

# CONTENTS

## Section I Basic Techniques

- CHAPTER 1 SURGICAL INCISIONS 3  
Hiroshi Seki and Dai Une
- CHAPTER 2 CANNULATION TECHNIQUES FOR CARDIOPULMONARY BYPASS 14  
Hadi Toeg and Fraser D. Rubens

## Section II Operations for Coronary Artery Disease

- CHAPTER 3 ON-PUMP CORONARY ARTERY BYPASS GRAFTING 33  
Frank W. Sellke and Neel R. Sodha
- CHAPTER 4 OFF-PUMP CORONARY ARTERY BYPASS GRAFTING 49  
Igo B. Ribeiro, Juan B. Grau, Jacqueline H. Fortier, and David Glineur
- CHAPTER 5 MINIMALLY INVASIVE CORONARY ARTERY BYPASS GRAFTING 70  
Maria Lorena Rodriguez and Marc Ruel
- CHAPTER 6 HYBRID CORONARY REVASCULARIZATION 83  
Bob Kiaii, Vincenzo Giamb Bruno, Patrick Teefy, Michael W.A. Chu, and Kumar Sridhar
- CHAPTER 7 ROBOTIC CORONARY ARTERY BYPASS GRAFTING 103  
Johannes Bonatti, Faisal Hasan, Dominique Prud'Homme, and Stephanie Mick
- CHAPTER 8 POSTINFARCTION VENTRICULAR SEPTAL DEFECT REPAIR 114  
Sharven Taghavi, Abeel A. Mangi, and Arvind K. Agnihotri

## Section III Operations for Valvular Heart Disease

- CHAPTER 9 AORTIC VALVE REPLACEMENT 129  
Afshin Ehsan and Frank W. Sellke
- CHAPTER 10 MINIMALLY INVASIVE, MINI-THORACOTOMY AORTIC VALVE REPLACEMENT 140  
Joseph Lamelas
- CHAPTER 11 AORTIC ROOT ENLARGEMENT TECHNIQUES 156  
John R. Doty, Sajjad Raza, and Joseph F. Sabik III
- CHAPTER 12 AORTIC VALVE REPAIR 177  
Maria Lorena Rodriguez, Gebrine El Khoury, and Munir Boodhwani
- CHAPTER 13 AORTIC VALVE-SPARING OPERATIONS 199  
Tirone E. David
- CHAPTER 14 BENTALL PROCEDURE 215  
Richard Jay Shemin
- CHAPTER 15 SURGERY OF THE LEFT HEART VALVE INFECTIVE ENDOCARDITIS 225  
Gösta B. Pettersson and Syed Tarique Hussain
- CHAPTER 16 TRANSCATHETER AORTIC VALVE REPLACEMENT 242  
Mani Arsalan, Won-Keun Kim, and Thomas Walther

| CHAPTER 17 | ROSS PROCEDURE                                                                               | 260 |  |
|            | Craig J. Baker, S. Ram Kumar, and Vaughn A. Starnes                                          |     |  |
| CHAPTER 18 | REPAIRING DEGENERATIVE MITRAL VALVE DISEASE                                                  | 269 |  |
|            | Michael J. Paulsen, Andrew B. Goldstone, and Y. Joseph Woo                                   |     |  |
| CHAPTER 19 | MITRAL VALVE REPLACEMENT                                                                     | 306 |  |
|            | Zhaozhuo Niu, Thierry G. Mesana, Marc Ruel, and Vincent Chan                                 |     |  |
| CHAPTER 20 | MINIMALLY INVASIVE MITRAL VALVE SURGERY:<br>PARTIAL STERNOTOMY APPROACH                      | 332 |  |
|            | Gurjyot Bajwa and Tomislav Mihaljevic                                                        |     |  |
| CHAPTER 21 | ROBOTIC MITRAL VALVE SURGERY                                                                 | 347 |  |
|            | Hoda Javadikagari, A. Marc Gillinov, Stephanie Mick, Tomislav Mihaljevic, and Rakesh M. Suri |     |  |
| CHAPTER 22 | PERCUTANEOUS MITRAL VALVE REPAIR TECHNIQUES                                                  | 364 |  |
|            | Julian Dahl and Gorav Ailawadi                                                               |     |  |
| CHAPTER 23 | TRICUSPID VALVE OPERATIONS                                                                   | 384 |  |
|            | Elsayed Elmistekawy and Thierry G. Mesana                                                    |     |  |

