

Contents

Preface	vii
Acknowledgments	ix

Chapter 1 THE CELL 1

Plate 1	Typical Cell	4
2	Cell Organelles and Inclusions	6
3	Cell Surface Modifications	8
4	Mitosis, Light and Electron Microscopy	10
5	Typical Cell, Electron Microscopy	12
6	Nucleus and Cytoplasm, Electron Microscopy	14
7	Nucleus and Cytoplasm, Electron Microscopy	15
8	Golgi Apparatus, Electron Microscopy	16
9	Mitochondria, Electron Microscopy	17

Chapter 2 EPITHELIUM AND GLANDS 18

Plate 1	Simple Epithelia and Pseudostratified Epithelium	20
2	Stratified Epithelia and Transitional Epithelium	22
3	Pseudostratified Ciliated Columnar Epithelium, Electron Microscopy	24
4	Epithelial Junctions, Electron Microscopy	26
5	Glands	28
6	Glands	30
	Histologic Summary	32

Chapter 3 CONNECTIVE TISSUE 34

Plate 1	Embryonic and Connective Tissue Proper I	36
2	Connective Tissue Proper II	38
3	Connective Tissue Proper III	40
4	Fibroblasts and Collagen, Electron Microscopy	42
5	Mast Cell, Electron Microscopy	43
6	Mast Cell Degranulation, Electron Microscopy	44
7	Developing Fat Cell, Electron Microscopy	45
	Histologic Summary	46

Chapter 4	CARTILAGE AND BONE	49
Plate 1	Embryonic and Hyaline Cartilages	52
2	Elastic and Fibrocartilages	54
3	Compact Bone	56
4	Compact Bone and Intramembranous Ossification	58
5	Endochondral Ossification	60
6	Endochondral Ossification	62
7	Hyaline Cartilage, Electron Microscopy	64
8	Osteoblasts, Electron Microscopy	65
9	Osteoclast, Electron Microscopy	66
	Histologic Summary	67
Chapter 5	BLOOD AND HEMOPOIESIS	69
Plate 1	Circulating Blood	71
2	Circulating Blood	72
3	Hemopoiesis	74
4	Bone Marrow and Circulating Blood	76
5	Erythropoiesis	78
6	Granulocytopoiesis	79
	Histologic Summary	80
Chapter 6	MUSCLE	82
Plate 1	Skeletal Muscle	84
2	Skeletal Muscle, Electron Microscopy	86
3	Myoneural Junctions, Light and Electron Microscopy	88
4	Myoneural Junction, Scanning Electron Microscopy	90
5	Muscle Spindle, Light and Electron Microscopy	91
6	Smooth Muscle	92
7	Smooth Muscle, Electron Microscopy	94
8	Cardiac Muscle	96
9	Cardiac Muscle, Electron Microscopy	98
	Histologic Summary	99
Chapter 7	NERVOUS TISSUE	100
Plate 1	Spinal Cord	102
2	Cerebellum, Synapse, Electron Microscopy	104
3	Cerebrum, Neuroglial Cells	106
4	Sympathetic Ganglia, Sensory Ganglia	108
5	Peripheral Nerve, Choroid Plexus	110
6	Peripheral Nerve, Electron Microscopy	112
7	Neuron Cell Body, Electron Microscopy	114
	Histologic Summary	115
Chapter 8	CIRCULATORY SYSTEM	117
Plate 1	Elastic Artery	120
2	Muscular Artery, Vein	122
3	Arterioles, Venules, Capillaries, Lymph Vessels	124
4	Heart	126

5	Capiillary, Electron Microscopy	128
6	Freeze Etch, Fenestrated Capillary, Electron Microscopy . . .	129
	Histologic Summary	130
Chapter 9	LYMPHATIC TISSUE	132
Plate 1	Lymphatic Infiltration, Lymphatic Nodule	134
2	Lymph Node	136
3	Lymph Node, Tonsils	138
4	Lymph Node, Electron Microscopy	140
5	Thymus	142
6	Spleen	144
	Histologic Summary	146
Chapter 10	ENDOCRINE SYSTEM	149
Plate 1	Pituitary Gland	152
2	Pituitary Gland	154
3	Thyroid Gland, Parathyroid Gland	156
4	Suprarenal Gland	158
5	Suprarenal Gland, Pineal Body	160
6	Pituitary Gland, Electron Microscopy	162
7	Pituitary Gland, Electron Microscopy	163
	Histologic Symmary	164
Chapter 11	INTEGUMENT	166
Plate 1	Thick Skin	168
2	Thin Skin	170
3	Hair Follicles and Associated Structures, Sweat Glands	172
4	Nail, Pacinian, and Meissner's Corpuscles	174
5	Sweat Gland, Electron Microscopy	176
	Histologic Summary	177
Chapter 12	RESPIRATORY SYSTEM	179
Plate 1	Olfactory Mucosa, Larynx	182
2	Trachea	184
3	Respiratory Epithelium and Cilia, Electron Microscopy	186
4	Bronchi, Bronchioles	188
5	Lung Tissue	190
6	Blood-Air Barrier, Electron Microscopy	192
	Histologic Summary	193
Chapter 13	DIGESTIVE SYSTEM I	195
Plate 1	Lip	196
2	Tooth, Periodontal Ligament, Pulp	198
3	Tooth Development	200
4	Tongue	202
5	Tongue and Palate	204
	Histologic Summary	206

Chapter 14	DIGESTIVE SYSTEM II	208
Plate 1	Esophagus	210
2	Stomach	212
3	Stomach	214
4	Duodenum	216
5	Jejunum, Ileum	218
6	Colon, Appendix	220
7	Colon, Electron Microscopy	222
8	Colon, Scanning Electron Microscopy	223
	Histologic Summary	224
Chapter 15	DIGESTIVE SYSTEM III	227
Plate 1	Salivary Glands	228
2	Pancreas	230
3	Liver	232
4	Liver, Gallbladder	234
5	Salivary Gland, Electron Microscopy	236
6	Liver, Electron Microscopy	238
7	Islet of Langerhans, Electron Microscopy	239
	Histologic Summary	240
Chapter 16	URINARY SYSTEM	242
Plate 1	Kidney, Survey and General Morphology	244
2	Renal Cortex	246
3	Glomerulus, Scanning Electron Microscopy	248
4	Renal Corpuscle, Electron Microscopy	249
5	Renal Medulla	250
6	Ureter and Urinary Bladder	252
	Histologic Summary	254
Chapter 17	FEMALE REPRODUCTIVE SYSTEM	256
Plate 1	Ovary	258
2	Ovary and Corpus Luteum	260
3	Ovary and Oviduct	262
4	Oviduct, Light and Electron Microscopy	264
5	Uterus	266
6	Uterus	268
7	Placenta and Vagina	270
8	Mammary Gland	272
	Histologic Summary	274
Chapter 18	MALE REPRODUCTIVE	276
Plate 1	Testis	278
2	Testis and Epididymis	280
3	Epididymis, Ductus Deferens, and Seminal Vesicle	282
4	Prostate, Penis, and Urethra	284
5	Epididymis, Electron Microscopy	286
	Histologic Summary	288

Chapter 19	SPECIAL SENSES	290
Plate 1	Eye, Cornea, Sclera, Iris, and Ciliary Body	292
2	Retina, Light and Scanning Electron Microscopy	294
3	Fovea, Lens, Eyelid and Lacrimal Gland	296
4	Inner Ear	298
5	Cochlea	300
6	Spiral Organ of Corti	302
	Histologic Summary	304
Index		307
