapter 204</b>	<b>Stress Ulcer Disease</b>	1486
	<i>Benjamin E. Cassell and C. Prakash Gyawali</i>	2016
<b>Chapter 205</b>	<b>Gastrointestinal Motility for the Critically Ill Patient</b>	1494
	<i>Filippo Cremonini and Anthony J. Lembo</i>	2021
<b>Chapter 206</b>	<b>Hepatic Dysfunction</b>	1502
	<i>Avegail G. Flores, Rajeev Ramgopal, and Mauricio Lisker-Melman</i>	2028
<b>Chapter 207</b>	<b>Evaluation and Management of Liver Failure</b>	1510
	<i>Avegail G. Flores, Britney M. Ramgopal, and Mauricio Lisker-Melman</i>	2042
<b>Chapter 208</b>	<b>Severe and Complicated Biliary Tract Disease</b>	1518
	<i>Tarek Abou Hamdan and Riad Azar</i>	2051
<b>Chapter 209</b>	<b>Acute Pancreatitis</b>	1526
	<i>Krunal Patel and Wahid Y. Wassef</i>	2055

<b>Chapter 210</b>	<b>Diarrhea</b>	2067
	<i>Julien Fahed, Benjamin Hyatt, Colin T. Swales, and Laura Harrell Raffals</i>	
<b>Chapter 211</b>	<b>Fulminant Colitis and Toxic Megacolon</b>	2074
	<i>Emanuelle A. Bellaguarda and Stephen B. Hanauer</i>	

## Section 20 METABOLISM/NUTRITION

<b>Chapter 212</b>	<b>Nutritional Therapy in the Critically Ill Patient</b>	2080
	<i>Dominic J. Nompleggi</i>	
<b>Chapter 213</b>	<b>Parenteral and Enteral Nutrition in the Intensive Care Unit</b>	2085
	<i>David F. Driscoll and Bruce R. Bistrian</i>	
<b>Chapter 214</b>	<b>Disease-Specific Nutrition</b>	2103
	<i>Diana Wells Mulherin, Alexis P. Calloway, Gay Graves, and Douglas L. Seidner</i>	
<b>Appendix</b>		2116
<b>Index</b>		2126

critical care ultrasonography encompasses any application of ultrasonography at the bedside for the diagnosis and management of critical care patients. In recognition of the importance of ultrasonography in critical care medicine, the editors of this textbook decided to integrate the subject into the textbook as far as possible. As relevant, the reader will find a section titled "Utility of Ultrasonography" that is written in collaboration with the chapter authors by a separate writing group, all of whom have been course leaders or senior faculty in the American College of Chest Physicians national critical care ultrasonography courses and all of whom use ultrasonography in daily critical care practice. Each ultrasonography section will connect to a video library coordinated with the chapter that can be called out for review while reading the text. By design, the ultrasonography sections of the book do not emphasize technical aspects of machine design and ultrasound physics. These are well summarized in standard ultrasonography textbooks. Rather, the emphasis is on procedure-specific clinical applications of ultrasonography that are immediately relevant to the frontline intensivist, and that are within their capability. The goal is to review those aspects of ultrasonography that a "typical" bedside intensivist would use on a routine basis. Complex aspects of ultrasonography are not part of the discussion, because they require expert level radiology and cardiology level capability.

At present, there is no national level certification process for critical care ultrasonography either in North America or any country in Europe. Competence is defined by local standards, so the intensivist has an important responsibility to seek out adequate training that focuses on achieving the standards defined in the Competence Statement. Some applications reviewed in this textbook are not mentioned in the Competence Statement, but have clinical utility. Competence in these is only assured by specific institutional standards. Critical care ultrasonography, once adopted by the active clinician, lends itself to an element of invention, local training effort, and adoption of techniques that are not initially widely used. One purpose of this textbook is to disseminate information on critical care ultrasonography that is not defined in the Competence Statement.

## Machine Requirements

High-quality portable ultrasonography machines are widely available. Their cost is not prohibitive when compared to alternatives, such as computerized tomography (CT), and their operating costs are low. In addition, a team that uses ultrasonography as its primary imaging tool reduces utilization of other standard imaging methods [3]; this accrues cost savings, because more expensive imaging modalities are not used as often. Most recent generation machines have good image quality (with a few exceptions), so purchase decision should be predicated on other factors. Some key questions to consider include the following:

1. Is the machine durable? Can the machine be dropped, can the transducers be dropped, and is it impervious to fluid spills?
2. What is the service record of the company? Is the cost of the service contract included in the price of the machine, or is the machine a "loss leader" that requires an expensive service contract in addition? What is the turnaround time for service?
3. Is the machine easy to operate? What is the turn-on time? Is the control surface simple and easy to operate? Is there well-designed memory capability that uses a widely accepted video image format?
4. Is the machine truly portable? Can it be easily removed from the stand for situations that require a hand-carried device? What is the footprint of the stand?
5. Can the machine and probes be easily and safely cleaned with disinfecting fluids?

The intensive care unit (ICU) machine requires two probes. The linear vascular probe is high frequency, so that it has excellent resolution, but poor penetration. This makes it ideal
