LIST OF TABLES

1.1	Online, print, radio and TV news discourse	3
1.2	A guide to theoretical approaches to the study of news discourse	12
2.1	Producer roles	22
2.2	Producers of language and image, their roles and labels	24
2.3	Audience roles	25
2.4	Sample advertisements in the <i>Ottawa Sun</i> and the <i>Globe and Mail</i>	27
2.5	A comparison of daily audience figures for print and online news media	35
3.1	Categorizing news 'values'	41
3.2	News values summary	41
3.3	Associations with Australia	50
3.4	Summary of linguistic resources that can be used to construe news values	55
3.5	'O'Donnell to address D.C. parley', <i>Washington Times</i>	64
3.6	'George Michael jailed for drug-driving crash', <i>Guardian</i>	66
3.7	'I went to bed with a migraine and woke up with a French accent', <i>Daily Mail</i>	75
4.1	Key nouns and adjectives in UK news discourse	86
4.2	Types of reported speech	92
4.3	Reporting expressions	93
4.4	Structure of the 'fire story' from the <i>Boston Herald</i>	99
4.5	News headlines from around the world	102

4.6	Verbs in the headlines	103
4.7	Radio and TV 'headlines'	105
4.8	Different ways of structuring the news	106
5.1	Timeline of technological advancements	113
5.2	Categories for analysing intersemiotic relations	121
5.3	Examples of overlap in text-image relations in moving images	122
5.4	An example of displacement in text-image relations in moving images	123
5.5	An example of dichotomy in text-image relations in moving images	123
5.6	An example of a zoom-in shot sequence, from Overview to Detail	124
5.7	Examples of overlap in image/headline relations	128
5.8	Image/body text relations in 'Children OK, jake injured in blaze', <i>Boston Herald</i>	130
5.9	An example of overlap in image/body text relations	131
5.10	Inter- and intrasemiotic relations in the online news gallery	133
6.1	Bases of information	149
7.1	Key terminology for discussing composition and the <i>Balance Framework</i>	164
7.2	Examples of typical <i>isolating</i> and <i>iterating</i> compositional configurations	165
7.3	Examples of the <i>isolating</i> compositional configurations	166
7.4	Iterating images demonstrating two or more than two elements	168
7.5	Examples of the <i>iterating</i> , <i>dividing</i> compositional configurations	169
7.6	Examples of the <i>iterating</i> , <i>serialising</i> compositional configurations	171
7.7	Iterating images demonstrating more or less visual stimulation	172
7.8	Unbalanced images and rebalancing effects	174

8.1	General quantitative results on the stand-alone corpus	184
8.2	Stories sourced from agencies (63 per cent)	185
8.3	Pointers to evaluations in the caption text in stand-alones, <i>Sydney Morning Herald</i>	187
8.4	Pointers to evaluations in the headline text in stand-alones, <i>Sydney Morning Herald</i>	188
8.5	Two 'soft news' stand-alone stories about the <i>Oktoberfest</i>	190
8.6	Two 'hard news' stand-alone stories about the environment	192
9.1	Data collection from BBC/ABC for the case study	199
9.2	Screenshots of BBC <i>One-minute World News</i> and ABC <i>News in 90 Seconds</i>	200
9.3	Transcript of the ABC's <i>News in 90 Seconds</i> video summary	201
9.4	Transcript of the BBC's <i>One-minute World News</i> video summary	202
9.5	Barack Obama's address with its recontextualization in the BBC and ABC bulletins	208
9.6	The structure of the BBC and ABC segments (language only)	210
A1.1	Potential resources for construing news values through language and image	219
A1.2	Parameters of evaluation and examples	224
A1.3	News media outlets	226
1	Categories of reporting expressions recognized in Bednarek (2010)	232
2	Sources quoted in the <i>Wall Street Journal</i> news story	238

LIST OF FIGURES

1.1	The <i>New York Times</i> , World section	15
2.1	The 'communicative context' of news	20
2.2	Producer roles as part of the news story cycle	22
2.3	News presenter Jessica Yellin as a hologram on CNN	23
2.4	The complexity of audience roles	26
2.5	Email alerts – one method of sharing news stories	32
2.6	A screen shot of a 'news' bulletin on Channel Seven	34
3.1	News values, the communicative context and the construction of text	45
3.2	Concordance lines demonstrating Novelty in a news story	47
3.3	Front pages on the killing of Osama bin Laden	48
3.4	An image construing the news values of Superlativeness, Negativity and Personalization	60
3.5	'Bloody end to chase', <i>Daily Telegraph</i> (Australia)	62
3.6	'A fiesta for history, the future', <i>Chicago Tribune</i>	65
3.7	'Berlusconi's pep talk to the gold diggers of the world', <i>Globe and Mail</i>	67
3.8	Online news gallery image sequence	69
3.9	'Dissident quizzed over murder of criminal', <i>Irish Independent</i>	70
3.10	'Firefighters contain industrial blaze', <i>New Zealand Herald</i>	72
3.11	'Wild', <i>New York Post</i>	73

3.12	'Calendar boys Businessmen bare all for charity', <i>Irish Independent</i>	75
3.13	'Miners vie to be last man out as rescue tests begin', <i>Irish Independent</i>	77
3.14	'Tragic case of elder abuse', <i>Ottawa Sun</i>	79
3.15	'Oh deer, it's turned out cold again', <i>Daily Telegraph</i> (UK)	81
4.1	The structure of a 'typical' hard news story	97
4.2	The <i>Irish Times</i> (online)	104
5.1	Story packaging – the evolution of news print from text-dominance to image-dominance	111
5.2	Front pages on the killing of Osama bin Laden	118
5.3	'Children OK, jake injured in blaze', <i>Boston Herald</i>	125
6.1	Parameters of evaluation	139
7.1	Visual representations of the Golden Ratio, Rule of Thirds and Dynamic Asymmetry	162
7.2	The hand creates a golden section in relation to the arm	162
7.3	The <i>Balance Framework</i>	164
7.4	A well-balanced image taken in difficult circumstances	177
7.5	A dramatic event that is also construed as 'beautiful' through composition and aesthetic appeal	178
7.6	An example stand-alone dominates the page	179
8.1	'Dry hard with a vengeance': An example stand-alone story	182
8.2	Compositional configurations in stand-alones from the <i>Sydney Morning Herald</i>	186

INDEX

- addressee *see* audience
- adverbials 52, 89, 205
- advertising,
 - advertising revenue 29, 30, 32, 33