## Section IV Operations for Aortic Disease

|            |                                                                                                 |     |  |
|------------|-------------------------------------------------------------------------------------------------|-----|--|
| CHAPTER 24 | TYPE A AORTIC DISSECTION                                                                        | 409 |  |
|            | Hlal Moncef and François Dagenais                                                               |     |  |
| CHAPTER 25 | AORTIC ARCH ANEURYSMS                                                                           | 424 |  |
|            | Walter F. DeNino and John S. Ikonomidis                                                         |     |  |
| CHAPTER 26 | THORACOABDOMINAL ANEURYSMS                                                                      | 438 |  |
|            | Ourania Preventza, Jessica G.Y. Luc, Scott A. LeMaire, and Joseph S. Coselli                    |     |  |
| CHAPTER 27 | THORACIC ENDOVASCULAR AORTIC REPAIR FOR DESCENDING THORACIC<br>AORTIC AND AORTIC ARCH ANEURYSMS | 455 |  |
|            | Ibrahim Sultan, Joseph E. Bavaria, and Wilson Y. Szeto                                          |     |  |

## Section V Miscellaneous Operations

|            |                                                                      |     |  |
|------------|----------------------------------------------------------------------|-----|--|
| CHAPTER 28 | SURGERY FOR ATRIAL FIBRILLATION                                      | 479 |  |
|            | Hoda Javadikagari, Edward G. Soltesz, and A. Marc Gillinov           |     |  |
| CHAPTER 29 | SURGERY FOR HYPERTROPHIC CARDIOMYOPATHY                              | 489 |  |
|            | Dustin Hang and Hartzell V. Schaff                                   |     |  |
| CHAPTER 30 | SURGERY FOR LEFT VENTRICULAR ANEURYSM AND REMODELING                 | 505 |  |
|            | Ravi K. Ghanta and Irving L. Kron                                    |     |  |
| CHAPTER 31 | APPROACHES AND TECHNIQUES FOR EXTRACORPOREAL MEMBRANE<br>OXYGENATION | 520 |  |
|            | Hadi Toeg, David Glineur, and Sophie De Roock                        |     |  |
| CHAPTER 32 | VENTRICULAR ASSISTANCE AND SUPPORT                                   | 531 |  |
|            | Garrett Cohan and Christopher Sciortino                              |     |  |
| CHAPTER 33 | HEART TRANSPLANTATION                                                | 546 |  |
|            | Vivek Rao                                                            |     |  |
| CHAPTER 34 | CHRONIC THROMBOEMBOLIC PULMONARY HYPERTENSION                        | 566 |  |
|            | Gus J. Vlahakes and Cameron D. Wright                                |     |  |
|            | INDEX                                                                | 579 |  |

# VIDEO CONTENTS

- CHAPTER 4 OFF-PUMP CORONARY ARTERY BYPASS GRAFTING  
LAD Exposure  
Sling Technique for Lateral Wall Exposure  
Shunt Insertion
- CHAPTER 5 MINIMALLY INVASIVE CORONARY ARTERY BYPASS GRAFTING  
Opening  
Identifying and Avoiding the Phrenic Nerve  
Pericardial Traction of Aortic Aneurysm  
Aortic Presentation  
Proximal Anastomoses  
Apical Positioner  
Distals  
Distals B  
Closure  
Distal Anastomoses
- CHAPTER 12 AORTIC VALVE REPAIR  
Assessment of Valve Prolapse  
Cusp Prolapse Repair  
Subcommissural Annuloplasty
- CHAPTER 22 PERCUTANEOUS MITRAL VALVE REPAIR TECHNIQUES  
Echocardiographic Clip of Degenerative Mitral Regurgitation (DMR) Caused by a Flail Leaflet  
MitraClip System IAS Perforation  
MitraClip Leaflet Capture  
MitraClip Creation of the Double Orifice
- CHAPTER 26 THORACOABDOMINAL ANEURYSMS  
Use of a Prefabricated Branch Graft to Reattach Visceral Arteries
- CHAPTER 32 VENTRICULAR ASSISTANCE AND SUPPORT  
Implementation of Left Ventricular Assist Device
