

PREFACE	5
1) INTRODUCTION	7
1.1 Geological map	7
1.2 Types of geological and thematic maps	8
2) TOPOGRAPHIC BASE MAP	9
2.1 Characteristics of the topographic map	9
2.2 Coordinate systems	10
2.3 Magnetic declinations	12
3) REMOTE SENSING IN GEOLOGICAL MAPPING	13
3.1 Digital elevation models (DEMs)	13
3.2 Tectonic interpretation of remotely sensed data	15
3.3 Optical imagery	16
4) PARTS OF THE GEOLOGICAL MAP	20
4.1 Geological map	21
4.2 Legend (Key)	21
4.3 Text information	22
4.4 The lithostratigraphic scheme	22
4.5 The geological cross-section	23
4.6 List of authors	23
4.7 Summary of the geological units	23
4.8 Map sheet index	23
5) DATA SOURCE	24
5.1 Field data	24
5.2 Laboratory data	25
5.3 Palaeontology	28
5.4 Data archive	29
6) GEOLOGICAL FIELD TECHNIQUES	31
6.1 Localization	31
6.2 Rock and lithological description	33
6.3 Tectonics	34
6.4 Sampling	39
6.5 Illustrations and photographs	39
7) COMPILATION OF GEOLOGICAL MAP	41
7.1 Legend	41

7.2	Elements of geological map	42
7.3	The lithostratigraphic scheme	46
7.4	Fair copy map	46
8)	EXPLANATION NOTES TO GEOLOGICAL MAP	49
8.1	Title page, contents and abstract.....	49
8.2	Introduction	49
8.3	Main body	50
8.4	Reference	54
8.5	Appendix	54
9)	HYDROGEOLOGICAL MAP	55
9.1	Components of hydrogeological map.....	55
9.2	Hydrochemical map and scheme	59
9.3	Data for hydrogeological mapping.....	60
9.4	Explanatory notes to the hydrogeological map.....	65
10)	GEOLOGICAL RISKS AND GEOMORPHOLOGY MAP	69
10.1	Desktop study.....	69
10.2	Field data collection	70
10.3	Synthesis and transformation of data to general geo-hazard map.....	72
10.4	Explanatory note to the geo-hazard map.....	72
11)	SOIL MAP.....	75
11.1	Soil survey	75
11.2	Soil description and classification	76
11.3	Compilation of soil map	78
APPENDIXES		81
Appendix 1		
Symbols used in build of geological index.....		81
Appendix 2		
The most common geological map symbols.....		87
Appendix 3		
Rocks classification and lithological description		88
Appendix 4		
Symbology in hydrogeological map.....		101
Appendix 5		
Symbology in geohazard map		106
Appendix 6		
Recommended codes for the Reference Soil Groups, qualifiers and specifiers ...		107
