List of figures	5
List of tables	6
List of abbreviations and symbols	7
Introduction	10
Purpose	11
1 Review of literature	12
1.1 Milk and its nutritional benefits.....	12
1.2 Beta-casein.....	15
1.3 Milk proteins as a source of active peptides.....	18
1.3.1 Beta-casomorphins.....	22
1.3.1.1 Beta-casomorphin 7 (BCM-7).....	24
1.3.1.2 Beta-casomorphin 7 and human diseases.....	26
1.4 The A2 Corporation Limited.....	32
1.5 Beta-casein and cattle breeding.....	33
2 Methodology	34
2.1 Materials.....	34
2.2 Data.....	35
2.3 Molecular-genetics analysis.....	36
2.3.1 Genomic DNA extraction.....	36
2.3.2 Molecular-genetic methods.....	37
2.4 Population Analysis.....	40
2.5 Statistical data analysis.....	43
3 Results and Discussion	46
3.3 Molecular-genetics analysis.....	46
3.4 Population analysis.....	53
3.5 Statistical data analysis.....	58
Conclusion	72
Reference list	73
