<i>Preface</i>	iii
<i>Scope and Purpose</i>	ix

PART 1: Context and Setting

1 Brief History of Grassland Utilization and Its Significance to Humans	3
<i>Victor R. Squires and Haiying Feng</i>	

PART 2: Grasslands of the Palaearctic Region

2 Palaearctic Grasslands in Transition: Overarching Patterns and Future Prospects	15
<i>Péter Török and Jürgen Dengler</i>	
3 Grasslands of Western and Northern Europe—Between Intensification and Abandonment	27
<i>Jürgen Dengler and Sabine Tischew</i>	
4 Grasslands, their Threats and Management in Eastern Europe	64
<i>Péter Török, Monika Janišová, Anna Kuzemko, Solvita Rūsiņa and Zora Dajić Stevanović</i>	
5 Grasslands of the Mediterranean Basin and the Middle East and their Management	89
<i>Didem Ambarlı, Michael Vrahnakis, Sabina Burrascano, Alireza Naqinezhad and Manuel Pulido Fernández</i>	
6 Land Use of Natural and Secondary Grasslands in Russia	113
<i>Jennifer S.F. Reinecke, Ilya E. Smelansky, Elena I. Troeva, Ilya A. Trofimov and Lyudmila S. Trofimova</i>	
7 Grasslands of Kazakhstan and Middle Asia: Ecology, Conservation and Use of a Vast and Globally Important Area	139
<i>Tatyana M. Bragina, Arkadiusz Nowak, Kim André Vanselow and Viktoria Wagner</i>	
8 Grasslands of China and Mongolia: Spatial Extent, Land Use and Conservation	168
<i>Martin Pfeiffer, Choimaa Dulamsuren, Yun Jäschke and Karsten Wesche</i>	

- 9 Grassland Biodiversity in Japan: Threats, Management and Conservation** 197
Atushi Ushimaru, Kei Uchida and Takeshi Suka

PART 3: Grasslands of Other Biogeographic Regions: Problems and Prospects

- 10 Rangelands/Grasslands of India: Current Status and Future Prospects** 221
Devendra R. Malaviya, Ajoy Kumar Roy and Pankaj Kaushal
- 11 North American Grasslands and Biogeographic Regions** 239
Paul F. Starrs, Lynn Huntsinger and Sheri Spiegel
- 12 Southern African Grassland in an Era of Global Change** 273
Graham Paul von Maltitz
- 13 Grasslands of Eastern Africa: Problems and Prospects** 293
Dennis O. Otieno and Jenesio I. Kinyamario
- 14 Grasslands in South America: Nature and Extent in Relation to Provision of
Ecosystem Services** 319
Cesar Morales
- 15 Grasslands in Australia: An Overview of Current Status and Future Prospects** 338
Zhongnan Nie and David Chapman

PART 4: Concluding Remarks and Summing Up

- 16 Climatic Change on Grassland Regions and Its Impact on Grassland-based
Livelihoods in China** 355
Limin Hua, Yujie Niu and Victor Squires
- 17 Future Prospects of Grasslands and Ranching on the North American Scene** 369
Paul F. Starrs and Lynn Huntsinger
- 18 What Future for the World's Grasslands Under Global
(not only Climate) Change?** 390
Victor R. Squires, Haying Feng and Limin Hua
