

TABLE OF CONTENTS

1	INTRODUCTION.....	5
2	FUNGAL CELL WALL AND ITS SIGNIFICANCE FOR TOXIC METAL(LOID)S IMMOBILIZATION	5
2.1	Biosorption.....	8
2.2	Evaluation of uptake kinetics and sorption properties of fungal biomass	10
3	ASSESSMENT OF FUNGAL GROWTH INHIBITION IN PRESENCE OF POTENTIALLY TOXIC METALS AND METALLOIDS.....	14
4	EXTRACELLULAR RESISTANCE MECHANISMS OF FILAMENTOUS FUNGI TO TOXIC METALS.....	15
4.1	Biobleaching	17
5	BIOACCUMULATION.....	19
6	BIOVOLATILIZATION OF METALS AND METALLOIDS	21
7	CONCLUDING REMARKS	23
8	REFERENCES.....	24
